Subject: Oppose Phillips 66 Rail Terminal project

1438 Vicki Lane
Nipomo, CA 93444
11/23/14

Mr. Murry Wilson
SLO County Planning Department

Dear Mr. Wilson;

I would like to express my opposition to the proposed Phillips 66 Rail Terminal project. I live on the Nipomo Mesa. I am already a victim of the air pollution caused by the Off highway vehicle (OHV) riding destroys the vegetation and disturbs the crust in the dunes allowing fine sand particles to be blown in my direction. I also get to breath in the chemicals used by the nearby strawberry farmers.

If the Phillips 66 project were allowed to proceed there would be increased air, noise, and light pollution. Furthermore there would be a danger of derailments and pipeline leaks.

I think we are already suffering enough. Please oppose the Phillips 66 Phillips 66 Rail Terminal project.

Sincerely,

Dr. Richard P. Wishner

Responses to Richard P. Wishner Comments

WII-01	This comment does not identify a specific environmental analysis or CEQA issue relative to the EIR and compliance with CEQA. The commenter's concerns about air quality, noise, aesthetics and visual resources and hazards are included in the FEIR for the decision-makers' consideration as part of the County's deliberations on the proposed project.
