

The ICC Central Coast Chapter will be hosting a full day seminar from 8:00 to 3:00 on April 20, 2011 at Atascadero City Hall. 6907 El Camino Real.

2009 IRC Wall Bracing Provisions

Speaker: John Henry

This 6-Hour seminar provides a comprehensive explanation of the 2009 IRC bracing requirements. It guides the participant through an in-depth review and analysis of the bracing requirements for wood framed residential structures.

Objectives:

Upon completion, participants will be able to:

1. Identify the forces that act on a house.
2. Describe the history of bracing and how it works.
3. Apply wall bracing provisions of the IRC.
4. Grasp the physical limits under which bracing can be used.
5. Select from various bracing options available.
6. Determine how much bracing is required, and how adjustment factors are applied.
7. Recognize special considerations for bracing.
8. Apply attachment details, and pony and cripple details.

Cost of admission:

- **\$30.00** for ICC Central Coast Chapter members.
- **\$60.00** for non-members.
- There will be ICC workbooks which cover the course topics for sale at the door for an additional **\$25.00**.

Please RSVP no later than April 6, 2011
