

DEPARTMENT OF PLANNING AND BUILDING

THIS IS A NEW PROJECT REFERRAL

DATE: 07/25/2013

TO: _____

FROM: Xzandrea Fowler, Inland Team/ Development Review

PROJECT DESCRIPTION: SUB2013-00002 COAL13-0057 CLARK- Proposed lot line adjustment to adjust 6 existing 160 acre parcels. The lot line adjustment will consolidate six 160 acre parcels into four parcels of 40 acres, 120 acres, 200 acres and 500 acres each. The 960 acre site is located west of Shandon.

Return this letter with your comments attached no later than: 14 days from receipt of this referral. CACs please respond within 60 days. Thank you.

PART 1 - IS THE ATTACHED INFORMATION ADEQUATE TO COMPLETE YOUR REVIEW?

- YES (Please go on to PART II.)
- NO (Call me ASAP to discuss what else you need. We have only 10 days in which we must obtain comments from outside agencies.)

PART II - ARE THERE SIGNIFICANT CONCERNS, PROBLEMS OR IMPACTS IN YOUR AREA OF REVIEW?

- YES (Please describe impacts, along with recommended mitigation measures to reduce the impacts to less-than-significant levels, and attach to this letter)
- NO (Please go on to PART III)

PART III - INDICATE YOUR RECOMMENDATION FOR FINAL ACTION.

Please attach any conditions of approval you recommend to be incorporated into the project's approval, or state reasons for recommending denial.

IF YOU HAVE "NO COMMENT," PLEASE SO INDICATE, OR CALL.

LAND DIVISION APPLICATION

San Luis Obispo County Department of Planning and Building

File No _____

Project Information:

What is the proposed density or parcel size?: Parcel 1- 40 AC, Parcel 2- 120 AC, Parcel 3- 200 AC, Parcel 4- 600 AC

Number of existing lots, parcels or certificates: 6 Existing parcel sizes: 160 AC each

What will the property be used for after division: Agriculture- grazing

Is the property part of a previous subdivision that you filed? Yes No

If Yes, what was the map number: Tract No: _____ CO _____ COAL _____

Have you reviewed county records to determine if the subject property has ever been the subject of:

A recorded certificate of compliance or a recorded map? Yes No

Building permits or other approval? Yes No

If you answered Yes to either question, please provide copies of all applicable materials.

Off-Site Improvements: Will off-site road or drainage improvements be required? Yes No

Surrounding parcel ownership: Do you own adjacent property? Yes No

If yes, what is the acreage of all property you own that surrounds the project site? 1486 AC

Describe existing and future access to the proposed project site: Access will be provided by a private road and access agreement in the northwest corner of the property.

Surrounding land use: What are the uses of the land surrounding your property (when applicable, please specify all agricultural uses):

North: Agriculture / Irrigated Vineyard South: Agriculture / Grazing

East: Agriculture / Grazing West: Agriculture / Grazing

Proposed water source: On-site well Shared well Other _____

Community System - List the agency or company responsible for provision: _____

Do you have a valid will-serve letter? Yes (If yes, please submit copy) No

Proposed sewage disposal: Individual on-site system Other _____

Community System - List the agency or company responsible for sewage disposal: _____

Do you have a valid will-serve letter? Yes (If yes, please submit copy) No

Fire Agency: List the agency responsible for fire protection: Cal Fire

List available or proposed utilities: Gas Telephone Electricity Cable TV

Adjustments: Are you requesting any adjustments? Yes No If Yes, please complete:

Parcel & site design (21.03.010(c)) Access & circulation design (21.03.010(d))

Flood hazard & drainage (21.03.010(e)) Water supply (21.03.010(f))

Sewage Disposal (21.03.010(g)) Public Utilities (21.03.010(h))

Road Exception (21.03.010(d))

Briefly describe the reasons for the request _____

Quimby Ordinance (Section 21.09.010, et seq., of Title 21): N/A

How are you proposing to meet the requirements of the Quimby Ordinance:

- Dedicate property for park & recreation purposes Pay the in-lieu fee
- Request credit for common open space (if you are choosing this option, please complete below)

Acreage of open space: _____ Average slope of open space: _____

Describe the on-site recreational amenities being proposed and their location on the open space:

Specify the proposed ownership and method of maintenance of the open space: _____

Affordable Housing - Coastal Zone ONLY (Government Code Section 65590 - Section 23.04.092 of Title 23):

N/A

Is your project a:

- New housing project containing 11 or more dwelling units or parcels; OR
- Demolition or conversion of one or more dwellings (includes mobile homes), where the proposed demolition or conversion involves three or more dwelling units in one structure, or 11 or more dwellings units in two or more structures AND any such units were occupied by persons or families of low or moderate income in the 12 months prior to filing the land use or division application.
- Demolition or conversion of one or more dwellings (includes mobile homes) to a non-residential use which is not "coastal dependent".

ENVIRONMENTAL DESCRIPTION FORM

San Luis Obispo County Department of Planning and Building

File No _____

The California Environmental Quality Act (CEQA) requires all state and local agencies to consider and mitigate environmental impacts for their own actions and when permitting private projects. The Act also requires that an environmental impact report (EIR) be prepared for all actions that may significantly affect the quality of the environment. The information you provide on this form will help the Department of Planning and Building determine whether or not your project will significantly affect the quality of the environment.

To ensure that your environmental review is completed as quickly as possible, please remember to:

- Answer **ALL** of the questions as accurately and completely as possible.
- Include any additional information or explanations where you believe it would be helpful or where required. Include additional pages if needed.
- If you are requesting a land division or a re-zoning, be sure to include complete information about future development that may result from the proposed land division or rezoning.
- Include references to any reports or studies you are aware of that might be relevant to the questions asked or the answers you provide.

Should a determination be made that the information is inaccurate or insufficient, you will be required to submit additional information upon request.

Physical Site Characteristic Information

Your site plan will also need to show the information requested here:

- Describe the topography of the site:
Level to gently rolling, 0-10% slopes: 320 acres
Moderate slopes of 10-30%: 480 acres
Steep slopes over 30%: 160 acres
- Are there any springs, streams, lakes or marshes on or near the site? Yes No
If yes, please describe: _____
- Are there any flooding problems on the site or in the surrounding area? Yes No
If yes, please describe: _____
- Has a drainage plan been prepared? Yes No
If yes, please include with application.
- Has there been any grading or earthwork on the project site? Yes No
If yes, please explain: _____
- Has a grading plan been prepared? Yes No
If yes, please include with application.
- Are there any sewer ponds/waste disposal sites on/adjacent to the project? Yes No
- Is a railroad or highway within 300 feet of your project site? Yes No
- Can the proposed project be seen from surrounding public roads? Yes No
If yes, please list: _____

Water Supply Information

1. What type of water supply is proposed?
 Individual well Shared well Community water system
2. What is the proposed use of the water?
 Residential Agricultural - Explain Grazing
 Commercial/Office - Explain _____
 Industrial - Explain _____
3. What is the expected daily water demand associated with the project? N/A
4. How many service connections will be required? N/A
5. Do operable water facilities exist on the site?
 Yes No If yes, please describe: _____
6. Has there been a sustained yield test on proposed or existing wells?
 Yes No If yes, please attach. _____
7. Does water meet the Health Agency's quality requirements? Yes No
 Bacteriological? Yes No
 Chemical? Yes No
 Physical Yes No
 Water analysis report submitted? Yes No
8. Please check if any of the following have been completed on the subject property and/or submitted to County Environmental Health.
 Well Driller's Letter Water Quality Analysis OK or Problems
 Will Serve Letter Pump Test _____ Hours _____ G.P.M.
 Surrounding Well Logs Hydrologic Study Other _____

Please attach any letters or documents to verify that water is available for the proposed project.

Sewage Disposal Information

If an on-site (individual) subsurface sewage disposal system will be used:

1. Has an engineered percolation test been accomplished?
 Yes No If yes, please attach a copy.
2. What is the distance from proposed leach field to any neighboring water wells? _____ feet
3. Will subsurface drainage result in the possibility of effluent reappearing in surface water or on adjacent lands, due to steep slopes, impervious soil layers or other existing conditions?
 Yes No
4. Has a piezometer test been completed?
 Yes No
5. Will a Waste Discharge Permit from the Regional Water Quality Control Board be required?
 Yes No (a waste discharge permit is typically needed when you exceed 2,500 gallons per day)

If a community sewage disposal system is to be used: N/A

1. Is this project to be connected to an existing sewer line? Yes No
 Distance to nearest sewer line: _____ Location of connection: _____
2. What is the amount of proposed flow? _____ G.P.D.
3. Does the existing collection treatment and disposal system have adequate additional capacity to accept the proposed flow? Yes No

Solid Waste Information

- 1. What type of solid waste will be generated by the project?
 Domestic Industrial Agricultural Other, please explain? None
- 2. Name of Solid Waste Disposal Company: _____
- 3. Where is the waste disposal storage in relation to buildings? _____
- 4. Does your project design include an area for collecting recyclable materials and/or composting materials?
 Yes No

Community Service Information

- 1. Name of School District: Shandon Unified School District
- 2. Location of nearest police station: Paso Robles
- 3. Location of nearest fire station: Paso Robles
- 4. Location of nearest public transit stop: Paso Robles
- 5. Are services (grocery/other shopping) within walking distance of the project? Yes No
 If yes, what is the distance? _____ feet/miles

Historic and Archeological Information

- 1. Please describe the historic use of the property: Agriculture
- 2. Are you aware of the presence of any historic, cultural or archaeological materials on the project site or in the vicinity? Yes No
 If yes, please describe: _____
- 3. Has an archaeological surface survey been done for the project site? Yes No
 If yes, please include two copies of the report with the application.

Agricultural Information

Only complete this section if your site is: 1) Within the Agricultural land use category, or 2) currently in agricultural production.

- 1. Is the site currently in Agricultural Preserve (Williamson Act)? Yes No
- 2. If yes, is the site currently under land conservation contract? Yes No
- 3. If your land is currently vacant or in agricultural production, are there any restrictions on the crop productivity of the land? That is, are there any reasons (i.e., poor soil, steep slopes) the land cannot support a profitable agricultural crop? Please explain in detail: No

Special Project Information

- 1. Describe any amenities included in the project, such as park areas, open spaces, common recreation facilities, etc.(these also need to be shown on your site plan): N/A
- 2. Will the development occur in phases? Yes No
 If yes describe: _____
- 3. Do you have any plans for future additions, expansion or further activity related to or connected with this proposal? Yes No If yes, explain: _____
- 4. Are there any proposed or existing deed restrictions? Yes No

If yes, please describe: _____

Energy Conservation Information

1. Describe any special energy conservation measures or building materials that will be incorporated into your project *: N/A

*The county's Building Energy Efficient Structures (BEES) program can reduce your construction permit fees. Your building must exceed the California State Energy Standards (Title 24) in order to qualify for this program. If you are interested in more information, please contact the Building Services Division of the Department of Planning and Building at (805) 781-5600.

Environmental Information

1. List any mitigation measures that you propose to lessen the impacts associated with your project:
N/A
2. Are you aware of any unique, rare or endangered species (vegetation or wildlife) associated with the project site? Yes No
If yes, please list: _____
3. Are you aware of any previous environmental determinations for all or portions of this property?
 Yes No
If yes, please describe and provide "ED" number(s): _____

Other Related Permits

1. List all permits, licenses or government approvals that will be required for your project (federal, state and local): Amendment to Williamson Act Contract.

(If you are unsure if additional permits are required from other agencies, please ask a member of the Planning Department staff currently assigned in either Current Planning or the Environmental Division.)

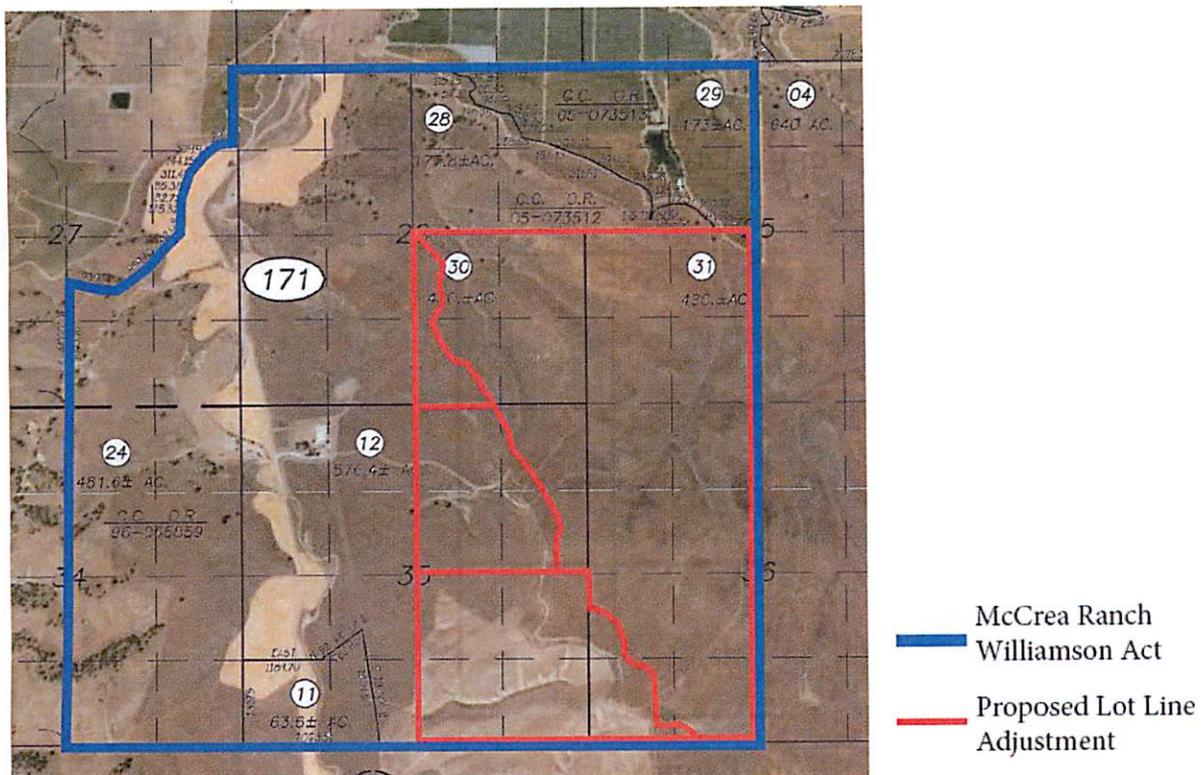

SUPPLEMENTAL DEVELOPMENT STATEMENT Clark Lot Line Adjustment COAL 13-0057

Proposal

The lot line adjustment is proposing to adjust six existing 160 acre parcels. The lot line adjustment will consolidate six 160 acre parcels into four parcels of 40 acres, 120 acres, 200 acres, and 600 acres each. The intent of the Lot Line Adjustment is to create a single large parcel for future conveyance while still maintaining three legal parcels that will remain in the ownership of the Family Trust.

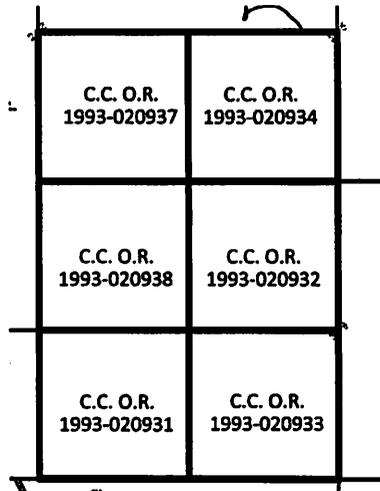

Property Overview:

The six parcels included in the lot line adjustment are a 960 acre portion of the 2430 acre “McCrea Ranch”. The McCrea Ranch has been owned by the Clark Family since 1993. The portion of the property that is subject to the lot line adjustment is currently used for grazing. There are no structures or improvements on this portion of the Ranch. The site is located in the El Pomar Planning Area south and west of the community of Shandon. The parcels are within the Agricultural land use category and subject to a Williamson Act contract.

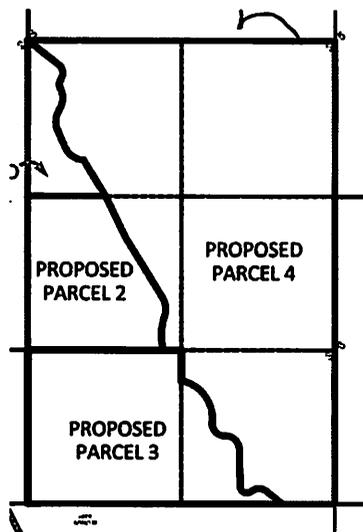

Existing and Proposed Configuration:

Currently there are six 160 acre parcels. The existing parcels are quarter sections and the parcel lines follow the sectional lines. The parcels were certificated in 1993

Existing Parcels

The proposed lot line adjustment will adjust the existing lot lines to follow an existing ridge line and sectional lines. The lot line adjustment will reduce the number of parcels from six to four. The adjustment will create a single large parcel and then configure the three remaining parcels to follow the ridge and the sectional lines. While the lot line adjustment will create two parcels that are smaller than parcels that exist today those parcels will continue to be a part of the overall grazing operations of the larger McCrea Ranch.

Proposed Parcels

Ordinance Consistency:

Section 21.02.030 of the Real Property Division Ordinance states that a lot line adjustment shall not be approved or conditionally approved unless the new parcels resulting from the adjustment will maintain a position which is better than, or equal to, the existing situation relative to the county's zoning and building ordinances.

The lot line adjustment will result in parcels that are *equal to or better* than the existing situation for the following reasons:

- All lots will be within the range of parcels sizes set forth in the agriculture land use category. This is considered equal to the existing situation.
- The lot line adjustment will reduce development potential since it is reducing the overall number of parcels from six to four. This is considered better than the existing situation.
- The lot line adjustment will reduce the number of non-conforming parcels from six to three and create a conforming parcel of 600 acres. This is considered better than the existing situation.

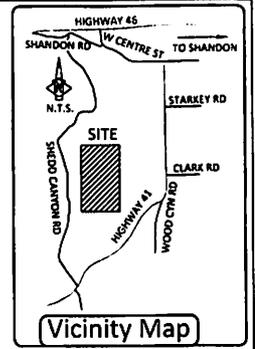

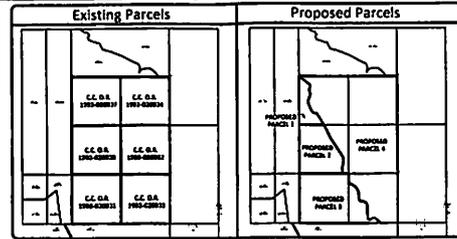

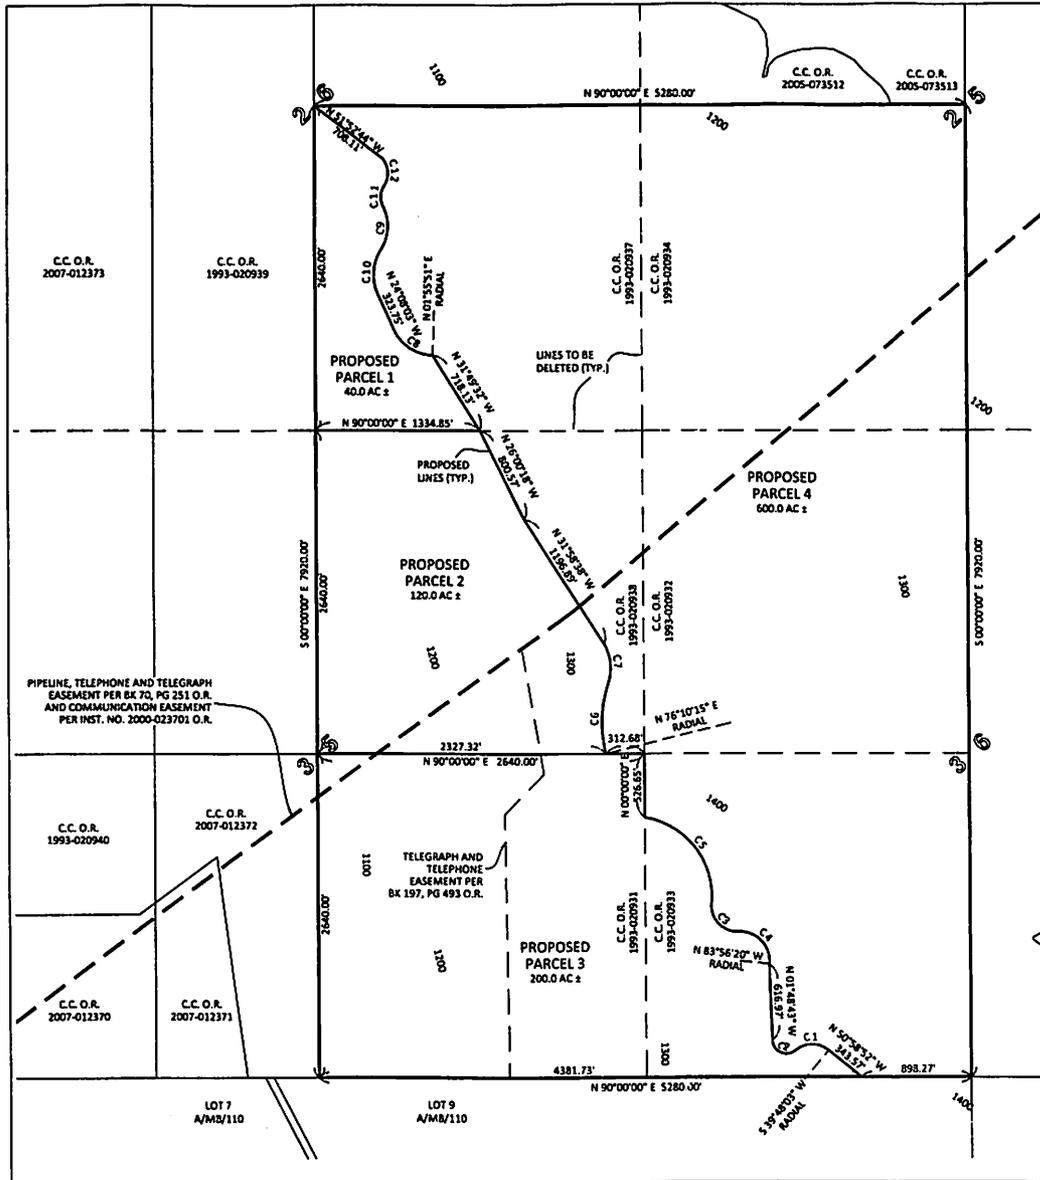

Based on the above discussion, the project will maintain a position equal and *better than* the existing situation, relative to the county's zoning and building ordinances.

Williamson Act:

All of the parcels are currently under a Land Conservation (Williamson Act) contract. The current minimum parcel size for the Williamson Act contract is 40 acres and 640 acres. An application has been submitted for a requalification of the minimum parcel size contained in the contract. After the requalification is completed for the contract, the minimum parcel size for purposes of the Williamson Act will be 320 acres. This reduction in minimum parcel size to 320 acres will ensure that when Parcel 4 is sold, it will be in compliance with the terms of the Williamson Act contract. The 640 acre contract minimum parcel size is an antiquated parcel size requirement that is no longer included in the qualification standards for the County's Williamson Act program. New Williamson Act contracts for the resulting parcels is not required because the lot line adjustment is an internal reconfiguration of parcels that are all contained within a single Williamson Act contract.

Environmental Review:

The lot line adjustment will reduce the development potential and will not have an impact on the environment and sensitive environmental resources therefore this project qualifies for a General Rule Exemption.
