Proposed Negative Declarations

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

For Week of January 29, 2015

NOTICE OF INTENT TO ADOPT A NEGATIVE DECLARATION

Who: County of San Luis Obispo

What: A Mitigated Negative Declaration has been prepared for the San Luis Obispo County Public Works Department to replace a structurally deficient bridge on Cypress Mountain Drive at Klau Creek (Bridge No. 49C-0033). Activities associated with construction of the new bridge will consist of clearing and grubbing, demolition of the existing bridge, excavation and placement of concrete abutments and cast-in-drilled hole pile foundations, false work installation and removal, placement of reinforced concrete slab, barrier and guard rail installation, retaining wall construction, culvert replacement with RSP, and habitat and bank restoration. A temporary crossing through the creek on the east side of the existing bridge will be required to allow access for residents until construction of the new bridge is completed to prevent complete closure of the road. Occasional temporary road closures will be required during working hours to facilitate the work.

A temporary creek diversion will likely be required to convey flows through the project site. To implement the project, the County of San Luis Obispo Department of Public Works will be required to obtain permits from the California Department of Fish and Wildlife, Regional Water

Quality Control Board, and U.S. Army Corps of Engineers. The project will result in approximately 1 acre of total disturbance. The project is located in the Adelaida subarea of the North County planning area in Supervisorial District 1.

Where: Copies of the proposed Negative Declaration and all documents referenced in the Negative Declaration are available for review at the San Luis Obispo County Department of Public Works, 976 Osos Street, Room 206, San Luis Obispo, CA 93408.

Comments: The 30-day review and comment period for the proposed Negative Declaration begins on Friday, January 30, 2015 and ends on Monday, March 2, 2015. Written comments must be received by 5:00 p.m. on the last day of the review period and addressed to: Katie Drexhage, Environmental Resource Specialist, County Government Center, Room 206, San Luis Obispo, CA 93408.
