PROPOSITION 31 - STATE BUDGET. STATE AND LOCAL GOVERNMENT. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE.
 Establishes two-year state budget. Sets rules for offsetting new expenditures, and Governor budget cuts in fiscal emergencies. Local governments can alter application of laws governing state-funded programs. Fiscal Impact: Decreased state sales tax revenues of \$200 million annually, with corresponding increases of funding to local governments. Other, potentially more significant changes in state and local budgets, depending on future decisions by public officials.

YES NO

PROPOSITION 32 - POLITICAL CONTRIBUTIONS BY PAYROLL DEDUCTION. CONTRIBUTIONS TO CANDIDATES. INITIATIVE STATUTE.
 Prohibits unions from using payroll-deducted funds for political purposes. Applies same use prohibition to payroll deductions, if any, by corporations or government contractors. Prohibits union and corporate contributions to candidates and their committees. Prohibits government contractor contributions to elected officers or their committees. Fiscal Impact: Increased costs to state and local government, potentially exceeding \$1 million annually, to implement and enforce the measure's requirements.

YES NO

PROPOSITION 33 - AUTO INSURANCE COMPANIES. PRICES BASED ON DRIVER'S HISTORY OF INSURANCE COVERAGE. INITIATIVE STATUTE.
 Changes current law to allow insurance companies to set prices based on whether the driver previously carried auto insurance with any insurance company. Allows proportional discount for drivers with some prior coverage. Allows increased cost for drivers without history of continuous coverage. Fiscal Impact: Probably no significant fiscal effect on state insurance premium tax revenues.

YES NO

PROPOSITION 34 - DEATH PENALTY. INITIATIVE STATUTE.
 Repeals death penalty and replaces it with life imprisonment without possibility of parole. Applies retroactively to existing death sentences. Directs \$100 million to law enforcement agencies for investigations of homicide and rape cases. Fiscal Impact: Ongoing state and county criminal justice savings of about \$130 million annually within a few years, which could vary by tens of millions of dollars. One-time state costs of \$100 million for local law enforcement grants.

YES NO

PROPOSITION 35 - HUMAN TRAFFICKING. PENALTIES. INITIATIVE STATUTE.
 Increases prison sentences and fines for human trafficking convictions. Requires convicted human traffickers to register as sex offenders. Requires registered sex offenders to disclose Internet activities and identities. Fiscal Impact: Costs of a few million dollars annually to state and local governments for addressing human trafficking offenses. Potential increased annual fine revenue of a similar amount, dedicated primarily for human trafficking victims.

YES NO

PROPOSITION 36 - THREE STRIKES LAW. REPEAT FELONY OFFENDERS. PENALTIES. INITIATIVE STATUTE.
 Revises law to impose life sentence only when new felony conviction is serious or violent. May authorize re-sentencing if third strike conviction was not serious or violent. Fiscal Impact: Ongoing state correctional savings of around \$70 million annually, with even greater savings (up to \$90 million) over the next couple of decades. These savings could vary significantly depending on future state actions.

YES NO

PROPOSITION 37 - GENETICALLY ENGINEERED FOODS. LABELING. INITIATIVE STATUTE.
 Requires labeling of food sold to consumers made from plants or animals with genetic material changed in specified ways. Prohibits marketing such food, or other processed food, as "natural." Provides exemptions. Fiscal Impact: Increased annual state costs from a few hundred thousand dollars to over \$1 million to regulate the labeling of genetically engineered foods. Additional, but likely not significant, governmental costs to address violations under the measure.

YES NO

PROPOSITION 38 - TAX TO FUND EDUCATION AND EARLY CHILDHOOD PROGRAMS. INITIATIVE STATUTE.
 Increases taxes on earnings using sliding scale, for twelve years. Revenues go to K-12 schools and early childhood programs, and for four years to repaying state debt. Fiscal Impact: Increased state tax revenues for 12 years--roughly \$10 billion annually in initial years, tending to grow over time. Funds used for schools, child care, and preschool, as well as providing savings on state debt payments.

YES NO

PROPOSITION 39 - TAX TREATMENT FOR MULTISTATE BUSINESSES. CLEAN ENERGY AND ENERGY EFFICIENCY FUNDING. INITIATIVE STATUTE.
 Requires multistate businesses to pay income taxes based on percentage of their sales in California. Dedicates revenues for five years to clean/efficient energy projects. Fiscal Impact: Increased state revenues of \$1 billion annually, with half of the revenues over the next five years spent on energy efficiency projects. Of the remaining revenues, a significant portion likely would be spent on schools.

YES NO

PROPOSITION 40 - REDISTRICTING. STATE SENATE DISTRICTS. REFERENDUM.
 A "Yes" vote approves, and a "No" vote rejects, new State Senate districts drawn by the Citizens Redistricting Commission. If rejected, districts will be adjusted by officials supervised by the California Supreme Court. Fiscal Impact: Approving the referendum would have no fiscal impact on the state and local governments. Rejecting the referendum would result in a one-time cost of about \$1 million to the state and counties.

**STATEMENT OF CANDIDATE FOR
U.S. REPRESENTATIVE, 24TH CONGRESSIONAL DISTRICT**

LOIS CAPPS

Occupation: Congresswoman, Nurse

Education and Qualifications: I raised my family on the Central Coast and worked as a nurse and teacher in Santa Barbara public schools. I've been honored to serve San Luis Obispo County in Congress representing your values and priorities.

That's why I have stood up for Middle Class families and voted to crack down on skyrocketing credit card fees and rate increases. It's why I voted to hold Wall Street accountable for its reckless behavior.

I know we can do more to help our economy recover. That's why I support targeted investments in infrastructure, clean energy and high tech research and development: to put people to work and promote new business. And it's why I've worked to increase financial aid to make college more affordable, so our students can compete in a competitive global marketplace.

I will continue to protect Social Security and Medicare. And I will always be a champion for our veterans and their hard-earned benefits. We must safeguard our environment, including protecting the Central Coast from more offshore oil drilling which threatens our scenic coastline, coastal economy and public health. I will continue fighting for sensible healthcare policies, including protecting a woman's right to choose, opposing efforts to block access to birth control or eliminating federal funding for Planned Parenthood. And I voted to ensure equal pay for women.

On November 6th, I would be honored to have your support so we can continue making a positive difference in people's lives.

**STATEMENT OF CANDIDATE FOR
U.S. REPRESENTATIVE, 24TH CONGRESSIONAL DISTRICT**

ABEL MALDONADO

Age: 45

Occupation: Farmer, Business Owner

Education and Qualifications: Irresponsible deficit spending has created a \$15.5 trillion national debt and done little to improve our economy. Isn't it time we hold Washington accountable and fix the failed policies that took America backwards? To spur the economic development, Congress should enact tax credits for employers who create good paying clean jobs. It should develop new energy technologies that spur economic growth by creating good paying clean jobs. Congress should simplify the tax code so employers focus on job creation.

As a boy, I picked strawberries to help my family make ends meet. Good schools took me out of the fields and taught me how to help turn a half-acre plot of land into a family business that employs hundreds of our neighbors. Our children deserve the same kind of opportunities we enjoyed. That's why Congress must invest in education and make college more affordable. It must also strengthen Medicare and Social Security to ensure America keeps its promise to seniors.

To achieve these goals, Washington must stop the irresponsible spending that has wasted billions overseas and billions more on fraud and corruption. It must prevent future bank bailouts and take care of Main Street – not Wall Street.

It should fix a broken health care system by enacting reforms that improve the quality of care, not spend trillions we don't have and raise the cost of health care insurance premiums.

The root of America's problems is that Washington cares about Washington. Isn't it time we elect someone who cares about us?

**DECLARACIÓN DE LA CANDIDATA A
DIPUTADA DE EE. UU., 24.º DISTRITO ELECTORAL**

LOIS CAPPS

Ocupación: Congresista, enfermera

Educación y competencias: Crié a mi familia en la Costa Central y trabajé como enfermera y maestra en escuelas públicas de Santa Bárbara. Ha sido un honor servir al Condado de San Luis Obispo en el Congreso representando sus valores y prioridades.

Por esa razón he defendido a las familias de clase media y he votado para tomar medidas energéticas para acabar con las tarifas que se disparan de las tarjetas de crédito y los aumentos en las tasas de interés. Por eso voté por hacer responsable a Wall Street por su comportamiento imprudente.

Sé que podemos hacer más para ayudar a nuestra economía a recuperarse. Por eso apoyo las inversiones orientadas a la infraestructura, la energía limpia, y la investigación y el desarrollo de alta tecnología: para poner a trabajar a la gente y promover nuevos negocios. Y por esta razón he trabajado para aumentar la ayuda financiera para que la universidad sea más accesible, de manera que nuestros estudiantes puedan competir en un mercado global competitivo.

Continuaré protegiendo el Seguro Social y Medicare. Y siempre seré una firme defensora de nuestros veteranos y de los beneficios que han ganado con mucho esfuerzo. Debemos salvaguardar nuestro ambiente, incluso proteger la Costa Central de la extracción marítima de petróleo que amenaza nuestra pintoresca costa, la economía de la costa y la salud pública. Continuaré luchando por políticas razonables de atención médica, incluida la protección al derecho de la mujer a decidir, oponiéndome a los esfuerzos por bloquear el acceso a los anticonceptivos o a la eliminación de los fondos federales para la planificación familiar. Y voté para asegurar una paga igualitaria para las mujeres.

El 6 de noviembre, sería un honor tener su apoyo para que podamos continuar haciendo una diferencia positiva en la vida de las personas.

**DECLARACIÓN DEL CANDIDATO A
DIPUTADO DE EE. UU., 24.º DISTRITO ELECTORAL**

ABEL MALDONADO

Edad: 45

Ocupación: Agricultor, propietario de empresa

Educación y competencias: El gasto irresponsable del déficit ha creado una deuda nacional de \$15.5 billones y ha hecho poco por mejorar nuestra economía. ¿No es tiempo de que Washington se haga responsable y arregle las políticas fallidas que hicieron que Estados Unidos retrocediera? Para estimular el desarrollo de la economía, el Congreso debe establecer créditos fiscales para los empleadores que crean trabajos transparentes con buena paga. Debe desarrollar nuevas tecnologías de energía que estimulen el crecimiento económico mediante la creación de trabajos transparentes con buena paga. El Congreso debe simplificar el código financiero para que los empleadores se enfoquen en la creación de empleos.

De niño, recogía fresas para ayudar a mi familia a salir adelante. Las buenas escuelas me sacaron de los campos y me enseñaron cómo convertir un terreno de aproximadamente 2020 metros cuadrados en un negocio familiar que emplee a cientos de nuestros vecinos. Nuestros niños merecen el mismo tipo de oportunidades de las que nosotros disfrutamos. Por eso el Congreso debe invertir en educación y hacer la universidad más accesible. También debe reforzar Medicare y el Seguro Social para asegurar que Estados Unidos cumpla su promesa a los ancianos.

Para alcanzar estos objetivos, Washington debe detener el gasto irresponsable que ha desperdiciado miles de millones en el extranjero y miles de millones más en fraude y corrupción. Debe evitar que se tengan que hacer rescates futuros a los bancos y ocuparse de Main Street y no de Wall Street.

Debe arreglar el sistema descompuesto de la atención médica mediante la promulgación de reformas que mejoren la calidad de la atención, no gastar billones que no tenemos y elevar el costo de las primas de seguros de atención médica.

La raíz de los problemas de Estados Unidos es que Washington se preocupa por Washington. ¿No es tiempo de elegir a alguien que se preocupe por nosotros?

**STATEMENT OF CANDIDATE FOR
STATE SENATOR, 17TH DISTRICT**

LARRY BEAMAN

Age: 39

Occupation: Local Businessman, School Board Trustee, Youth Soccer Coach

Education and Qualifications: Why re-elect the same old politicians who have utterly failed to fix our problems? They tax and spend money we don't have, and we get more debt and no reform. Lawmakers have given way to the special interests and lobbyists with big money. This corrosive combination has resulted in bad laws and very poor budgeting. Disapproval ratings are at an all-time high for State Legislators from both parties. Voters have come to accept that California is broke and Sacramento is broken.

Let's start by electing someone new... with a youthful and optimistic perspective. My candidacy offers new energy & fresh leadership on how to best save our State. Your vote for Larry Beaman is a wise investment in a brighter future for California. I am married and the proud Father of three public school-aged children. Currently, I am honored to serve our community as the Board President for the Scotts Valley Unified School District. Other notable community service includes being an active member of the Chamber of Commerce, Kiwanis and coaching youth soccer teams.

Approximately one-half of our California state budget goes to Education. Children and taxpayers need to get more accountability from that massive investment. Our State leaders must work more closely with parents, teachers & students to support excellence and performance in the classroom. California cannot afford to spend Billions for extraneous bureaucracy.

As your Senator, "We, the People" must work together as partners and discover real solutions for California. Let's begin today! Vote Larry Beaman for Senate. (831) 430-2053 or larrybeaman@sbcglobal.net

**STATEMENT OF CANDIDATE FOR
STATE SENATOR, 17TH DISTRICT**

BILL MONNING

Occupation: Assemblymember

Education and Qualifications: Since 2008, when I was elected to the Assembly, I've used my skills in conflict resolution and mediation to tackle our state's challenges. That's why I'm asking you to send me to the State Senate. Because experience and judgment matter.

As an Assemblymember, I can tell you that in Sacramento – as bad as things seem in the headlines – persistence and determination get things done. I've had 26 bills signed into law, under both Republican and Democratic Governors.

With your support, I would be honored to represent the people of San Luis Obispo County.

I want to build on my service as Chair of the Assembly Committee on Health, promoting healthy lifestyles, battling the scourge of childhood obesity, and protecting our most vulnerable, including people with mental health issues and the disabled living in long-term care facilities.

I'll continue to focus on the environment and job growth by supporting agriculture, tourism, and small businesses, including the many farms, ranches, and wineries critical to the County's economic health. I'll make sure we're providing our schools, colleges, and universities the funding that allows our kids to thrive. And, I'll keep pushing for greater highway safety improvements, and fight to give our first responders the support they need to keep our communities safe.

On November 6th, you can be part of the solution. Together, we can preserve what's special about San Luis Obispo County and keep California moving forward.

I'd be honored to receive your vote. For more information, please visit www.billmonning.org.

DECLARACIÓN DEL CANDIDATO A SENADOR ESTATAL, 17.º DISTRITO

BILL MONNING

Ocupación: Miembro de la Asamblea

Educación y competencia: Desde 2008, cuando me eligieron para la Asamblea, he usado mis habilidades de resolución y mediación de conflictos para enfrentar los retos de nuestro estado. Es por eso que le pido que me envíe al Senado Estatal. Porque la experiencia y el juicio importan.

Como miembro de la Asamblea, le puedo decir que en Sacramento, aun cuando los titulares indican que las cosas andan mal, la persistencia y la determinación logran que las cosas se hagan. En periodos de gobernadores tanto republicanos como demócratas, he logrado que se aprueben 26 proyectos de ley.

Con su apoyo, sería un honor representar a la gente del Condado de San Luis Obispo.

Quiero ampliar mi servicio como presidente del Comité de Salud de la Asamblea, al promover estilos de vida saludables, frenar el flagelo de la obesidad infantil y proteger a la gente más vulnerable, incluidas las personas con problemas de salud mental y con discapacidades que viven en establecimientos de cuidado a largo plazo.

Seguiré concentrándome en el ambiente y el crecimiento de empleos mediante el apoyo a la agricultura, al turismo y a los pequeños negocios, incluidas las diversas granjas, ranchos y bodegas que son fundamentales en la salud económica del condado. Me aseguraré de que nuestras escuelas y universidades cuenten con los fondos para que nuestros hijos salgan adelante. Y seguiré impulsando mejoras más grandes en la seguridad de las carreteras, y lucharé para dar a nuestros socorristas el apoyo que necesiten para mantener nuestras comunidades a salvo.

El 6 de noviembre, usted puede ser parte de la solución. Juntos podemos conservar lo que hace especial al Condado de San Luis Obispo y hacer que California siga progresando.

Sería un honor para mí recibir su voto. Para obtener más información, visite la página www.billmonning.org.

**STATEMENT OF CANDIDATE FOR
GOVERNING BOARD MEMBER, TRUSTEE AREA NO. 2
San Luis Obispo County Community College District**

BARBARA GEORGE

Occupation: Retired Educator

Education and Qualifications: Cuesta College is a treasure we need to preserve. I am the right person at the right time to bring leadership and vision to respond to Cuesta's challenges. I have experience in community college budget preparation and management, and in acquiring other sources of funding. I served on every Cuesta accreditation team until 2004 when it was acclaimed one of the finest colleges anywhere. I was selected to serve on accreditation teams for other colleges in California, Washington and Utah.

I have lived and worked in SLO County for 42 years--as Director of Recreation for Morro Bay and as a counselor for the County Office of Education. As a Cuesta College Administrator, I built the Cuesta Foundation, raised and managed assets of \$18 million which provided funding for students, faculty, programs and services. I collaborated to raise funds to establish the Paso Robles campus which now serves thousands of students.

As Trustee I will be informed, prepared and accessible. I am an independent thinker with success in collaborative problem-solving. I bring solid judgment, informed thinking and an abiding and deep commitment to the success of Cuesta College -- its students, faculty and staff -- and the communities it serves.

**STATEMENT OF CANDIDATE FOR
GOVERNING BOARD MEMBER, TRUSTEE AREA NO. 2
San Luis Obispo County Community College District**

DAVID M. BALDWIN

Age: 45

Occupation: Business Representative, Trustee

Education and Qualifications: In my current capacity as a trustee of two employee pension plans, I am part of a team that oversees administration, ensures legal compliance, develops policy and evaluates service providers that the board hires and manages.

I take seriously the high standard of conduct required of those put in a position of trust.

I am committed to the principle of fiscal prudence that is at the heart of everything a trustee does.

Cuesta College is one of three community colleges in California that is threatened with losing its accreditation. I will use the experience and leadership I've developed over 16 years as a trustee and board chairman to ensure Cuesta is once again recognized as a leading community college.

It is time for new ideas and common sense problem solving at Cuesta.

Cuesta belongs to all of us and is at the center of educational opportunity for both traditional and non-traditional students. I feel a responsibility, a desire and a duty to the community where I have lived for 45 years to ensure Cuesta survives as an essential local institution.

My experience as a trustee gives me a unique opportunity to do so with a fresh, open-minded and informed perspective.

We are also embarking on a project to fully utilize our sewer plant and stop our dependence on the City of Paso Robles. This is a plan that has been many years in the making. I have the experience and knowledge to move this project and Templeton forward. In spite of the struggling economy, the Templeton Community Services District has tightened its belt and is making it through these hard times. I have pushed to maintain the programs that are important to the residents, including concerts in the park, the Easter Egg Hunt and the many family sports programs we offer. I will continue to work hard and provide leadership to protect Templeton's rural hometown lifestyle and move us forward to provide more efficient and effective community services.

BONDS - YES

BONDS - NO

Bond proceeds will be expended to modernize, replace, renovate, construct, acquire, equip, rebuild and furnish the District's facilities as described in the following list. Whenever specific items are included in the following list, they are presented to provide an example and are not intended to limit the generality of the broader description of authorized projects.

The facilities and improvements to be financed by the bonds issued for the District include the modernization, replacement, renovation, construction, acquisition, equipping, furnishing, and other improvements to the District's schools and facilities.

Such projects shall include:

- Installation and upgrading of electrical systems to improve student access to computers and modern technology
- Removal and replacement of portable classrooms
- Repair and expansion of District's vocational education facilities (welding, engineering, medical and science technology, and construction trades)
- Repair and replacement of deteriorating roofs
- Construction, repair, renovation, acquisition, furnishing, equipping and/or remodeling of facilities and classrooms throughout the District
- Upgrading and replacing outdated heating, ventilation, and air-conditioning (HVAC) systems

- Replacement or installation of security features such as fencing, cameras, or lighting systems

Approval of the District's bond measure does not guarantee that the Projects that are the subject of the measure will be funded beyond the local revenues generated by the bond measure. The District's proposed Projects may assume the receipt of state funds, which could be subject to appropriation by the Legislature or approved at a statewide bond measure.

Additionally, the Templeton Unified School District shall establish a Citizen's Oversight Committee (the "Committee") and will appoint the members of the Committee to be made up of a minimum of seven members comprised of at least the following: one member shall be active in a business organization representing the business community located within the District, one member shall be active in a senior citizens' organization, one member shall be active in a bona fide taxpayer's organization, one member shall be the parent or guardian of a child enrolled in the District, one member shall be both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization. The District shall cause the proceeds of the Bonds to be deposited in a separate account. The District shall annually cause to be prepared financial and performance audits related to the expenditure of the Bond proceeds to ensure funds have only been expended on the specific Projects listed. The District shall also cause an annual report to be prepared by the District's Chief Business Official, containing a status report of all the authorized Projects and containing the amount of funds collected and expended.

IMPARTIAL ANALYSIS OF MEASURE H-12

This measure will determine whether the Templeton Unified School District shall issue \$35 million in bonds for the purpose of improving school and education facilities within the District.

California Constitution, Article XIII A, Section 1(b)(3), authorizes the District to incur bonded indebtedness for the purpose of financing the construction, reconstruction, rehabilitation, or replacement of school facilities, in accordance with certain accountability requirements, upon approval of 55% of the voters voting on the measure.

If approved, this measure will allow the District to issue up to \$35 million in bonds, at an interest rate not to exceed the statutory limit permitted by law. The bonds may be issued pursuant to Government Code section 54400 or Education Code section 15144, which carry different maximum terms that the bonds or any series of bonds may run. The proceeds of the bonds shall be used for the purpose of replacing portable classrooms; expanding vocational education facilities; and renovating, equipping, acquiring, and constructing classrooms and other school facilities throughout the District.

The bonds and interest will be financed by ad valorem taxes levied annually on taxable real property within the District, and will be in addition to the property taxes currently levied within the District. The District's Tax Rate Statement, which accompanies this analysis, reflects an estimate of the maximum property tax levies required to service the bonds.

The measure includes the following accountability provisions:

1. A list of the specific facilities projects to be funded and certification that the District Board has evaluated safety, class size reduction and information technology needs in developing that list.
2. That the proceeds from the bond sale shall be used only for the purposes listed in the measure and not for any other purpose. (The statement of the proposition on the ballot indicates that the proceeds will not be used for administrator's salaries, as required by Article III A, Section 1(b)(3)(A).)
3. That the District Board will conduct an annual, independent performance audit to ensure that the funds have been spent only on the specific facilities projects listed in the measure.
4. That the District Board will conduct an annual, independent financial audit of the proceeds from the sale of the bonds until all of such proceeds from the sale of the bonds have been spent for the facilities projects listed in the measure.
5. That the District will maintain the bond sale proceeds in a separate account and shall cause a report to be filed in accordance with Government Code section 53411.
6. That the District Board shall establish a citizens' oversight committee to monitor expenditures and to ensure that bond proceeds are used to fund the specific projects listed in the full text of the measure.

"Yes" on this measure is a vote in favor of the issuance of \$35 million in bonds to be used for improving the District's school facilities.

"No" on this measure is a vote against the issuance of \$35 million in bonds to be used for improving the District's school facilities.

TAX RATE STATEMENT FOR MEASURE H-12

An election will be held in the Templeton Unified School District (the "District") on November 6, 2012, to authorize the sale of up to \$35,000,000 in bonds of the District to continue improving the quality of education in local schools. Specifically, bond proceeds shall be utilized for the purposes of increasing student computer/technology access; expanding vocational education facilities; and acquiring, construction and modernizing classrooms and school facilities throughout the District.

If the bonds are authorized and sold, debt service thereon will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California.

1. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 6¢ per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2013 - 2014.
2. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 6¢ per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2019 - 2020.
3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is 6¢ per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2013 - 2014.
4. The best estimate of the average tax rate which would be required to be levied to fund this bond issue during the life of the bonds, based on estimated assessed valuations available at the time of filing of this statement, is 6¢ per \$100 (\$60.00 per \$100,000) of assessed valuation.

Voters should note that the estimated tax rates are based on the *ASSESSED VALUE* of taxable property on the County's official tax rolls, *not* on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on the need for construction funds and other factors, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

ARGUMENT IN FAVOR OF MEASURE H-12

Templeton is a strong and thriving community, known throughout the area for the strength of its schools. But many of our school buildings and classrooms were built over 30 years ago and need major upgrades and improvements to meet today's technological, educational and safety standards.

Your YES vote on Measure H-12 will create a lasting, positive impact on the quality of our schools and neighborhoods and the values of our homes.

Measure H-12 makes financial sense and has taxpayer protections in place:

- Funds can only be spent on improving Templeton's schools
- No funds can be spent on salaries, pensions, benefits or other operating expenses
- All expenditures will be reviewed by an independent citizens' oversight committee and annually audited
- Interest rates are at historic lows. By borrowing at these lower rates, taxpayers will save millions of dollars in interest
- By law, Measure H-12 funds **MUST** be used for our children's schools and **CANNOT BE TAKEN AWAY BY THE STATE AND SPENT ELSEWHERE!**

Measure H-12 will improve our children's classrooms and school facilities by:

- Expanding vocational education program facilities for welding, engineering, medical and science technology, and construction trades
- Upgrading classrooms with up-to-date computers and wireless technology
- Repairing and replacing leaky roofs
- Repairing and modernizing aging school facilities throughout the District including temporary classrooms that are past their useful life and must be replaced
- Upgrading and replacing outdated heating, ventilation, and air-conditioning units

Measure H-12 will improve our children's education, help maintain housing values, and stimulate our local economy.

Please join us and VOTE YES ON MEASURE H-12!

WHAT'S NEW FOR THIS ELECTION

Top Two “Voter-Nominated” Candidates

What is it?

In 2010, California voters approved Proposition 14 creating the “Top-Two Primary,” which replaced the traditional party-nominated primary. Only the candidates who receive the highest and second-highest number of votes cast during the Primary election advance to the General election. Write-in candidates are no longer allowed for these contests during the General election. The new rules apply to U.S. Senate, U.S. Congressional, statewide and state legislative offices. The rules for non-partisan contests (i.e. counties, cities, school and special districts) did not change.

Party Preference and Political Party Endorsement

The term “party preference” is now used in place of the term “party affiliation”. On the ballot, the political party preference, or no party preference, as indicated on the candidate’s voter registration is listed next to or below the candidate’s name. The party designation is shown on the ballot for the information of the voters only and it does not constitute or imply an endorsement by the party designated. Parties may provide a list of candidates who have received the official endorsement of the party for printing in this booklet.
