Dear Mr. Wilson:

The Lucia Mar Unified School District enjoys community partnerships with many businesses and employers in our county. Our relationship with the Santa Maria Refinery has been especially beneficial to the students of our district.

For many decades, the refinery administration and its employees have supported programs and education efforts with both volunteer time and direct funding. We also know that many of our parents are employees of Phillips 66 Santa Maria Refinery. The refinery is a strong supporter of scholarship and encourages volunteerism in our schools.

We understand the refinery is seeking approval for the Santa Maria Refinery Rail Project. This letter is offered in acknowledgement of the partnership and support our school district receives from our relationship.

Sincerely,

Jim Hogeboom
Superintendent
