# 5. INFORMATION Disclosure FORM

San Luis Obispo County Department of Planning and Building File No \_\_\_\_\_

**TIME LIMITS FOR PROCESSING AND PUBLIC NOTICE DISTRIBUTION REQUIREMENTS** - California state law (California Government Code Section 65941.5) requires that the county provide the following information to applicants when a permit application is filed:

Not later than 30 days after a land use or land division application is received, the county must notify the project applicant or designated representative in writing either that the application is complete, or that items are necessary to complete the application. If you are not notified in writing, the application is considered complete. Any land use or land division application receiving a Negative Declaration must be approved or denied within 60 days of its adoption. If the project is exempt under CEQA, the project must be approved or denied within 90 days of acceptance. For land use/land division applications subject to an Environmental Impact Report (EIR), project approval/denial shall be within six months of the certification of the EIR. The County of San Luis Obispo processes the land use application and the environmental review concurrently, so these decisions are made simultaneously. (Government Code Sections 65943 and 65950 et. seq.)

A project applicant may make a written request to the county, to receive notice of any proposal to adopt or amend the general plan and the land use, real property division, building and construction, road name and addressing, and growth management ordinances which might reasonably be expected to affect that applicant's project. The county offers a subscription service for notification of either: (1) all applications received by the county, or (2) Planning Commission agendas. The cost for each of these services is established by the county fee ordinance. (Government Code Section 65945, 659453, and 659455)

When a property was created through recordation of a final or parcel map, and it is within five years of recordation, the county can not withhold or condition the issuance of building permits for residential units based on conformance with conditions that could have been imposed as conditions of the tentative map except where: (1) A failure to do so would place subdivision residents or residents in the immediate area in a condition perilous to health, safety or both; or (2) The condition is required in order to comply with state or federal law. (Government Code Section 65961)

*Copies Government Code Sections are available at the County of San Luis Obispo Law Library, County Government Center, San Luis Obispo, Ca.*

**RIGHT TO FARM DISCLOSURE** - The County of San Luis Obispo recognizes the statewide policy to protect and encourage Agriculture. Sections 3482.5 and 3482.6 of the California Civil Code and Chapter 5.16. of the San Luis Obispo County Code protect certain, pre-existing agricultural production and processing operations ("agricultural operation") from nuisance claims. If your property is near a protected agricultural operation, you may be subject to certain inconveniences and/or discomforts which are protected by law. In order for the agricultural operation to be protected, the following requirements of Civil Code sections 3482.5, and 3482.6 must be satisfied: (1)The agricultural operation must be conducted or maintained for commercial purposes; (2)The agricultural operation must be conducted or maintained in a manner consistent with proper and accepted customs and standards as established and followed by similar agricultural operations in the same locality; (3)The agricultural operation predated the affected use(s) on your property; (4)The agricultural operation has been in existence for more than three years, and (5)The agricultural operation was not a nuisance at the time it began.

If your property is near an agricultural operation in the unincorporated area of the County, which satisfies the above requirements, you may at times be subject to one or more inconveniences and/or discomfort arising from that operation. Such inconveniences may include (depending upon the type of agricultural operation protected), but are not necessarily limited to, the following: noise, odors, fumes, dust, legal pesticide use, fertilizers, smoke, insects, farm personnel and truck traffic, visual impacts, night time lighting, operation of machinery and the storage, warehousing and processing of agricultural products or other inconveniences or discomforts associated with the protected agricultural operations. ## HAZARDOUS WASTE AND SUBSTANCES

Per Government Code section 65962,5, known as the 'Cortese List' (AB3750), I have consulted the following websites/lists to determine if the subject property contains hazardous wastes or substances:

- List of Hazardous Waste and Substances sites from Department of Toxic Substances Control (DTSC) EnviroStor database (<http://www.envirostor.dtsc.ca.gov/public/> )
- List of Leaking Underground Storage Tank Sites by County and Fiscal Year from Water Board GeoTracker database (<http://geotracker.waterboards.ca.gov/> )
- List of solid waste disposal sites identified by Water Board with waste constituents above hazardous waste levels outside the waste management unit (PDF). (<http://www.calepa.ca.gov/SiteCleanup/CorteseList/CurrentList.pdf>)
- List of "active" CDO and CAO from Water Board PLEASE NOTE: This list contains many Cease and Desist Orders and Cleanup and Abatement Orders that do NOT concern the discharge of wastes that are hazardous materials. (<http://www.calepa.ca.gov/SiteCleanup/CorteseList/default.htm>)
- List of hazardous waste facilities subject to corrective action pursuant to Section 25187.5 of the Health and Safety Code, identified by DTSC (<http://www.calepa.ca.gov/SiteCleanup/CorteseList/SectionA.htm> )
