I Debra Sullivan am a resident of
Templeton. I was fortunate to raise my 2 sons
there. I am opposed to the Phillips 66 project
for many reasons. The history of the Central Coast
started from the rail tracks from San Francisco
and stopped in Templeton, from there the rest of
the Central Coast grew. The heart of the Central
Coast is right on the train tracks. Three out of
four of our schools are a stone thrown away from
the tracks. Our hospital is in the blast zone. If
there is a accident / blast the town of Templeton
would be no more. Since the tracks run along
the Salinas river, our water supply could be ruined.
our wine industry in jeopardy.

I have been a P.R. for over 30 years. From
a health perspective, a blast or a spill would be
devastating. It would affect our children, infants, elderly,
immuno suppressed patients but also create many other
health related issues. Many people who never had health
issues may. Crude oil is the most toxic substance
which makes it dangerous to our health.

we were voted the happiest place to
live. We who do live here understand why. We
have a responsibility to ourselves, our kids, our grand kids
to keep this beautiful area safe!! It is time to
get away from fossil fuels. We live in California!

as a resident, P.R. and a member of C.W.A.,
I strongly oppose Phillips 66 project. Debra A. Sullivan

IMPORTANT INFORMATION:

- If your number is not within approximately 20 of the current speaker we ask that you wait outside of the Chambers in one of our overflow areas where the hearing will be streaming for you to view. Staff will be available in overflow areas to help with any logistical questions. The hearing room can only hold 160 people for safety.
- If you wish to submit digital information such as a PowerPoint or digital photos within your 3 minute presentation, please put a sticker with your speaker number on a flash drive and submit to the clerk when it is your turn to speak. Stickers will be available in the lobby with our staff. The flash drive will not be returned as the information will need to be retained for the record.
- Overflow viewing areas are located in the Fremont Theater which is next door to the hearing chambers, Conference Room 161/162 outside the hearing Chambers as well as the lobby area. The hearing will be streaming for viewing at these locations. The hearing can also be viewed online at <http://www.slocounty.ca.gov/planning/meetings.htm>
- If you need assistance with a language translator (Spanish) please notify one of our staff with your speaker number handy.
