

Dear Mr. Wilson,

Nov. 18, 2014

I am writing to express my deep concern, as a resident of the Bay Area, about the Phillips 66 project's proposed oil rail. This is NOT the direction we should be going in in regards to energy & the risks to our communities across California are unacceptable!

We are NOT prepared for the <sup>significant & ~~un~~unnece-
ssary</sup> emergencies that the EIR's predict could happen ^(unavoidable) and we don't want / refuse the extra emissions* that lead to public health WSTs.

Please, I urge you to reject the Phillips 66 proposed rail spur. 2270 32nd ave.
Respectfully, Jennifer Kim San Francisco
