WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW

The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that environmental considerations become a part of the decision making process. The following is a summary of the most recent determinations made by the County's Environmental Coordinator. The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County.

You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be in writing and should be delivered to: **Ellen Carroll, Environmental Coordinator, Department of Planning and Building, 976 Osos Street, Room 300, San Luis Obispo, Ca 93408-2040.** For more information about the environmental review process, please write to the address above, call the Department of Planning and Building at (805) 781-5600, or review the environmental determination and other information on our website located at www.sloplanning.org.

Proposed Negative Declarations

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

For Week of September 15th, 2016

Paso Robles Area

A request for Minor Use Permit to allow for the construction of a winery facility that will include a tasting room and a special event program. The proposed winery facility will total 9,416 square feet and will include: a 3,423 square foot wine storage/barrel storage area, a 3,123 square foot processing area, a 870 square foot tasting room, and a 2,000 square foot outdoor covered crush pad. Wine production is estimated to be 10,000 cases annually. The event program includes 6 special events per year with no more than 80 guests. The project does not propose amplified music past 5:00pm. The project site is located approximately 0.97 miles from Klau Mine Road, and approximately 9.13 miles west of the community of Paso Robles. This site is in the North County Planning Area, Adelaida Sub Area.
