Appendix E.
County Right of Way Policy

Exhibit A
POLICY

**A POLICY ESTABLISHING CLEARANCE REQUIREMENTS FOR
COUNTY RIGHTS-OF-WAY**

Policy. It is the policy of the Board of Supervisors of the County of San Luis Obispo, State of California, as follows:

I. Definitions.

a. County Trails Plan defined. The most recent update of the County Trails Plan, originally adopted by the Board of Supervisors November 26, 1991.

b. Lateral Clearance Area defined. On a paved County Road with concrete sidewalks, a horizontal dimension measured from edge to edge of a concrete sidewalk. On a paved County Road without concrete sidewalks, a horizontal dimension measured outward from the edge of pavement. On an unpaved County Road, a horizontal dimension measured outward from the edge of the traveled way. It is not the intent of this policy to address naturally occurring obstacles found within the right-of-way.

c. Vertical Clearance Area defined. A vertical dimension measured from the ground surface at any point within the width of the Lateral Clearance.

d. Right-of-Way defined. Property which the County has the right to use for street, road or related purposes pursuant to a dedication, deed, easement, resolution, deed or other legal means, and includes both the traveled and untraveled portions of said property. It is not the intent of this policy to expand any existing rights-of-way or to create any new rights-of-way.

e. Roadway defined. The traveled portion of the right-of-way.

II. Maintenance of Clearance Areas. The clearance areas, as defined in this Policy, shall be maintained free of all encroachments, including but not limited to landscaping or other vegetation, or fences or other obstructions which would restrict the passage of pedestrians and equestrians along the County right-of-way, unless an encroachment permit is issued under the provisions of Chapter 13.08 of the San Luis Obispo County Code. Property owners are allowed to plant ground cover, or cover the area with mulch or other material which will retard soil erosion, provided that said ground cover, mulch or other material can be walked or ridden upon.

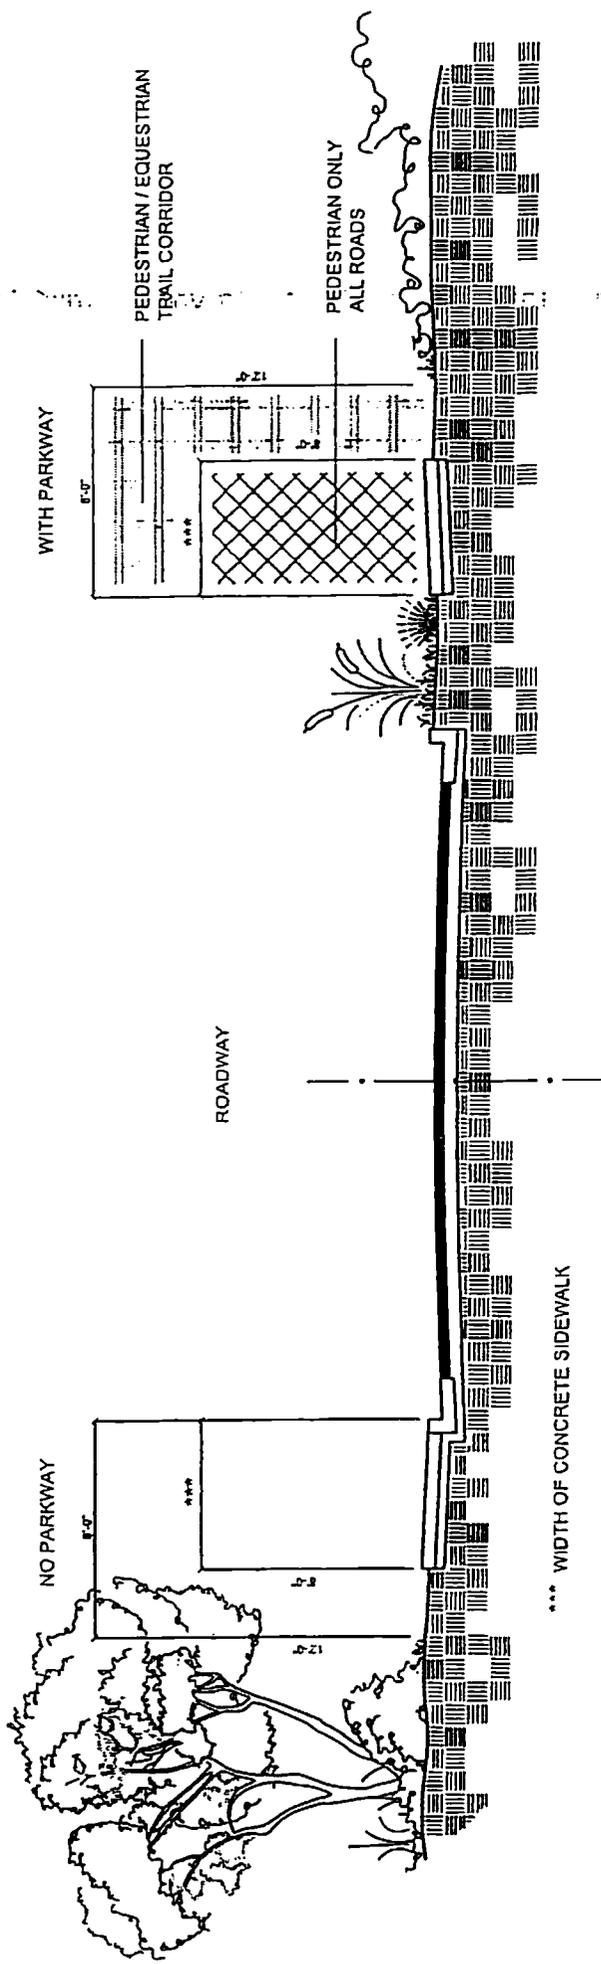

III. Clearance Requirements established. Clearance requirements shall be established on all County rights-of-way as follows:

a. Minimum clearance requirements for all rights-of-way. There shall be a lateral clearance a minimum of four (4) feet in width, except where a greater width is required for concrete sidewalks in the Standard Improvement Specifications and Drawings. There shall also be a vertical clearance eight (8) feet in height. These clearance requirements shall apply to both sides of all County roadways. Under this policy, property owners may not place or maintain any obstructions within the clearance areas.

b. Minimum clearance requirements for rights-of-way within the County Trails Plan. There shall be a lateral clearance a minimum of eight (8) feet, and a vertical clearance twelve (12) feet in height. These clearance requirements shall apply to both sides of all such County roadways which are designated trail routes in the County Trails Plan. Under this policy, property owners may not place or maintain any obstructions within the clearance areas.

c. Applicability. In no case shall the requirement for lateral clearance, as defined in subsections (a) and (b) above, extend beyond the limits of the right-of-way of the County Road that has been accepted by the Board of Supervisors on behalf of the public.

d. Feasibility. The Director of Public Works and Transportation shall have the authority to determine whether it is feasible to apply the clearance requirements as defined in this Policy, in cases of severe terrain or other natural obstructions.

DEPARTMENT OF CALIFORNIA HIGHWAY PATROL

101 Duncan Road
Templeton, Ca. 93465
(805) 434-1822
1-800-735-2929 (TT/TDD)
1-800-735-2922 (Voice)

March 10, 1995

Mr. Richard Marshall
San Luis Obispo County
County Government Center Room 207
San Luis Obispo, Ca 93408

Dear Mr. Marshall:

As you requested, I would like to provide a brief overview of our efforts in bicycle safety. At the local level here in northern San Luis Obispo county we use a combined approach emphasizing both education and enforcement. By directing our efforts in both areas we hope to have a the most impact on overall bicycle safety.

While our officers do not have any specific, focused enforcement responsibilities for bicyclists, our normal patrol procedure is to take the appropriate enforcement action for any observed violations. This policy would certainly extend to any observed violations committed by bicyclists. Of course our officers are allowed to adjust their specific enforcement actions as the existing circumstances warrant, which would include the entire range from a visual deterrent to a written citation. When we are provided information about a specific, significant problem, we try to assign an officer to address that problem.

We also are in the process of coordinating a bicycle safety poster contest at the local schools and will be conducting bicycle rodeos this spring. We also have numerous bicycle safety publications available that we distribute at various functions.

In reviewing the information you provided me I believe it may also be appropriate for me to be more available to the Bicycle Advisory Committee. If you think it might be of benefit for me to serve on the committee as an ex-officio member, or attend some of your meetings to provide further information please feel free to contact me. I can be reached during normal business hours at 805-434-1822.

Sincerely,

A handwritten signature in cursive script, appearing to read "C.D. Goggans".

C.D. GOGGANS, Lieutenant
Commander
Templeton Area

SIERRA CLUB ~ SANTA LUCIA CHAPTER

REM

20 March, 1995

Mr. Richard Marshal
Transportation Planning Engineer
San Luis Obispo County
Room 207, County Government Center
San Luis Obispo, CA 93408

Dear Mr. Marshall,

I am writing this letter on behalf of the Santa Lucia Chapter of the Sierra Club to support the County Bikeways Plan and the work of the SLO Co. Bicycle Advisory Committee(BAC).

As you know, the Sierra Club was instrumental in the development of the County Bikeways Plan and in the formation of the BAC. Several of our members now serve on that committee and several have served in the past. The Sierra Club wholeheartedly supports the development of transportation alternatives to the single occupant vehicle (SOV).

The County Bikeways Plan was developed with extensive community outreach and public participation. The BAC held public hearings in many of the County's communities expressly to solicit public comment. After the draft plan was developed, the BAC again held a series of public hearings throughout the county to discuss the draft plan and again solicit comment. The plan was approved unanimously by the Board of Supervisors after several public hearings before that body. We feel that the plan is a good one and that there was significant "buy in" from the public.

The San Luis Obispo County Board of Supervisors have shown wisdom and foresight by forming the BAC, by authorizing the development of the County Bikeways Plan, and by establishing an annual budget for the implementation of the plan.

Sincerely,

Pat Veasart

Chairman, Sierra Club Alternative Transportation Task Force.

10050 San Marcos Rd.
Atascadero, 93422
February 3, 1995

County Engineering Department
attn.: Transportation Planning/ Richard Marshall
County Government Center, Room 207
San Luis Obispo, CA 93408

Dear Mr. Marshall:

As a member of the County Bicycle Advisory Committee, and as its first Chairman, I am pleased to say that this committee has, indeed, functioned as an a true citizens' advisory committee to the County Board of Supervisors in the development of a County Bikeways Plan.

Not only did we conduct all our business according to the requirements of the Brown Act, but we also conducted many public hearings both prior to writing the first draft of the Plan and again prior to presenting the completed draft to the Board. These public forums were held at locations throughout the county so interested parties could easily have access to the committee. They were all well attended, and the committee conscientiously considered all input.

Additionally, on several occasions, several members met with interested community organizations to discuss their unique concerns over elements of the Plan. Such a meeting with groups in Cambria resulted in substantial modifications to the Plan. They were so pleased with our willingness to open communication and compromise that they reported to us later that the Bicycle Advisory Committee was the first government organization with which they have worked that showed a real interest in their community's needs.

My two years' association with the Committee has been rewarded with the development of a superior County Bikeways Plan that provides both vision for the future as well as for the implementation of a usable network of bikeways today to encourage the use of this enjoyable, smog free alternative form of transportation.

Sincerely,

NORTH COUNTY CYCLING CLUB
ATASCADERO, CALIFORNIA
February 3, 1995

County Engineering Department
attn.: Transportation Planning/ Richard Marshall
County Government Center, Room 207
San Luis Obispo, CA 93408

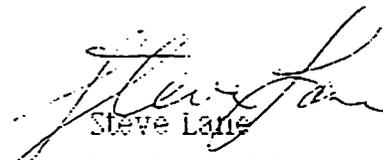

Dear Mr. Marshall

As president of the North County Cycling Club, the only bicycling club representing the northern San Luis Obispo County, I have been greatly encouraged in recent years by the formation of the County Bicycle Advisory Committee and their development of the County Bikeways Plan.

Several members of the North County Cycling Club have assisted in the development of the Plan, and Ed Goshorn, Ron Richman, and Gretchen Potter have served as members of the committee.

The cyclists of this county have been able to contribute ideas for the development of the Plan and are pleased with the comprehensive effort to provide safer roadways for both bicyclists and motorists.

Sincerely,

Steve Lane
President, NCCC

March 10, 1995

Mr. Richard Marshall
Transportation Planning Engineer
County of San Luis Obispo
Room 207, County Government Center
San Luis Obispo, CA 93408

Dear Mr. Marshall:

Thank you for your letter of January 30, 1995 in regard to Bicycle Law Enforcement within the unincorporated area of San Luis Obispo County. The San Luis Obispo Area of the California Highway Patrol (CHP) fully embraces the County's goal for our respective agencies to work together in order to emphasize enhancement of the traffic laws which deal with bicyclists and bikeway facilities.

The CHP is dedicated to taking appropriate enforcement action on all observed equipment and rules of the road violations pertaining to bicycles, and all laws applicable to bicycle lane operation as dictated by Division 11 of the California Vehicle Code. Additionally, the Department is actively involved in the educational aspects of bicycle operation and promotes programs such as local school bicycle safety rodeos and the innovative Office of Traffic Safety grant-funded, "Heads Up, Helmets On." The latter program consists of two elements, the first being a Statewide bicycle safety poster contest, within elementary and middle schools, which awards local winners bicycle helmets and division level winners bicycles and a tour of the State Capital and CHP Headquarters. The second element of the program provides overtime funds for CHP Public Affairs Officers to teach bicycle safety to elementary and middle school students.

We have carefully reviewed Section V of the County Bikeways Plan and concur with the outlined promotional and safety education activities. We also strongly agree with the recommendation that the County of San Luis Obispo and the Bicycle Advisory Committee work closely with the CHP. The emphasis resulting from this liaison should be not only on enforcement, but education as well.

Mr. Richard Marshall

Page 2

March 10, 1995

We look forward to assisting the County in the Bikeways Plan. Our Officers are available to provide safety presentations to students and organized bicycling groups. If we may provide any assistance, please do not hesitate to contact me, or the San Luis Obispo Area Public Affairs Officer Ron Henn at (805) 549-3092.

Sincerely,

A handwritten signature in cursive script, appearing to read "J. M. Phillips", with a horizontal line extending to the right.

J. M. PHILLIPS, Captain
Commander
San Luis Obispo Area
