Comment: According to the facts Sheet, There may be up to 200 truck trips daily through Santa Margarita. This translates to 200 in 8 hours (480 min.) or a truck+trailer's every 2.4 minutes. This activity is proposed to last 30 years. It seems clear that Santa Margarita will be little more than a truck route if this occurs, altering the character of the town with noise, dust, and congestion on what will become a busy highway during high traffic days. That along with occasional blasting noise will obviously affect the quality of life in Santa Margarita.
