WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW

The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that environmental considerations become a part of the decision making process. The following is a summary of the most recent determinations made by the County's Environmental Coordinator. The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County.

You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be in writing and should be delivered to: **Ellen Carroll, Environmental Coordinator, Department of Planning and Building, 976 Osos Street, Room 300, San Luis Obispo, Ca 93408-2040.** For more information about the environmental review process, please write to the address above, call the Department of Planning and Building at (805) 781-5600, or review the environmental determination and other information on our website located at www.sloplanning.org.

Proposed Negative Declarations

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

For Week of June 30th, 2016

South County (Coastal) Area

Request by Mosconi (Phillips 66) for a Coastal Development Permit/ Minor Use Permit to allow for the closure and abandonment of the Phillips 66 Company Line 354 Family of pipelines; this will include: exposing fourteen portions of three buried pipelines, where the pipes will be cleaned, capped and 'inerted' (neutralized with nitrogen gas). The project will be conducted in 14 work areas, and result in the total disturbance of approximately 12,570 square feet and excavation work will total approximately 124 cubic yards. The existing pipelines to be closed are within the following land use categories: Recreation, Agriculture, Rural Lands, Open Space and Industrial. Pipeline work location starts in the southwestern corner of the County (near Santa Maria River and the Pacific Ocean) and within the Guadalupe Oil Field Restoration area, and extend northeasterly for approximately 6.3 miles (over 10 existing parcels) to the existing Santa Maria Refinery on the Nipomo Mesa near Highway 1, in the South County (Coastal) Planning Area.
