---------------------------------	--	---------	------	--

Footnote #	Footnote Narrative
1	Surcharge based on a multiple of the initial fee. Set as a deterrent to discourage multiple violations and a means of achieving compliance of code.
2	Fee based on comparable rates with other entities. The division is sensitive to fee increases that would discourage pet redemptions/adoptions and result in overcrowding at the shelter.
3	Fee is set using a comparable fee survey using surrounding shelters.
4	Base fee is set for other exotic animals and horses but fee could increase based on the overall market value of the animal being adopted.
5	In addition to the County approved fees, an additional State surcharge may be applicable and is subject to change after this publication.
6	
7	Full cost of cruelty investigations are included in Restitution documents submitted to the courts during hearing process.
8	Deposit which is refundable upon return of trap. Cost is based on replacement cost of trap.
9	Investigation costs and charges vary accordingly-and include payroll costs of staff involved (both ASD and other agencies), supplies associated with the investigation, any animal care associated (boarding, vet exams, medical, food), and any other administrative costs (copies, postage, etc.).
10	The standard commercial value of the animals for which this fee applies substantially exceeds the cost to perform the adoption service. Fee is set above FCR to be consistent with market value and promote placement of these animals into homes willing and able to meet their special and extensive care requirements.
11	Provides for recovery of costs associated with impound of livestock, exotic, and non-traditional animals.
12	Establishes full cost recovery for intake processing and care of custodial impound animals. (waived for impounds associated with crisis care of owner or animal).
13	Service unit increase is attributed to an increase in low cost clinic opportunities, along with walk in hours at the shelter location.
