Subject: Oster (Las Pilitas Quarry) CUP / Reclamation Plan (DRC2009-00025)

Dear Mr. Oliveira:

I have attached my Comment Form. I wrote in cursive and neglected to print my comments so I am going to type them below. I understand that there was an extension of time to send these in. Thank you very much.

My comments:

I am concerned that the increase in traffic on highway 58 and through Santa Margarita will make our small road much more dangerous. These trucks would be driving by the elementary school where the children must cross to get to and from school.

I am concerned that the water usage will cause a drain on our shared resource. Many people along Parkhill already have water brought in in the dry months.

The planned driveway is by a bus stop and is too close to a blind curve.

Sincerely,
Julie Stuart
