Murry Wilson, Environmental Resource Specialist
County of San Luis Obispo
Department of Planning and Building
976 Osos Street, Room 300
San Luis Obispo, CA 93408-2040

Dear Murry Wilson:

It is with great pride and confidence that I write a letter on behalf of the Phillips 66 Santa Maria Refinery Rail Project. I, along with the entire Cuesta College Athletics Department, have had a longtime positive relationship with the Phillips 66 Santa Maria Facility.

Phillips 66, along with their many employees, has been a dedicated, generous supporter of Cuesta College for many years. They have been the major sponsor of our annual Women's Basketball Tournament for the past 30 years, along with additional financial support to our 15-intercollegiate sports teams.

I have always been impressed with the generous support that Phillips 66 has given back to the community. They continue to be valuable supporters of many educational institutions, along with many other local organizations within Santa Maria and San Luis Obispo Counties.

I fully support the Phillips 66 Santa Maria Refinery Rail Project. It is with my utmost confidence of the Santa Maria Facility, that it will be a beneficial project, not only for the Refinery, but for the entire community. I believe the rail project will allow the Refinery to operate cost efficiently and at full capacity, especially in today's changing marketplace. I also know that the Facility has received many commendations over the years for "Safety", which I believe will be an important component of this project. I firmly believe that Phillips 66 will strive to continue their exemplary safety reputation.

Again, I have the utmost trust that this project will be beneficial to both Santa Maria and San Luis Obispo County. If you would like further information, please feel free to contact me at (805) 546-3207.

Sincerely,

Robert Mariucci
Director of Athletics
Cuesta College
