**ADDENDUM NO. 1 TO
2014-15 MICRO SURFACING – LOS OSOS, CA
CONTRACT NO. 300528**

**The final day, time and location for submittal of bid proposal remain unchanged:
Date / Time: Thursday 21 May 2015 at 3:00 p.m.**

At: Office of the County Clerk
1055 Monterey Street, Room D-120
San Luis Obispo, California 93408

Certain revisions are hereby incorporated into the Contract Documents for the subject project. These revisions are as follows:

The section titled “BID PROPOSAL AND FORMS” is hereby amended as follows:

- 1) Replace the second page of the BID PROPOSAL on pages A-8(a) with the Bid Proposal page A-8(b) attached hereon.

The section titled “SECTION 10. CONSTRUCTION DETAILS” is hereby amended as follows:

- 2) Add the following roadway and lane closure prohibition times to the second paragraph shown on Page 10-2;

“South Bay Boulevard 0700 to 0830 and 1500 to 1800”

- 3) Add the following roadway to the fifth paragraph shown on Page 10-2;

“South Bay Boulevard”

- 4) Replace entire Section 10-1.05.A on pages 10-36 through 10-38 with the following specification;

“REMOVE THERMOPLASTIC STRIPE AND MARKINGS

Remove thermoplastic traffic stripe and markings within the micro surfacing limits, as directed by the Engineer and in conformance with the plans, the provisions in Section 15, “Existing Highway Facilities,” of the Standard Specifications, the provisions under “Traffic Control System” of these Special Provisions, and these Special Provisions.

Attention is directed to “Construction Site Management” of these Special Provisions.

Unless otherwise approved by the Engineer, project locations where traffic stripe and markings have been removed shall be micro surfaced within 24 hours of such removal.

Before obliterating any pavement delineation (traffic stripes, markings, markers) that is to be replaced on the same alignment and location, as determined by the Engineer, the pavement delineation shall be referenced by the Contractor, with sufficient number of control points to reestablish the alignment and location of the new pavement delineation. The references shall include the limits of changes in striping pattern, including one- and 2-way barrier lines, limit lines, and other pavement markings or markers.

Waste residue from removal of thermoplastic and painted traffic stripe and pavement marking is a non-hazardous waste residue and contains lead in average concentrations less than 1000 mg/kg total lead and 5 mg/L soluble lead. This waste residue does not contain heavy metals in concentrations that exceed thresholds established by the Health and Safety Code and 22 CA Code of Regs and is not regulated under the Federal Resource Conservation and Recovery Act (RCRA), 42 USC 6901 et seq.

Full compensation for furnishing all labor, materials, tools, equipment and incidentals, and for doing all the work involved in removing thermoplastic striping and markings, cleaning residue, and disposing of removed material, as shown on the plans, as specified in the Standard Specifications and these Special Provisions, and as directed by the Engineer shall be considered as included in the contract prices paid for the Micro-surfacing work and no separate payment will be made therefore.

Nothing in these Special Provisions shall relieve the Contractor of the Contractor’s responsibilities as specified in Section 7-1.09, “Public Safety,” of the Standard Specifications.”

- 5) Replace the first paragraph under PAYMENT header Section 10-1.06 on page 10-48 with the following paragraph.

“The contract item price paid per ton for “MICRO-SURFACING (TYPE II)” includes full compensation for furnishing all labor, materials, tools, equipment, and incidentals for doing all the work involved in micro-surfacing, complete in place, including developing and submitting mix designs, removal of thermoplastic stripes and markings, pavement markers, cleaning the surface, and protecting the micro surfacing until it has set, as shown on the plans, as specified in the Standard Specifications, and these Special Provisions.”

- 6) Replace the second paragraph under MEASUREMENT AND PAYMENT header Section 10-1.07.F on page 10-54 with the following paragraph.

“The contract item price paid per ton for “COLORED MICRO-SURFACING (TYPE II)” shall include full compensation for furnishing all labor, materials, tools, and equipment, and incidentals, and for doing all the work involved in furnishing and placing of the colored micro-surfacing, complete in place, including developing and submitting mix designs, removal of thermoplastic stripes and markings, pavement markers, cleaning the surface and protecting the colored micro surfacing until it has set, all as shown on the Plans, as specified in these Special Provisions and as directed by the Engineer.”

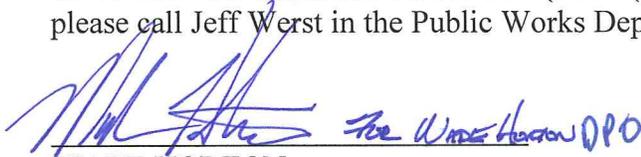

The section titled "WORK LOCATION SCHEDULE" is hereby amended as follows:

- 7) Add the attached ADDITIVE BID 4 – SOUTH BAY BOULEVARD BIKE LANES work schedule to the Contracts "WORK LOCATION SCHEDULE".

The section titled "PLANS" is hereby amended as follows:

- 8) Revise the 'Index of Sheets' shown on Sheet 1 of 4 to include the following new plan;
"SHEET NO. 5 ADDITIVE BID SITES – SOUTH BAY BOULEVARD BIKE LANES"
- 9) Add the attached ADDITIVE BID SITES – SOUTH BAY BOULEVARD BIKE LANES, Sheet 5 of 5, to the Contract Plans.

All bidders shall acknowledge acceptance of this correction notice. **PLEASE FAX TO US, TODAY, A SIGNED COPY OF THIS SHEET INDICATING CONFIRMATION OF RECEIPT OF THIS ADDENDUM (FAX (805) 781-1229).** If you are unable to read the fax, please call Jeff Werst in the Public Works Department at (805) 781-5252.

WADE HORTON
Director of Public Works
