## **Title VI**

The County of San Luis Obispo Department of Public Works (Public Works) has adopted this Title VI Plan to ensure compliance with the provisions of Title VI of the Civil Rights Act of 1964. Title VI prohibits discrimination on the basis of race, color, or national origin in programs or activities receiving federal financial assistance.

Federal Aid recipients, sub-recipients and contractors are required to prevent discrimination and ensure non-discrimination in all of their programs, activities and services whether these programs, activities and services are federally funded or not. The Public Works' Title VI Coordinator is responsible for providing leadership, direction and a program to ensure compliance with Title VI.

### **I. Non-Discrimination Policy**

It is the policy of Public Works that no person shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under, any program or activity on the grounds of race, color, national origin, religion, sex, age, disability, marital status, sexual orientation, or any other protected class enumerated in federal and state law, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, the Federal-Aid Highway Act of 1973, Age Discrimination Act of 1975, the Americans with Disability Act of 1990, Section 504 of the Rehabilitation Act of 1973, Executive Order 12898 and Executive Order 13166.

### **II. Authorities**

Title VI of the 1964 Civil Rights Act provides: "No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." (42 U.S.C. 2000d.) The Civil Rights Restoration Act of 1987 broadened the scope of Title VI coverage by expanding the definition of terms "programs or activities" to include all programs or activities of Federal Aid recipients, sub-recipients, and contractors, whether such programs and activities are federally assisted or not.

### **III. Title VI Plan Organization and Staffing**

#### Agency Administrator

The Director of Public Works, John Diodati (Agency Administrator) is responsible to ensure compliance with Public Works' policy of non-discrimination and applicable laws. The Agency Administrator is responsible for appointing a Title VI Coordinator to perform Title VI functions.

Hall, Administrative Services Division Manager, to perform the duties of the Title VI Coordinator and ensure implementation of the Public Works' Title VI Program. The complaint must be filed within 180 days of the date of the alleged discrimination. The "Title VI Complaint Form" is available online at <https://slocounty.ca.gov/pw> (see [Appendix A](#)) and should be used to detail the complaint, but is not mandatory. ### Complaint Processing

All complaints alleging discrimination will be recorded in Public Works' Complaints Database. This database shall include the date the complaint was filed; a summary of the allegation; the date of the investigation; the status of the investigation or complaint; and actions taken by the recipient or sub-recipient in response to the investigation or complaint. Upon receipt of the complaint, Public Works Title VI Coordinator will determine whether it has jurisdiction over the complaint, whether the required information has been provided, and whether the complaint merits an investigation. The complainant will receive a claim acknowledgement letter (see [Appendix B](#)) within 15 days informing them whether the complaint will be investigated by our office.

All substantiated complaints will be investigated promptly. Upon completion of the investigation, the Title VI Coordinator will complete a final report. The investigation process and final report should take no longer than 90 days after receipt of the complaint. If a Title VI violation is found to exist, a claim determination letter (see [Appendix C](#)) will be issued within 30 days which summarizes the allegations and the interviews regarding the alleged incident and explains the remedial steps as appropriate and necessary to be taken. If no Title VI violation is found, the complainant will receive a claim closure letter (see [Appendix D](#)) within 30 days which summarizes the allegations and states that there was not a Title VI violation and that the case will be closed.

If the Complainant wishes to appeal the decision, they have 30 days after the date of the letter to do so. The Complainant may contact the U.S. Department of Justice, Office of Civil Rights, Attention: Federal Coordination and Compliance Section - NWB, 950 Pennsylvania Avenue, N.W., Washington, D.C. 20530; Phone No. (888) 848-5306.

All records regarding discrimination complaints and remedial actions taken shall be maintained in Public Works' Complaint Database for a period of not less than three years from the final date of resolution of the complaint.

## **V. List of Investigations, Complaints, and Lawsuits**

Public Works does not have any investigations, complaints, or lawsuits with regards to Civil Rights Violations at this time.

## **VI. Self-assessment and remedial action procedures for Agency and Sub-Recipient.**

Public Works will conduct periodic Title VI self-assessment of its programs and activities for compliance. Where applicable, revise policies, procedures and directives to include Title VI requirements.

### Public Works Remedial Action

When irregularities occur in the administration of Title VI programs, corrective action will be taken to resolve identified Title VI issues. Swift action will be taken to correct any deficiencies found by Public Works, Caltrans, or the Federal Highway Administration (FHWA), not to exceed 90 days, in order to implement Title VI compliance in accordance with this plan.

Public Works will periodically conduct Title VI compliance reviews of Consultants, Contractors and Subcontractors. The review of selected recipients of Federal Aid Highway or other Federal funds will be conducted to ensure adherence to Title VI requirements. ## **VII. Public Outreach**

The purpose of public participation is to help ensure that the citizens of the County of San Luis Obispo are kept informed and involved in Public Works' various programs, projects and activities. Public Works is committed to ensuring it serves the citizens in the County of San Luis Obispo by delivering efficient, responsive, and cost-effective public works services that protect and enhance the safety, health, and quality of life in the County of San Luis Obispo. Public Works values public participation and encourages involvement by the community.

Following are the outreach strategies that will be implemented by Public Works in an effort to reach the citizens of the County of San Luis Obispo and provide equal access to up-to-date information and promote an active channel of communication.

### Title VI Program Information

The Title VI Plan, Public Notice (see [Appendix E](#)), Non-discrimination Title VI Policy Statement (see [Appendix F](#)), Complaint Process, Forms and Title VI Brochure (see [Appendix G](#)) are posted on Public Works' website. Public Works' Title VI Policy Statement shall be included in bid specification posting, included by reference of the Presidential Executive Order Number 11246 as amended by Executive Order (1) 75 and as approved by Department of Labor Relations (41 CFR Part 61) construction and consultant contracts and the Public Notice shall be posted at the front counter of the Public Works main office, and all Public Works public access facilities.

### Public Works Website

Public Works maintains a well-organized website that is accessible to the public. The website provides information regarding the different divisions and services within Public Works; news and events; online services; down-loadable materials; Board meeting calendar and agenda; reports; citizen brochures; County road closures; updates on projects and programs;

information regarding public transportation; County of San Luis Obispo's Capital Improvement Plan; Policies and Program information, etc. The public can also find out about bid projects and plans as well as communicate their needs. Public Works provides language translation of its website.

#### Social Media Network

Public Works has a social media network presence on Twitter to support our public outreach efforts. We will use this media forum to disseminate information to the public on events, programs, news releases, media advisories, construction project information, informational videos, new services, etc. Twitter allows for first time users to choose the option of their desired language which enables an individual with Limited English Proficiency (LEP) equal access to information, allowing Public Works to continue promoting a culture of dialogue between the public and Public Works.

#### Public Notices

Public Works will post public notices to our website that will provide contact information, translation capabilities and resources for translation services if language assistance is required.

#### Public Meetings Conducted by the Department

Any meetings that are open to the public will be published on Public Works' website. All meetings will be held in locations accessible to individuals with disabilities. Upon request, translators can be provided, free of charge, to those individuals with LEP.

### **VIII. Title VI Implementing Program Activities**

#### Consultant Contracts Administration

The Director of Public Works is responsible for recommending consultant firms to the Board of Supervisors for final selection, negotiation, and award. Title VI language is incorporated in Public Works' consultant contracts and compliance is verified through periodic compliance reviews as stated in section VI of this document.

#### Title VI Assurances and Provisions

Title VI assurances and provision language is included in all federally funded consultant contracts. Staff will review documents and language to ensure compliance with current laws and regulations.

### Design/Environmental Review Process

The scope, complexity, and impacts of a project will determine which National Environmental Policy Act (NEPA) Environmental Document will be prepared: (1) A Categorical Exclusion (CE) for those actions that have been deemed legislatively or administratively exempt from NEPA; (2) an Environmental Assessment (EA) and Finding of No Significant Impact (FONSI) for actions that will not result in adverse environmental effects; and (3) an Environmental Impact Statement (EIS) for actions that will potentially involve adverse environmental effects.

Public Works will ensure compliance with Title VI requirements in all aspects of conducting an EA or EIS. During the review process, adequate time will be given for appropriate review and comments, as applicable, on draft EIS/EA, to ensure there are no violations of the Federal Civil Rights Act, as amended.

In order to ensure dissemination of information and foster participation from affected populations when preparing an EA or EIS, Public Works' staff will; place public notices in the applicable general and minority media, select accessible locations and times for public hearings or meetings, and arrange for translation services as needed (particularly in projects impacting predominant minority communities). Public Works will ensure that the public will be provided with information pertaining to their rights and given contact information to address environmental concerns.

### Environmental Justice

Public Works strives to identify and address the public works and transportation needs of the citizens of the County of San Luis Obispo and ensures that the benefits and burdens of investments are being fairly distributed. Safety and improving the quality of life of County residents is Public Works' primary concern.

Striving to be transparent in the process of government and insuring access for all is what Public Works strives to do in providing the best, cost-effective facilities and projects to the public. Public Works maintains a staffed public service counter Monday - Friday 8:00 a.m. to 5:00 p.m. for both walk in assistance or contact by phone. Our website accepts comments/requests 24 hours a day 7 days a week for information from the public via a comment section that is monitored and distributed daily.

### Environmental Activities

Executive Order 12898 directs federal agencies to identify and address the disproportionately high and adverse human health and environmental effects of their actions on minority and low-income populations. Subrecipients are required to comply with the federal government's Environmental Justice (EJ) policy by integrating EJ principals into their programs. EJ is the fair treatment of people of all races, cultures, and incomes with respect to the development, adoption, implementation, and enforcement of environmental laws, regulations, and policies.

If a project has a federal permit requirement or a source of federal funding, it is also subject to the National Environmental Policy Act (NEPA) process. Federal projects must analyze the potential environmental effects, including human health, economic, and social effects of their proposed actions on minority and low-income communities when required by NEPA. Any proposed project that will have a disproportionately high and adverse effect on minority or low-income populations will be required to include analysis and provide mitigation measures or alternatives that would avoid or reduce the high and adverse effect.

To comply with NEPA, public involvement and community outreach is necessary during the environmental documentation process, from project scoping to circulation of the draft and final documents for public review and comment. Through this process, EJ is reinforced and offers protection to the low-income and minority communities from discrimination and ensures their full participation.

#### Right of Way Activities

Public Works' Right of Way Agent manages and coordinates the appraisal and acquisition of real property and relocation assistance services for public works projects. The right of way acquisition process entails appraisal of property, negotiation of terms, and conditions for acquisition, and assistance in the relocation of displaced individual, business, farm operations, nonprofit organization, and property management.

Public Works will ensure Title VI compliance of right of way projects as follows:

- a. Ensure equal opportunity in all aspects of procuring real estate service contracting and appraisal agreements.
- b. Follow adopted procurement policies in the acquisition of contracted services.
- c. Incorporate Title VI language and assurance statements in all surveys of property owners and tenants after the conclusion of all business. Coordinate the preparation of deeds, permits, and leases to ensure the inclusion of the appropriate clauses, including Title VI assurances.
- d. Ensure that appraised values and communications associated with the appraisal and negotiation operations result in equitable treatment.
- e. If applicable, ensure comparable replacement dwellings are available and assistance is given to all displaced persons and entities by the property acquisition process.
- f. Assist with communications with property owners, lessees, renters, and others, as appropriate, to help ensure we evaluate applicability of, and compliance with, LEP and EJ requirements for projects. Provide access to information in alternative languages when needed.
- g. Maintain statistical data, including race, color, national origin, age, gender, disability, LEP and income levels on all relocates affected by federally funded projects.

### Construction Activities

Public Works' many divisions are responsible for the planning, design, funding, operating and maintaining of roadways; bridges; buildings; water and wastewater facilities; drainage and related transportation facilities; and water resources. New construction contracts are used as well as in-house personnel, the resources of contractors, vendors, equipment and materials. Public Works' construction project information can be found at the Public Works website with translation capabilities and contact information.

Public Works will ensure Title VI compliance of construction projects as follows:

- a. Review all federally funded projects for application of Disadvantaged Business Enterprise (DBE) goals. As appropriate, include DBE provisions in those projects with designated goals;
- b. Include Title VI language and provision language in all federally funded construction contracts. Documents and language shall be periodically reviewed to ensure compliance with current laws and regulations;
- c. Review and ensure all appropriate Title VI language is placed in bid announcements and applicable construction documents, consistent with the County's Title VI Policy Statement (Appendix F) and Title VI Assurances (Appendix E);
- d. Monitor all maintenance and construction operations to ensure non-discrimination throughout all operations;
- e. Work closely with environmental, and other staff to avoid or minimize the environmental impact of a project during construction; and
- f. Address any LEP or EJ issues.

## **IX. Limited English Proficiency (LEP) Plan Background**

In order to avoid discrimination against LEP persons on the grounds of national origin, Public Works shall take reasonable steps to ensure that such persons have meaningful access to the programs, services and information.

Language barriers prohibit LEP persons from obtaining services and information relating to a variety of services and programs because they may not be able to read instructions or correspondence written in English and may not understand verbal information. When LEP persons receive legal documents, they often do not understand the contents of the correspondence and its implication to their daily lives.

The key to providing meaningful access to LEP persons is to ensure that LEP persons can communicate effectively and act appropriately based on that communication. Minimum reasonable measures would be to ensure that LEP persons are given adequate information, are able to understand that information, and are able to participate effectively in programs or activities.

The foreign language that is most frequently used in the County's geographic area is Spanish and the department has multiple staff that can assist with both verbal and written communications.

Public Works provides an additional monetary compensation to approved bilingual employees. Spanish is the language that the Department currently has under the program, although we have staff that speak six other languages that are available to help if needed. Public Works also maintains a language interpreter list (see [Appendix H](#)) for resources for reference and use as needed.

### LEP Strategies

At a minimum, Public Works will implement the following strategies to serve as guidelines for engaging LEP persons:

- Provide language identification forms (see [Appendix I](#)) which invite LEP persons to identify their language needs to Public Works staff;
- Assure LEP persons have access to staff that are trained and competent in the skill of interpreting/translation;
- Maintain an up to date list of outside interpreter services with trained and competent interpreters that can be used as needed;
- Arrange for the use of a telephone language interpreter service, as needed;
- Establish uniform procedures for timely and effective communication between staff and LEP persons. This includes instructions for English-only speaking employees to obtain assistance from interpreters or bilingual staff when receiving calls from or initiating calls to LEP persons; and
- When Public Works schedules a meeting for which the target audience is expected to include LEP individuals, then documents and agenda's will be printed in the language based on the known LEP populations. Interpreters may be available as needed.

## **X. Staff Training**

Training for front-line staff members, who are often the first point of contact with LEP individuals will be provided to staff, to include:

1. Information on Title VI procedures and LEP responsibilities;
2. Identifying and documenting language needs of LEP persons;
3. How to deliver services effectively to LEP persons;
4. Procuring interpreter services needed;
5. Description of language assistance services offered to the public;
6. Documentation of language assistance requests; and
7. How to handle a potential Title VI/LEP Complaint.
