Re: Conditional Use Permit for Quarry Hwy 58

Dear Mr. Oliveira,

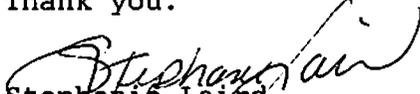

Forgive the lateness in this letter. I have been in and out of town.

I am responding to the notice sent on the above proposed project.

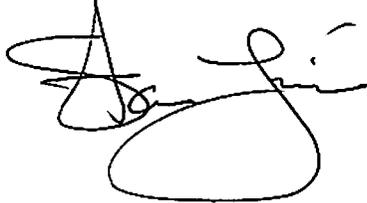

In looking at the map on the back of the notice I have a fairly good idea of where this is as I drive it almost everyday. Is the proposed access off of HWY 58? If so I would think this would be highly undesirable. It is an extremely windy road with many blind turns. Trucks and traffic going in and out of the site would be extremely hazardous. I am very surprise that this would even be considered. This road ices over in the winter would increase the dangerousness of the proposed site.

Please feel free to contact me. I am very much against this project if the access is on Hwy 58.

Thank you.
