---

Mr. Olivera,

Thank you for taking the time to read this letter. I am a three year resident of Santa Margarita, Ca. Living a couple blocks from El Camino Real and Hwy 58.

I travel these roads daily. Many things about this project i am against, the heavier road usage, air pollution, noise pollution, property devaluation, possible fatalities etc. But what will break my heart is the safety for the children. I often describe Santa Margarita as a small country town with the magic one feels during the holidays, with the train strolling thru, neighbors sharing fresh picked fruit, baked goods, community parades and picnics. Everyday, i see my neighbors and children, strolling, playing, jogging, walking dogs, walking babies, visiting , etc. along our peaceful streets. I have never seen this kind of community, and i have lived in many neighborhoods throughout this county. I imagine this peaceful, magical feeling we have here in Santa Margarita will be disturbed by what this Quarry project will create. There must be another alternative. Please help us to keep from destructing what Santa Margarita is all about.

Best Regards,  
Michelle Aragon
