Subject: quarry proposal santa margarita

16 july 2010

Mr. Jeff Oliveira
San Luis Obispo County
Department of Planning and Building
Environmental Division
976 Osos Street Room 300
San Luis Obispo, CA 93408

Dear Mr. Oliveira,

As the property owner of 7115 Calf Canyon in Santa Margarita I am writing to voice my opposition to the proposed Aggregate Quarry and Asphalt and Concrete Recycling facility requested by Las Pilitas Resources LLC located at 6660 Calf Canyon.

Increased traffic especially of large machinery as a result of the quarry is a safety concern as there have already been a number of traffic accidents in the area.

Quarry activity and concrete recycling would also result in an increase in air and noise pollution diminishing the environmental qualities of the area.

Thank you for taking the time to consider my comments.

Jane Hind
