Project Summary

This 30 unit Affordable apartment project for People's Self Help Housing consists of five new two-story buildings on a 2.01 acre site.

The site is located behind an existing People's Self Help Housing apartment complex named Rolling Hills Apartments. Site access is through this complex. An access easement to the project site was recorded in 2010.

Each two-story building contains 6 units and carport courtyard at all buildings.

All units have private outdoor areas and one carport courtyard. Unit entrances open to a central entry.

Site amenities include two play areas, a picnic and BBQ area, central mailbox kiosk, accessible walkways and site for residents. Pathways also link the new development to the existing apartment complex.

The riparian area at the rear of the site will be preserved. Also, each oak tree removed will be replaced with at least five new oaks on the project site.
