

SAN LUIS OBISPO COUNTY

DEPARTMENT OF PLANNING AND BUILDING

THIS IS A NEW PROJECT REFERRAL

DATE: July 20, 2015

TO: _____

FROM: John McKenzie

PROJECT DESCRIPTION: A request to modify one condition of the approved Arroyo Grande Oil Field (Freeport-McMoRan/PXP) Phase IV Conditional Use Permit to extend the 10 year time limit on new well drilling an additional 3 years (COAs #3 & 4). No additional oil wells are included in this request.

Location: 1821 Price Canyon Road, San Luis Obispo, CA (east of the City of Pismo Beach)

Applicant: Freeport-McMoRan Oil & Gas (Contact: Ruth Juris)

Return this letter with your comments attached no later than: 14 days from receipt of this referral.

****Community Advisory Councils, please respond within 60 days of receiving this referral.***

PART 1 - IS THE ATTACHED INFORMATION ADEQUATE TO COMPLETE YOUR REVIEW?

- YES (Please go on to PART II.)
 NO (Call me ASAP to discuss what else you need. We have only 10 days in which we must obtain comments from outside agencies.)

PART II - ARE THERE SIGNIFICANT CONCERNS, PROBLEMS OR IMPACTS IN YOUR AREA OF REVIEW?

- YES (Please describe impacts, along with recommended mitigation measures to reduce the impacts to less-than-significant levels, and attach to this letter)
 NO (Please go on to PART III)

PART III - INDICATE YOUR RECOMMENDATION FOR FINAL ACTION.

Please attach any conditions of approval you recommend to be incorporated into the project's approval, or state reasons for recommending denial.

IF YOU HAVE "NO COMMENT," PLEASE SO INDICATE, OR CALL.

PROPERTY INFORMATION

Total Size of Site: Approximately 7 acres Assessor Parcel Number(s): 044-201-002 and 044-241-001
 Legal Description: _____
 Address of the project (if known): 1821 Price Canyon Road, San Luis Obispo, California 93401
 Directions to the site (including gate codes) - describe first with name of road providing primary access to the site, then nearest roads, landmarks, etc.: No change from original Phase IV CUP application.

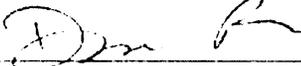

Describe current uses, existing structures, and other improvements and vegetation on the property:
No change from original Phase IV CUP application.

PROPOSED PROJECT

Describe the proposed project (inc. sq. ft. of all buildings): _____
Please refer to Attachment A for Project Description.

LEGAL DECLARATION

I, the owner of record of this property, have completed this form accurately and declare that all statements here are true. I do hereby grant official representatives of the county authorization to inspect the subject property.

Property owner signature  Date 7/14/15

FOR STAFF USE ONLY

LAND USE PERMIT APPLICATION

San Luis Obispo County Department of Planning and Building

File No _____

Type of project: Commercial Industrial Residential Recreational Other
Request for CUP Extension

Describe any modifications/adjustments from ordinance needed and the reason for the request (if applicable): No change from original Phase IV CUP application.

Describe existing and future access to the proposed project site: No change from original Phase IV CUP application.

Surrounding parcel ownership: Do you own adjacent property? Yes No
If yes, what is the acreage of all property you own that surrounds the project site? No change from original Phase IV CUP application.

Surrounding land use: What are the uses of the land surrounding your property (when applicable, please specify all agricultural uses): No change from original Phase IV CUP application.

North: _____ South: _____
East: _____ West: _____

For all projects, answer the following: No change from original Phase IV CUP application.

Square footage and percentage of the total site (approximately) that will be used for the following:
Buildings: N/A sq. feet _____% Landscaping: N/A sq. feet _____%
Paving: N/A sq. feet _____% Other (specify) _____
Total area of all paving and structures: N/A sq. feet acres
Total area of grading or removal of ground cover: N/A sq. feet acres
Number of parking spaces proposed: N/A Height of tallest structure: N/A
Number of trees to be removed: N/A Type: _____
Setbacks: Front N/A Right N/A Left N/A Back N/A

Proposed water source: On-site well Shared well Other No change from original Phase IV CUP application.
 Community System - List the agency or company responsible for provision: N/A
Do you have a valid will-serve letter? Yes No (If yes, please submit copy)

Proposed sewage disposal: Individual on-site system Other No change from original Phase IV CUP application.
 Community System - List the agency or company responsible for sewage disposal: N/A
Do you have a valid will-serve letter? Yes No (If yes, please submit copy)

Fire Agency: List the agency responsible for fire protection: No change from original Phase IV CUP application.

For commercial/industrial projects answer the following:

Total outdoor use area: N/A sq. feet acres
Total floor area of all structures including upper stories: N/A sq. feet

For residential projects, answer the following:

Number of residential units: N/A Number of bedrooms per unit: N/A
Total floor area of all structures including upper stories, but not garages and carports: N/A
Total of area of the lot(s) minus building footprint and parking spaces: N/A

Water Supply Information

1. What type of water supply is proposed? **No change from original Phase IV CUP application.**
 Individual well Shared well Community water system
2. What is the proposed use of the water?
 Residential Agricultural - Explain N/A
 Commercial/Office - Explain _____
 Industrial - Explain _____
3. What is the expected daily water demand associated with the project? N/A
4. How many service connections will be required? _____
5. Do operable water facilities exist on the site?
 Yes No If yes, please describe: N/A
6. Has there been a sustained yield test on proposed or existing wells? N/A
 Yes No If yes, please attach.
7. Does water meet the Health Agency's quality requirements? N/A
Bacteriological? Yes No
Chemical? Yes No
Physical Yes No
Water analysis report submitted? Yes No
8. Please check if any of the following have been completed on the subject property and/or submitted to County Environmental Health.
 Well Driller's Letter Water Quality Analysis OK or Problems
 Will Serve Letter Pump Test _____ Hours _____ G.P.M.
 Surrounding Well Logs Hydrologic Study Other N/A

Please attach any letters or documents to verify that water is available for the proposed project.

Sewage Disposal Information

If an on-site (individual) subsurface sewage disposal system will be used:

No change from original Phase IV CUP application.

1. Has an engineered percolation test been accomplished?
 Yes No If yes, please attach a copy. N/A
2. What is the distance from proposed leach field to any neighboring water wells? N/A feet
3. Will subsurface drainage result in the possibility of effluent reappearing in surface water or on adjacent lands, due to steep slopes, impervious soil layers or other existing conditions? N/A
 Yes No
4. Has a piezometer test been completed? N/A
 Yes No
5. Will a Waste Discharge Permit from the Regional Water Quality Control Board be required? N/A
 Yes No (*a waste discharge permit is typically needed when you exceed 2,500 gallons per day*)

If a community sewage disposal system is to be used:

No change from original Phase IV CUP application.

1. Is this project to be connected to an existing sewer line? Yes No
Distance to nearest sewer line: N/A Location of connection: N/A
2. What is the amount of proposed flow? N/A G.P.D.
3. Does the existing collection treatment and disposal system have adequate additional capacity to accept the proposed flow? Yes No N/A

Solid Waste Information

- 1. What type of solid waste will be generated by the project?
 Domestic Industrial Agricultural Other, please explain? No change from original Phase IV CUP application.
- 2. Name of Solid Waste Disposal Company: N/A
- 3. Where is the waste disposal storage in relation to buildings? _____
- 4. Does your project design include an area for collecting recyclable materials and/or composting materials? Yes No

Community Service Information

- 1. Name of School District: No change from original Phase IV CUP application.
- 2. Location of nearest police station: No change from original Phase IV CUP application .
- 3. Location of nearest fire station: No change from original Phase IV CUP application.
- 4. Location of nearest public transit stop: No change from original Phase IV CUP application.
- 5. Are services (grocery/other shopping) within walking distance of the project? Yes No
 If yes, what is the distance? N/A feet/miles

Historic and Archeological Information

- 1. Please describe the historic use of the property:
No change from original Phase IV CUP application.
- 2. Are you aware of the presence of any historic, cultural or archaeological materials on the project site or in the vicinity? Yes No
 If yes, please describe: No change from original Phase IV CUP application.
- 3. Has an archaeological surface survey been done for the project site? Yes No
 If yes, please include two copies of the report with the application. N/A

Commercial/Industrial Project Information

Only complete this section if you are proposing a commercial or industrial project or zoning change.

No change from original Phase IV CUP application.

- 1. Days of Operation: N/A Hours of Operation: N/A
- 2. How many people will this project employ? N/A
- 3. Will employees work in shifts? Yes No
 If yes, please identify the shift times and number of employees for each shift N/A
- 4. Will this project produce any emissions (i.e., gasses, smoke, dust, odors, fumes, vapors)?
 Yes No If yes, please explain: N/A
- 5. Will this project increase the noise level in the immediate vicinity? Yes No
 If yes, please explain: N/A
 (If loud equipment is proposed, please submit manufacturers estimate on noise output.)
- 6. What type of industrial waste materials will result from the project? Explain in detail: N/A
- 7. Will hazardous products be used or stored on-site? Yes No
 If yes, please describe in detail: N/A
- 8. Has a traffic study been prepared? Yes No If yes, please attach a copy. N/A

9. Please estimate the number of employees, customers and other project-related traffic trips to or from the project: Between 7:00 - 9:00 a.m. N/A Between 4:00 to 6:00 p.m. N/A
10. Are you proposing any special measures (carpooling, public transit, telecommuting) to reduce automobile trips by employees Yes No
If yes, please specify what you are proposing: N/A
11. Are you aware of any potentially problematic roadway conditions that may exist or result from the proposed project, such as poor sight distance at access points, connecting with the public road? Yes No If yes, please describe: N/A

Agricultural Information

Only complete this section if your site is: 1) Within the Agricultural land use category, or 2) currently in agricultural production.

1. Is the site currently in Agricultural Preserve (Williamson Act)? Yes No
2. If yes, is the site currently under land conservation contract? Yes No
3. If your land is currently vacant or in agricultural production, are there any restrictions on the crop productivity of the land? That is, are there any reasons (i.e., poor soil, steep slopes) the land cannot support a profitable agricultural crop? Please explain in detail: No change from original Phase IV CUP application.

Special Project Information

1. Describe any amenities included in the project, such as park areas, open spaces, common recreation facilities, etc.(these also need to be shown on your site plan): No change from original Phase IV CUP application.
2. Will the development occur in phases? Yes No
If yes describe: No change from original Phase IV CUP application.
3. Do you have any plans for future additions, expansion or further activity related to or connected with this proposal? Yes No If yes, explain: No change from original Phase IV CUP application.
4. Are there any proposed or existing deed restrictions? Yes No
If yes, please describe: No change from original Phase IV CUP application.

Energy Conservation Information

1. Describe any special energy conservation measures or building materials that will be incorporated into your project *: No change from original Phase IV CUP application.

*The county's Building Energy Efficient Structures (BEES) program can reduce your construction permit fees. Your building must exceed the California State Energy Standards (Title 24) in order to qualify for this program. If you are interested in more information, please contact the Building Services Division of the Department of Planning and Building at (805) 781-5600.

Environmental Information

1. List any mitigation measures that you propose to lessen the impacts associated with your project: No change from original Phase IV CUP. No additional facilities, wells or modifications to the CUP are included as part of this request, and FM O&G will continue to comply with all applicable conditions of approval issued as part of the original CUP (D010386D).

2. Are you aware of any unique, rare or endangered species (vegetation or wildlife) associated with the project site? Yes No
If yes, please list: No change from original Phase IV CUP application.
3. Are you aware of any previous environmental determinations for all or portions of this property? Yes No
If yes, please describe and provide "ED" number(s): No change from original Phase IV CUP application.

Other Related Permits

1. List all permits, licenses or government approvals that will be required for your project (federal, state and local): No change from original Phase IV CUP application.

(If you are unsure if additional permits are required from other agencies, please ask a member of the Planning Department staff currently assigned in either Current Planning or the Environmental Division.)

Attachment A

Project Description

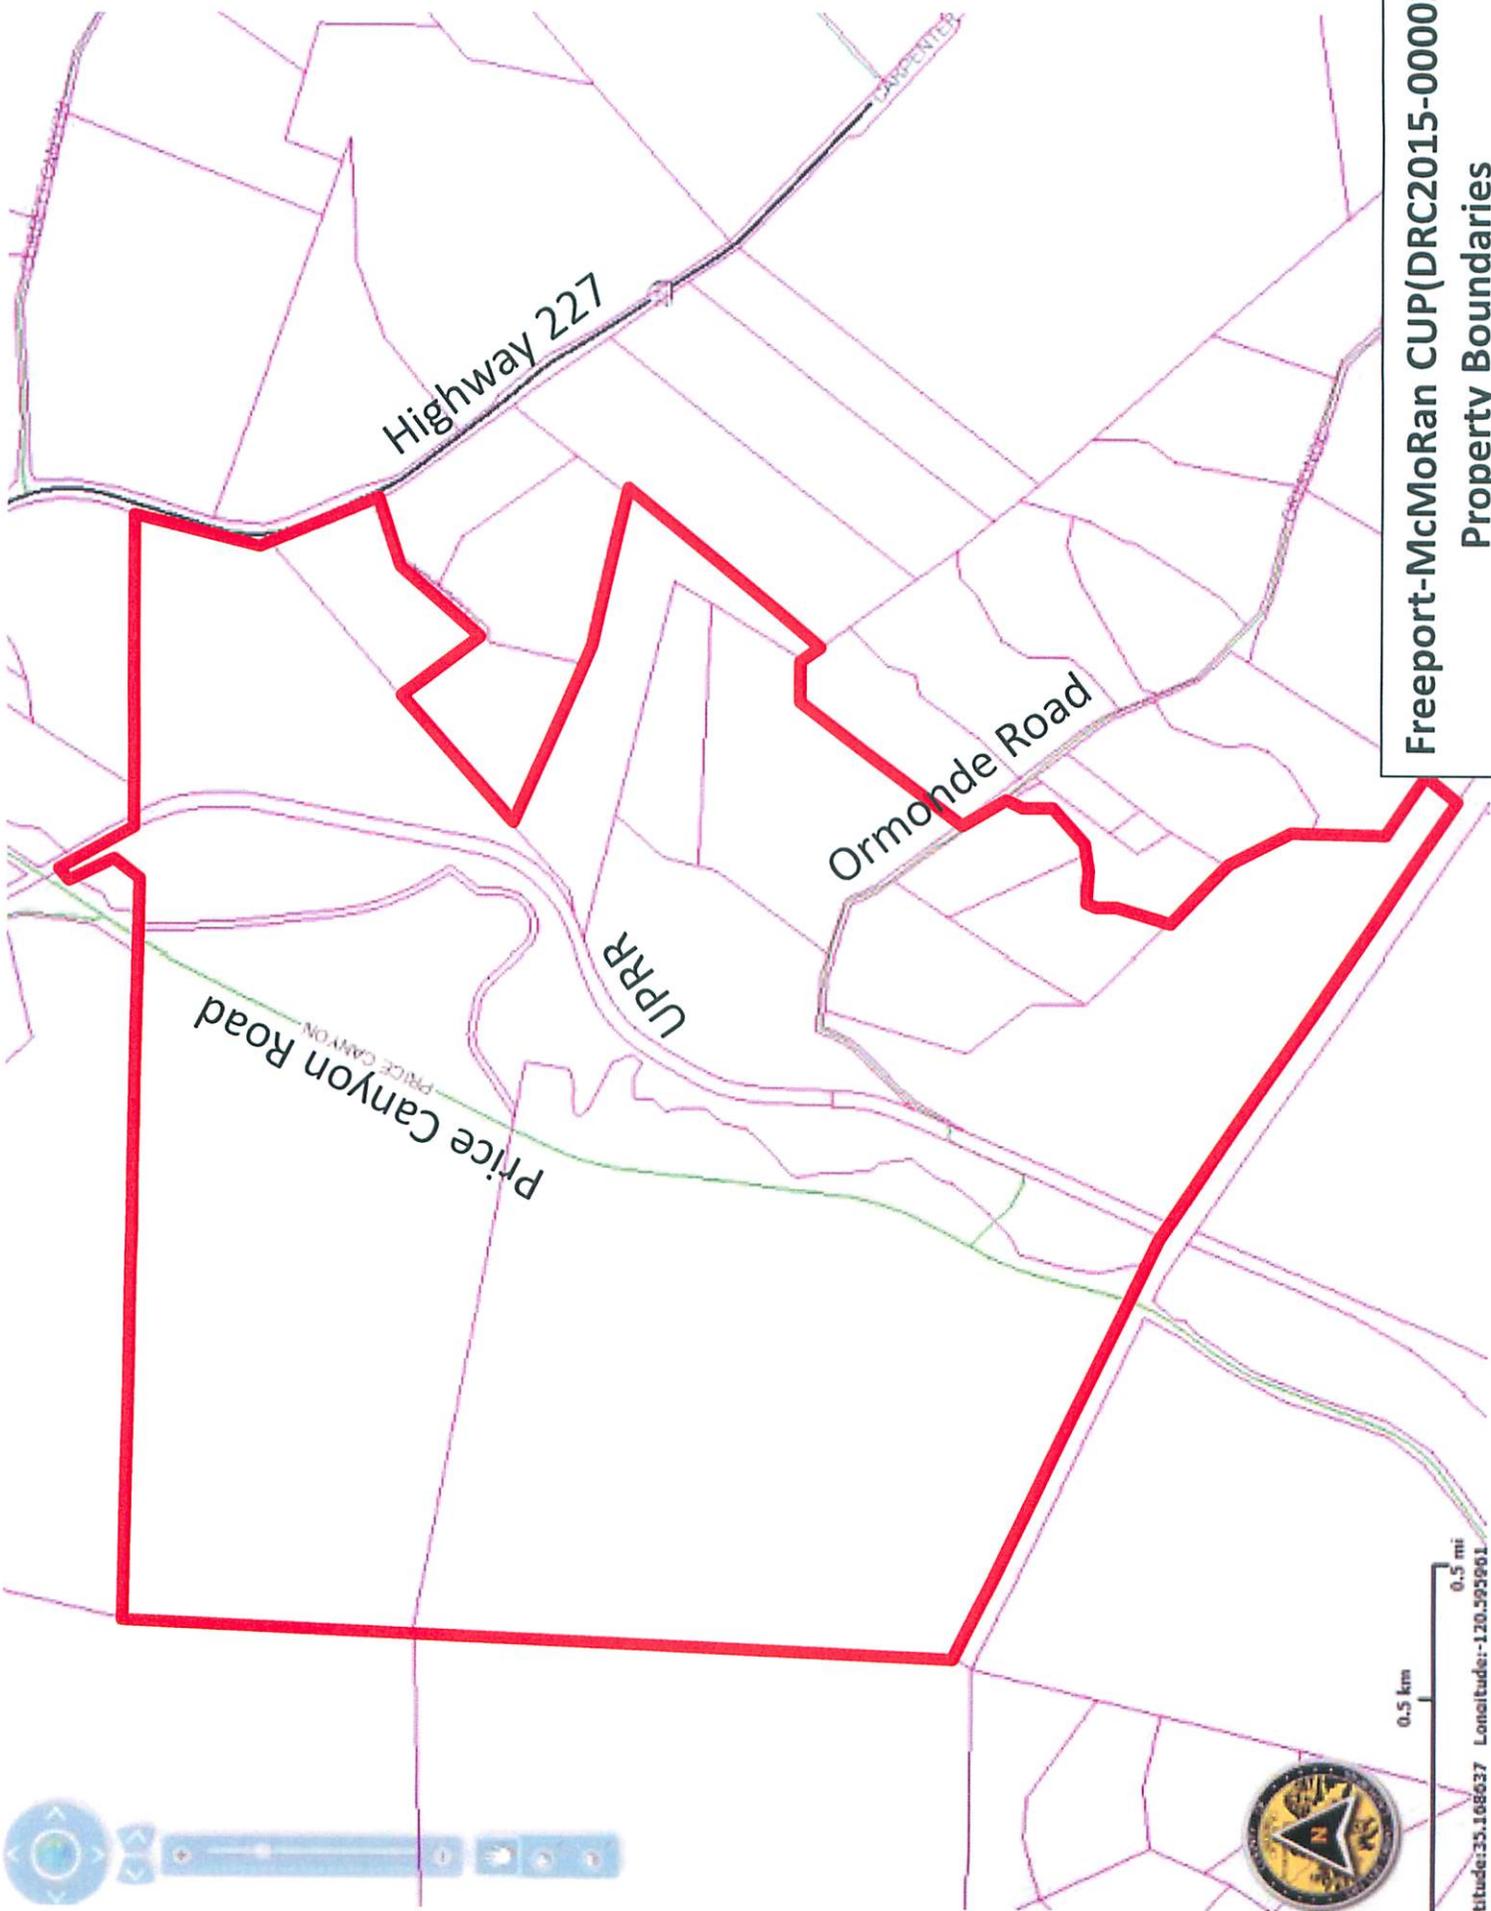

Land Use Permit Application Amendment to CUP #D010386D

The purpose of this Land Use Permit Application is to formally request a three (3) year time extension to the Plains Exploration & Production Company (now Freeport-McMoRan Oil and Gas [FM O&G]) CUP #D010386D for the Phase IV development of the Arroyo Grande Oil Field (AGOF). FM O&G is requesting an extension of time for the expiration of the CUP from August 8, 2015 to August 8, 2018, or until such time as a decision regarding FM O&G's pending CUP application CRC2012-00035 for the Phase V Development of AGOF is made by the County. This request does not include any additional facilities, buildings, modifications or other development not previously approved under the original Phase IV CUP application.

The approval of CUP #D010386D in 2005 authorized the fourth phase of build-out of the AGOF over a ten-year period which entailed the construction of 95 new production wells, 30 new steam injection wells, three (3) steam generators, four (4) new well pads, and modification of 31 existing well pads. From 2005 to-date, a total of 63 production wells, 31 steam injection wells, and 5 water disposal wells have been installed as part the of Phase IV development, as authorized by Notice to Proceeds (NTPs) issued by the County for FM O&G's 2006 – 2014 Drill Programs. On December 9, 2014, the County issued final the NTP for FM O&G's Phase IV Drilling Program*, which approved a total of 31 wells including 20 production wells, 8 steam injection wells and 3 water disposal wells- which have yet to be installed. The proposed CUP Modification would not alter the extent or means and methods of well installation within the AGOF, and drilling activities during the extended time period would be conducted in the same manner as in past years. Once drilling of a well begins, it would continue 24 hours per day (with two (2) 12-hour shifts from 6:00 am to 6:00 pm). Duration of drilling is typically 4-5 days per well, with some wells taking up to 6 days. Hydraulic fracturing (fracking) is not conducted at AGOF, and is not proposed.

To complete the installation of the remaining 31 approved wells, FM O&G is requesting a three year extension of CUP #D010386D. The requested extension would allow FM O&G to achieve Phase IV project development goals, as detailed in the original Phase IV CUP, and would provide a seamless transition into FM O&G's proposed Phase V Development (if approved). No additional facilities, wells or modifications to the CUP are proposed as part of this request and FM O&G understands that the issuance of the Phase V CUP would supersede the Phase IV CUP and any extension thereof. FM O&G will continue to comply with all applicable conditions of approval issued as part of any CUP that is in effect.

**Note also that in previous NTPs and as part of the 2015 Program, the County has approved the substitution of injection wells (steam and water) for production wells as substantially compliant with the original Project approval, and noted that the total number of wells proposed (130), would match the total approved in the CUP and prior NTPs (130).*
