Subject: Phillip's Rail

Supervisor Ray, Mr. Wilson,

My husband and I agree with everything our neighbor, Martin Akel has said in his correspondence to you. It would be devastating if Phillip's is allowed to go ahead with this Rail system. It is bad enough we are putting up with the odor coming from their facility, the added rail system is not only dangerous but noisy. I hear a train at night as it is. Please help us hear at Trilogy.

MJ-1

We appreciate all your help.

Sincerely, Donald and Jacklyn Mossette
