WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW

The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that environmental considerations become a part of the decision making process. The following is a summary of the most recent determinations made by the County's Environmental Coordinator. The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County.

You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be in writing and should be delivered to: **Ellen Carroll, Environmental Coordinator, Department of Planning and Building, 976 Osos Street, Room 300, San Luis Obispo, Ca 93408-2040.** For more information about the environmental review process, please write to the address above, call the Department of Planning and Building at (805) 781-5600, or review the environmental determination and other information on our website located at www.sloplanning.org.

Proposed Negative Declarations

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

For Week of June 16th, 2016

Avila Beach Area

A request by Eureka Energy for a Variance a Variance/Minor Use Permit/Coastal Development Permit to allow grading and construction of an access road to service powerline towers and two pedestrian paths to service security camera towers. The project will result in approximately 6,000 square-feet of new disturbance, and 30,000 square-feet of un-permitted disturbance, all on a 545 acre parcel. The proposed grading will occur on slopes over 30% requiring a variance from the requirements of Title 23. The proposed project is within the Public Facilities land use category and is located at the Diablo Canyon Power Plant (DCPP) on Reservoir Road, 9 miles northwest of the community of Avila. The site is in the San Luis Bay Coastal planning area, Diablo Canyon Power Plant, Reservoir Rd. ED15-211 (DRC2015-00089).
