MEASURES TO BE SUBMITTED TO THE VOTERS

STATE

PROPOSITION 1
WATER BOND. FUNDING FOR WATER QUALITY, SUPPLY, TREATMENT, AND STORAGE PROJECTS.
 Authorizes \$7.545 billion in general obligation bonds for state water supply infrastructure projects, including surface and groundwater storage, ecosystem and watershed protection and restoration, and drinking water protection. Fiscal Impact: Increased state bond costs averaging \$360 million annually over 40 years. Local government savings for water-related projects, likely averaging a couple hundred million dollars annually over the next few decades.

YES NO

PROPOSITION 2
STATE BUDGET. BUDGET STABILIZATION ACCOUNT. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Requires annual transfer of state general fund revenues to budget stabilization account. Requires half the revenues be used to repay state debts. Limits use of remaining funds to emergencies or budget deficits. Fiscal Impact: Long-term state savings from faster payment of existing debts. Different levels of state budget reserves, depending on economy and decisions by elected officials. Smaller local reserves for some school districts.

YES NO

PROPOSITION 45
HEALTHCARE INSURANCE. RATE CHANGES. INITIATIVE STATUTE. Requires Insurance Commissioner's approval before health insurer can change its rates or anything else affecting the charges associated with health insurance. Provides for public notice, disclosure, and hearing, and subsequent judicial review. Exempts employer large group health plans. Fiscal Impact: Increased state administrative costs to regulate health insurance, likely not exceeding the low millions of dollars annually in most years, funded from fees paid by health insurance companies.

YES NO

PROPOSITION 46
DRUG AND ALCOHOL TESTING OF DOCTORS. MEDICAL NEGLIGENCE LAWSUITS. INITIATIVE STATUTE. Requires drug testing of doctors. Requires review of statewide prescription database before prescribing controlled substances. Increases \$250,000 pain/suffering cap in medical negligence lawsuits for inflation. Fiscal Impact: State and local government costs from raising the cap on medical malpractice damages ranging from tens of millions to several hundred million dollars annually, offset to some extent by savings from requirements on health care providers.

YES NO

PROPOSITION 47
CRIMINAL SENTENCES. MISDEMEANOR PENALTIES. INITIATIVE STATUTE. Requires misdemeanor sentence instead of felony for certain drug and property offenses. Inapplicable to persons with prior conviction for serious or violent crime and registered sex offenders. Fiscal Impact: State and county criminal justice savings potentially in the high hundreds of millions of dollars annually. State savings spent on school truancy and dropout prevention, mental health and substance abuse treatment, and victim services.

YES NO

PROPOSITION 48
INDIAN GAMING COMPACTS. REFERENDUM. A "Yes" vote approves, and a "No" vote rejects, tribal gaming compacts between the state and the North Fork Rancheria of Mono Indians and the Wiyot Tribe. Fiscal Impact: One-time payments (\$16 million to \$35 million) and for 20 years annual payments (\$10 million) from Indian tribes to state and local governments to address costs related to the operation of a new casino.

**STATEMENT OF CANDIDATE FOR
U.S. REPRESENTATIVE, 24TH CONGRESSIONAL DISTRICT**

LOIS CAPPS

Occupation: Member of Congress

Education and Qualifications: I've been honored to serve San Luis Obispo County in Congress, representing your values and priorities. My commitment to serving you comes from my experience raising my family here on the Central Coast, and working as a nurse and teacher in our public schools.

I know what a special place the Central Coast is. That's why I've worked in Congress for all our communities, helping rebuild Highway 46, funding Cal Poly research and supporting our agriculture industry. I am proud of my work to safeguard our environment, protecting the Central Coast from the threat of more offshore oil drilling.

I am committed to growing our economy in a way that helps middle class families. That's why I support targeted investments in infrastructure, clean energy and high tech research and development - to put people to work and promote new business. And it's why I have worked to make high-quality education available for our children and to increase financial aid to make college more affordable.

I will continue to protect Social Security and Medicare. And I will always be a champion for our veterans and their hard-earned benefits. I support sensible healthcare policies that improve quality, expand access and lower costs. And I will always protect women's access to comprehensive healthcare, such as birth control.

On November 4th, I would be honored to have your support so we can continue making a positive difference in people's lives.

Please visit www.cappsforcongress.com or call 805-884-0202 for more information. Thank you.

**STATEMENT OF CANDIDATE FOR
U.S. REPRESENTATIVE, 24TH CONGRESSIONAL DISTRICT**

CHRIS MITCHUM

Occupation: Actor, Writer, Businessman

Education and Qualifications: University of Pennsylvania, Trinity College/Dublin, University of Arizona, BA Literature

I believe passionately in the promise of America: With Liberty comes opportunity. I will work hard to represent you and you will always know where I stand. My first priority is jumpstarting the anemic economic recovery to create jobs and generate revenue to invest in schools and infrastructure. I'll work for a commonsense budget, tax reform, and get control of our national debt. It's irresponsible to burden our children and grandchildren with crushing debt.

I know we can protect our natural resources, and still ensure energy independence and affordability. We can keep our nation safe without sacrificing personal privacy to government. I will lead efforts to restore Medicare cuts and replace ObamaCare with a better plan that reduces costs, improves quality, and ensures everyone can choose their own plan and doctor.

Today, we have chronic problems. The real issue, however, is America's future: Are we going to be a Constitutional Republic which safeguards our freedom or continue to cede our rights to big, invasive government telling us what freedoms we're allowed? I choose Liberty. I hope you will too. I respectfully ask for your vote. www.MitchumForCongress.com

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE STATE ASSEMBLY, 35th DISTRICT**

HEIDI HARMON

Age: 44

Occupation: Educator

Education and Qualifications: I am a native Californian, 25-year resident of SLO, and a Cal Poly graduate. I am strongly committed to making our communities safe, secure, and economically viable. We must do better for future generations and ourselves. The old ways of doing the people's business are broken and it's time for an independent leader committed to people - not corporations. I am that leader. We have a "pay to play" political system that creates policies that hurt working people. This is fundamentally unfair to everybody except a powerful minority.

The most pressing issue facing us is our decreasing water supply. Climate change is greatly worsening our drought and is the biggest threat to our local economy, security, and public health. By acting now, new jobs and businesses will be created through innovative resource management and renewable energy. With my leadership, we can have the water we need and leave our dependence on foreign oil behind. I will put people before profits by fighting for workers, women, and our children. It's time for wage increases, access to health care, and meaningful gun reform. We deserve a government that works for all of us. Please vote for Heidi Harmon for Assembly.

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE STATE ASSEMBLY, 35th DISTRICT**

K. H. "KATCHO" ACHADJIAN

Age: 63

Occupation: Small Businessman, Assemblyman

Education and Qualifications: As your Assemblyman I have brought to Sacramento the values and work ethic of the Central Coast that served me well as a county supervisor.

During my time in the State Legislature, I have worked in a bipartisan manner to enact policies that reflect the needs of my constituents. Whether it's fighting against higher taxes, protecting the rights of local governments, or working to streamline burdensome regulations that drive businesses out of state, every decision I make as your Assemblyman reflects my honest assessment of what is best for the Central Coast and California.

While I am pleased that California's economy appears to be on the rebound and that progress has been made towards reducing the structural budget deficit, we still have plenty of work to do. Despite increasing revenue, the State must control its spending in order to prevent another recession and avoid painful cuts. As a proud graduate of Cal Poly San Luis Obispo, I believe education funding should be among our highest priorities and I remain committed to restoring funding to higher education and the K-12 school system.

With your help, I will return to Sacramento and fight for the type of common sense policies that will streamline government, encourage job growth, and ensure that we have the resources necessary to protect public safety and to fund our schools, colleges and universities without overburdening hardworking taxpayers.

I would be honored to once again have your support.

**DECLARACIÓN DEL CANDIDATO A
MIEMBRO DE LA ASAMBLEA ESTATAL, DISTRITO 35**

K. H. "KATCHO" ACHADJIAN

Edad: 63

Ocupación: Pequeño Empresario, Asambleísta

Educación y Competencias: Como Asambleísta he aportado a Sacramento los valores y la ética de trabajo de la Costa Central que me fue muy útil como supervisor del condado.

Durante mi cargo en la Legislatura Estatal, he trabajado de forma bipartidista para adoptar políticas que reflejan las necesidades de mis electores. Ya sea luchando en contra del aumento de impuestos, protegiendo los derechos de los gobiernos locales o trabajando para reestructurar regulaciones complicadas que hacen que los negocios salgan del Estado, cada decisión que tomo como Asambleísta refleja mi apreciación honesta de lo que es mejor para la Costa Central y para California.

Si bien estoy satisfecho de que la economía de California se esté restableciendo y de que se haya progresado para reducir el déficit presupuestario estructural, todavía tenemos mucho trabajo que hacer. A pesar del aumento del ingreso, el Estado debe controlar sus gastos para impedir otra recesión y evitar recortes difíciles. Orgullosamente graduado de Cal Poly San Luis Obispo, considero que el financiamiento de la educación debe estar entre nuestras prioridades más altas y sigo comprometido en restaurar el financiamiento de la educación superior y del sistema escolar a nivel jardín de niños a 12.º grado.

Con su ayuda, regresaré a Sacramento y lucharé por las políticas de sentido común que modernizarán al gobierno, fomentarán el crecimiento del empleo, y asegurarán que tengamos los recursos necesarios para proteger la seguridad pública y para financiar nuestras escuelas y universidades sin sobrecargar a los contribuyentes trabajadores.

Sería un honor para mí contar de nuevo con su apoyo.

**STATEMENT OF CANDIDATE FOR
GOVERNING BOARD MEMBER
Atascadero Unified School District
Two Year Term**

MARY KAY MILLS

Age: 39

Occupation: Small Business Owner

Education and Qualifications: I attended Atascadero schools from kindergarten through my graduation from AHS in 1993 under my maiden name: Mary Kay McDaniel. My children are attending, or have attended Atascadero schools, as did my parents. I have coached youth sports for 15 years, served as president of Atascadero Girls Softball for 3 years, served on the Atascadero Youth Soccer board and currently serve on the AHS Athletic Boosters Board as Secretary. Although I have been very involved in Atascadero athletic programs, a solid education is, and will be, my primary goal and responsibility.

My husband and I own Aaron Mills Construction Inc. and Rocky Canyon Kennels. As a small business owner, I understand the importance of fiscal responsibility, proper record keeping, paying bills and making payroll on time.

I am driven by my desire to see that every child in the district receives a quality education in order to succeed in life and grow to be a responsible and productive adult. I want to give back to my community and will be honored to be given the opportunity to serve on the AUSD School Board.

**STATEMENT OF CANDIDATE FOR
GOVERNING BOARD MEMBER
Atascadero Unified School District
Two Year Term**

DANA M. CUMMINGS

Age: 44

Occupation: Veterans Service Officer

Education and Qualifications: I am the County Veterans Service Officer. I serve on the County Homeless Services Oversight Committee (H-SOC). I'm Treasurer for the California Association of Veterans Service Officers. I'm a Lifetime Member of the Veterans of Foreign Wars, Disabled American Veterans, and the American Legion. I served in the U.S. Marine Corps. I have a degree in Computer Information Systems, was director of the non-profit AmpSurf for 12 years and I coach AYSO soccer.

I want to bring my leadership experience to our school district. I have 3 children, who will be going to school in the district until 2030, so I have a vested interest in ensuring that there is leadership in place that will help them be successful. With your vote I intend to support all the children of our district by ensuring that they receive a quality education, have quality staff to teach them, and quality facilities to learn in.

My goal is to be an independent voice and your advocate on the Board. I am committed to responsible spending of taxpayers' dollars, maintaining accessible and affordable education for district students, providing needed resources for staff and classrooms, while maintaining high academic standards. Your vote is greatly appreciated.

**STATEMENT OF CANDIDATE FOR
COUNTY CLERK-RECORDER**

TOMMY GONG

Age: 49

Occupation: Assistant Clerk-Recorder, Bruce Lee Foundation Director, Leadership SLO Alumni

Education and Qualifications: In 2005, the current Clerk-Recorder selected me to be the second-in-command in the office. As the assistant department head, I oversee the department's many deputy clerk-recorders. I am on the upper management team that conducts elections, develops the annual budget, sets departmental policy, and makes personnel decisions.

As your Clerk-Recorder I pledge to continue excellence in public service by protecting county records and conducting fair and impartial elections. I will embrace new and updated election and recording technologies to modernize the office, increasing transparency and better serving the public.

Prior to moving my family to San Luis Obispo County, I earned a bachelor's degree from U.C. Berkeley, a Master's of Business Administration from San Francisco State University, and a California Professional Election Administration Certification. I am currently pursuing a three-year national program to become a Certified Elections/Registration Administrator.

My record of efficient, effective, and non-partisan leadership has earned my candidacy the support of all five County Supervisors (Mecham, Arnold, Hill, Gibson & Ray), Sheriff Ian Parkinson, District Attorney-elect Dan Dow, Assessor Tom Bordonaro, School Superintendent Julian Crocker, numerous City Councilmembers and community leaders from across the county.

I respectfully request your vote. Please visit www.tommygong.com.

AMANDA S. KING

Occupation: Deputy Clerk-Recorder and Precinct Worker Trainer

Education and Qualifications: A vote for me, Amanda King, is a vote for continued quality customer service from the County Clerk-Recorder's office. I have the experience that matters.

You already know me from my over 8 years in the Clerk-Recorder's office. You may have seen me recording official documents or clerking for Assessment Appeals Board meetings. Perhaps I issued your marriage license, filed your Notary or FBN, or filled your vital records request. Maybe you checked the accessibility of your polling place on the website and saw the photo progression I conceived. When you were voting, I was there, helping elections run smoothly by training precinct workers.

You know me, and I know the County Clerk-Recorder's Office.

I am committed to conducting transparent and honest elections, eliminating fraudulent document recordings, processing timely vital requests, and keeping an accurate record of public meetings. My education in conflict resolution and my customer support experience will keep the office running smoothly. I am proud to have spent these last 8 years enhancing the economic, environmental, and social quality of life in San Luis Obispo County each and every day.

**SAN LUIS OBISPO COUNTY COMMUNITY COLLEGE DISTRICT
FULL TEXT OF MEASURE L-14**

**CUESTA COLLEGE AFFORDABLE EDUCATION, JOB TRAINING/
CAMPUS REPAIR MEASURE.** To repair, construct/acquire facilities, sites/equipment, prepare students/returning veterans for universities/good paying jobs, address severe budget cuts by updating aging classrooms, improving/maintaining nursing, paramedic, 9-1-1 medical training, welding, engineering, automotive, early childhood education/other career education programs, repairing deteriorating gas/electrical lines, upgrading technology, shall San Luis Obispo County Community College District issue \$275,000,000 in bonds at legal rates, requiring citizens' oversight, independent audits, all funds used locally?

Bonds—Yes

Bonds—No

PROJECTS

The Board of Trustees of the San Luis Obispo County Community College District, to be responsive to the needs of its community, evaluated Cuesta College's urgent and critical facility needs, and its capacity to provide students, active military and **Veterans** with support facilities, an **affordable education** and prepare them for success in college and careers. Job training, safety issues, enrollment, class size reduction and class offerings, and information and computer technology infrastructure were each considered, in developing the scope of projects to be funded, as outlined in the District's Facilities Master Plan, incorporated herein by reference in its entirety (the "Master Plans"), and available for review on the District's website (www.cuesta.edu). In developing the scope of projects, the faculty, staff, students and community have **prioritized local job training and job placement needs**, particularly in automotive, technology, paramedic/911 emergency medical training, as well as facilities available to support an affordable education, so that the most critical needs that will make the Cuesta College an effective place for learning, would be addressed. In the course of developing the Master Plans, public input was received from hundreds of constituents. It was concluded that if these facility needs were not addressed now, the Cuesta College would be unable to remain competitive in preparing students for jobs in high demand industries and university transfer. The Board concluded that the longer they waited to repair and upgrade Cuesta College, the more expensive it would be. **In implementing the Master Plan for the Cuesta College, the Board of Trustees determines that Cuesta College MUST:**

- (i) **Provide AFFORDABLE, LOW-COST, HIGH QUALITY EDUCATION in San Luis Obispo County needed to successfully transfer to four-year universities, and earn job skills; and**
- (ii) **Expand career and SUPPORT FACILITIES FOR VETERANS and military personnel;**
- (iii) **Provide essential job training and workforce preparation for students of all ages, including among others, training for paramedics, nurses and emergency medical responders; and**

- (iv) **Adhere to stringent FISCAL ACCOUNTABILITY safeguards including:**
- (a) **REQUIRE ANNUAL FINANCIAL AUDITS,**
 - (b) **Require citizens' oversight of all funds,**
 - (c) **No funds will be used for administrators' salaries and pensions,**
 - (d) **ALL FUNDS WILL BE SUBJECT TO LOCAL CONTROL AND WILL REMAIN LOCAL AT CUESTA COLLEGE.**

The Master Plan is available for review at the Superintendent/President's office and at www.cuesta.edu.] The following types of projects are authorized to be undertaken at Cuesta College:

**Academic Facility and Technology Upgrade Projects To Help Students,
Active Military and Veterans Transfer to Four-Year
Universities or be Trained For Good Jobs**

Goal and Purpose: Ensuring students, active military and veterans are either prepared for transfer to University of California or State college systems or trained for in-demand, good paying jobs are major objectives of Cuesta College.

Cuesta College has served San Luis Obispo County residents for nearly three generations providing essential job training and workforce preparation in automotive technology, nursing, paramedic/911 emergency medical training, agricultural trades, early childhood education, law enforcement, welding, construction, engineering, technology and architecture. Funding needed repairs and upgrades to support vital educational programs will ensure Cuesta College remains a strong resource for future generations.

Thus the District requires FUNDS that ARE LOCALLY CONTROLLED to improve academic facilities and technology implementations which will allow them to continue providing ACCESS TO AFFORDABLE, HIGH QUALITY EDUCATION to local students, active military and veterans, including:

- **Upgrade and expand facilities for career training in well-paying careers and transfer to universities.**
- Expand classrooms and instructional facilities in nursing, emergency responder, and other health care professions.
- **Expand facilities for veterans to provide career training and support services to returning veterans seeking training or retraining to reenter the workforce.**
- Upgrade outdated science, math and computer labs and expand College facilities providing instruction in Science, Technology, Engineering and Math (STEM).
- Install additional technology infrastructure to improve computer technology and Internet access.

- Upgrade outdated job-training classrooms, labs and equipment to provide all students with opportunities to learn job skills, including nursing and paramedic education programs.
- Upgrade support facilities for currently active military personnel.
- Upgrade and replace existing information technology infrastructure and network systems to improve efficiency and increase capacity.
- Upgrade and build academic buildings to expand classrooms for job training and career technical education, including early childhood education, welding, construction, engineering, technology and architecture, among others.
- Upgrade and replace technology, computers, hardware and systems used for job training and retraining programs.

**Repair and Construction Projects to
Provide Greater ACCESS TO AN AFFORDABLE EDUCATION**

Goal and Purpose: Since the cost of attending universities costs as much as six (6) times that of attending Cuesta College, more and more local students and their families rely on Cuesta College. Therefore, keeping Cuesta's facilities upgraded will ensure that local students can earn college credits, certificates and job skills at a reasonable price:

- Upgrade aging bathrooms, repair floors, walkways, plumbing, lighting and electrical systems.
- Construct more classroom space.
- Fix leaking roofs, which lead to power outages and cancelled classes.
- Upgrade outdated electrical systems and wiring for computer technology and Internet access.
- Renovate, repair or replace outdated laboratories, classrooms, training centers and support facilities.
- Replace deteriorating portable classrooms on San Luis Obispo Campus with up-to-date permanent classrooms.
- Replace deteriorating portable classrooms on North County Campus in Paso Robles with up-to-date permanent classrooms.
- Upgrade and replace classroom instructional equipment.
- Improve student safety, handicapped accessibility emergency preparedness, and security systems, including lighting, fencing, smoke detectors, fire alarms and sprinklers, gas and sewer lines.
- Repair deteriorating gas and electrical lines.

FISCAL ACCOUNTABILITY

This bond measure has strict accountability requirements including (a) an independent Citizens' Oversight Committee with representation from throughout our region; (b) annual financial audits to make sure money is being spent as promised; (c) no money from this measure will go towards salaries or pensions, and (d) all money will stay local and cannot be taken by the State.

1. NO ADMINISTRATOR SALARIES. Proceeds from the sale of the bonds authorized by this proposition shall be used only for the acquisition, construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and not for any other purpose, including teacher, faculty and college administrator salaries, pensions and other operating expenses.

2. FISCAL ACCOUNTABILITY. THE EXPENDITURE OF BOND MONEY ON THESE PROJECTS IS SUBJECT TO STRINGENT FINANCIAL ACCOUNTABILITY REQUIREMENTS. BY LAW, PERFORMANCE AND FINANCIAL AUDITS WILL BE PERFORMED ANNUALLY, AND ALL BOND EXPENDITURES WILL BE MONITORED BY AN INDEPENDENT CITIZENS' OVERSIGHT COMMITTEE TO ENSURE THAT FUNDS ARE SPENT AS PROMISED AND SPECIFIED. THE CITIZENS' OVERSIGHT COMMITTEE MUST INCLUDE, AMONG OTHERS, REPRESENTATION OF A BONA FIDE TAXPAYERS ASSOCIATION, A BUSINESS ORGANIZATION AND A SENIOR CITIZENS ORGANIZATION. NO DISTRICT EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS' OVERSIGHT COMMITTEE.

The listed projects will be completed as needed. Each project is assumed to include its share of furniture, equipment, architectural, engineering, and similar planning costs, program/project management, staff training expenses and a customary contingency. In addition to the listed projects stated above, authorized projects also include the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, and temporary housing of dislocated college activities caused by construction projects. In addition to the projects listed above, repair, renovation and construction projects may include, but not be limited to, some or all of the following: renovation of student and staff restrooms; replace aging electrical and plumbing systems; repair and replacement of heating and ventilation systems; upgrade of facilities for energy efficiencies, including photovoltaic/solar installations; repair and replacement of worn-out and leaky roofs, windows, walls doors and drinking fountains; removal of outdated buildings and construction of new classrooms and support buildings; installation of wiring and electrical systems to safely accommodate computers, technology and other electrical devices and needs; upgrade facilities to meet current earthquake safety standards; repair and replacement of fire alarms, emergency communications and security systems; upgrading, resurfacing, replacing or relocating of hard courts, fields, turf and irrigation systems; upgrade classrooms; build or upgrade facilities for math, physical sciences, fine arts, theatre arts, and agriculture; construct or expand a

simulation lab for allied health programs; improve campus signage; upgrade existing parking lots; repair, upgrade and install interior and exterior lighting systems; replace water and sewer lines and other plumbing systems; construct, upgrade or expand foreign language, humanities buildings, physical education/aquatic facilities, locker rooms, administrative offices, public safety office, maintenance building, student service/campus center and instructional buildings, trades and technology building, library, auto shop, athletic fields, student services building, parking lots, turf; improve water conservation and energy efficiency; replace elevators; replace outdated security systems; replace existing window systems with energy-efficient systems to reduce costs; improve insulation, weatherproofing and roofs to reduce costs; improve access for the disabled; install and repair fire safety equipment, including alarms, smoke detectors, sprinklers, emergency lighting, and fire safety doors; replace broken concrete walks, deteriorated asphalt; replace/upgrade existing signage, bells and clocks; demolition of unsafe facilities; install new security systems, such as security (surveillance) cameras, outdoor lighting, fencing, gates and classroom door locks; replace sewer lines and improve drainage systems to prevent flooding; upgrade roadway and pedestrian paths for improved safety and access for emergency vehicles, site parking, utilities and grounds. The project list also includes the refinancing of outstanding lease obligations. The upgrading of technology infrastructure includes, but is not limited to, the funding of a technology endowment, LCD projectors, portable interface devices, servers, switches, routers, modules, sound projection systems, information systems, printers, digital white boards, upgrade voice-over-IP, communication systems, audio/visual and telecommunications systems, call manager and network security/firewall, Internet connectivity, wireless systems, technology infrastructure, and other miscellaneous equipment.

The allocation of bond proceeds will be affected by the District's receipt of State matching funds and the final costs of each project. In the absence of State matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the projects, the District will not be able to complete some of the projects listed above. Some projects may be undertaken as joint use projects in cooperation with other local public or non-profit agencies. The budget for each project is an estimate and may be affected by factors beyond the District's control. The final cost of each project will be determined as plans and construction documents are finalized, construction bids are received, construction contracts are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of Government Code § 53410.

IMPARTIAL ANALYSIS OF MEASURE L-14

This measure will determine whether the San Luis Obispo County Community College District ("the District") may issue \$275 million in bonds for the purpose of improving school and education facilities within the District. The measure, placed on the ballot by the District's Board of Trustees, will become effective only if 55% of the voters vote "Yes" on the measure.

On November 7, 2000, the voters of California passed "Proposition 39," amending Article XIII A, section 1(b) of the California Constitution. That amendment authorizes the District to incur bonded indebtedness for the purpose of financing the construction, reconstruction, rehabilitation, or replacement of community college school facilities, in accordance with certain accountability requirements. To implement the requirements of Proposition 39, the Legislature enacted the "Strict Accountability in Local School Construction Bond Act of 2000" (Educ. Code, § 15264, et seq.; hereafter referred to as "the School Bond Act").

If approved by 55% of the voters, this measure will authorize the District to issue up to \$275 million in general obligation bonds, which will bear interest at a rate not to exceed the annual limit permitted by law. Bond proceeds will be used to fund the "Projects" identified in the full text of the measure. The District's Board of Trustees has evaluated safety, class size reduction, enrollment and information and computer technology infrastructure in developing the list of projects proposed in the measure, in accordance with the accountability requirements of Article XIII A, section 1(b)(3) of the California Constitution.

As required by law, the proceeds from the sale of the bonds will be used only for the acquisition, construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, and not for any other purpose, including teacher, faculty, and administrator salaries, pensions and other operating expenses. Approval of the bond measure does not guarantee that any particular project will be funded.

Principal and interest on the bonds will be payable from the proceeds of ad valorem taxes levied annually on taxable real property within the District. These taxes would be in addition to the property taxes currently levied on taxpayers within the District. The amount of the increased taxes each year would depend upon the amount needed to pay the principal and interest on the bonds. The District's Tax Rate Statement, which accompanies this analysis, reflects an estimate of the maximum property tax levies required to service the bonds. The actual tax rates may vary depending on the timing of sales, number of bonds sold at each sale, and increases in assessed valuations.

Performance and financial audits must be performed annually to ensure that bond proceeds are spent only as specified in the measure, and an independent citizens' oversight committee will monitor expenditures and provide additional oversight. Under the School Bond Act, bond proceeds must be deposited in a separate account. As long as any bond proceeds remain unexpended, annual reports must be filed with the District's Board of Trustees stating the amount of bond proceeds received and expended in that year and the status of any project funded or to be funded from bond proceeds.

County Counsel

TAX RATE STATEMENT FOR MEASURE L-14

An election will be held in the San Luis Obispo County Community College District (the "District") on November 4, 2014, to authorize the sale of up to \$275,000,000 in bonds of the District to finance facilities as described in the proposition. If the bonds are approved, the District expects to issue the Bonds in multiple series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400 through 9404 of the California Elections Code.

1. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is \$0.01945 per \$100 (\$19.45 per \$100,000) of assessed valuation in fiscal year 2015-16.
2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is \$0.01945 per \$100 (\$19.45 per \$100,000) of assessed valuation in fiscal year 2024-25.
3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is \$0.01945 per \$100 (\$19.45 per \$100,000) of assessed valuation, which is projected to be the same in every fiscal year that the bonds remain outstanding.

Voters should note that estimated tax rates are based on the ASSESSED VALUE of taxable property on the Counties' official tax rolls, not on the property's market value, which could be more or less than the assessed value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Certain taxpayers may also be eligible to postpone payment of taxes. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the respective County Assessors of San Luis Obispo and Monterey Counties in the annual assessment and the equalization process.

**ATASCADERO UNIFIED SCHOOL DISTRICT
FULL TEXT OF MEASURE B-14**

To continue the work of Measure I-10 by modernizing and expanding vocational education facilities, repairing aging schools throughout the District, improving student computer access, and constructing a high school science, technology, engineering and mathematics facility, shall \$58 million of Atascadero Unified School District bonds, previously approved in November 2010, be reauthorized through issuance of new bonds with interest rates below legal limits, independent citizens oversight, no money for administrator salaries and no increase in total authorized District debt?

Bonds—Yes

Bonds—No

BOND AUTHORIZATION

By approval of this proposition by at least 55 percent of the registered voters voting on the measure, the District will be authorized to issue and sell bonds of up to \$58 million in aggregated principal at interest rates not in excess of the legal limit and to provide financing for the specific school facilities projects listed in the Bond Project List described below, subject to all the accountability requirements specified below.

The Bonds may be issued under the provisions of the California Education Code (starting at Section 15100), under the provisions of the California Government Code (starting at Section 53506), or under any other provision of law authorizing the issuance of general obligation bonds by school districts. The Bonds may be issued in series by the District from time to time, and each series of Bonds shall mature within the legal limitations set forth in the applicable law under which the Bonds are issued.

District voters previously approved Measure I-10 at an election held in the District on November 2, 2010. However, the general economic downturn which commenced in 2008 has resulted in lower assessed valuations in the District, and, as a result, due to State law limitations imposed on the issuance of bonds under Measure I-10, the District estimates that it will not be able to issue all of the remaining Measure I-10 Bonds in the immediate future without incurring excessive borrowing costs. The Board of Trustees of the District has found and determined that there continues to be an urgent need in the District for the completion of the educational projects approved by District voters under Measure I-10. If the Bonds are approved and issued, the Board of Trustees of the District has covenanted that it will cancel and shall not authorize the issuance of Measure I-10 Bonds in a like amount.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this proposition in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following) and California Government Code Section 53410 and following.

Evaluation of Needs. The School Board has identified detailed facilities needs of the District and has determined which projects to finance from a local bond at this time. The School Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List shown below.

Independent Citizens' Oversight Committee. The School Board shall establish an Independent Citizens' Oversight Committee under Education Code Section 15278 and following to ensure that bond proceeds are expended only on the school facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the School Board.

Performance Audits. The School Board shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The School Board shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Special Bond Proceeds Account: Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, proceeds of the bonds will be deposited into a Building Fund to be held by the San Luis Obispo County Treasury, as required by the California Education Code. As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause an annual report to be filed with the Board of Trustees of the District not later than January 1 of each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in the proposition, as required by Sections 53410 and 53411 of the California Government Code.

FURTHER SPECIFICATIONS

No Administrator Salaries. Proceeds from the sale of bonds authorized by this proposition shall be used only for the construction, reconstruction and/or rehabilitation of school facilities including the furnishing and equipping of school facilities or acquisition or lease of real property for school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

BOND PROJECT LIST

Projects Subject to Available Funding; Matching Funds. The following list of projects is subject to the availability of adequate funding to the District. Approval of this measure does not guarantee that the proposed projects in the District that are the subject of bonds under the measure will be funded beyond the local revenues generated by the bond measure. The District's proposal for the projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond proposition.

Scope of Projects. Bond proceeds will be expended to modernize, replace, renovate, construct, acquire, equip, furnish, rebuild and otherwise improve educational and support facilities within the District. Projects which are described below include all related and incidental costs, including their share of the costs of the election and bond issuance and costs of design, engineering, architect and other professional services, inspections, site preparation, utilities, landscaping, construction management and other planning, legal, accounting and similar costs, independent annual financial and performance audits, a customary construction contingency, and other costs incidental to and necessary for completion of the listed projects.

Bond proceeds may also be expended to acquire real property (or any interest in real property) for future educational and support facilities and to acquire and install furniture, fixtures and equipment at any classrooms and other educational facilities within the District. The District may alter the scope and nature of any of the specific projects which are described below as required by conditions that arise during the course of design and construction.

LIST OF SPECIFIC SCHOOL FACILITIES PROJECTS
Renovation, Modernization, Repair and Construction
of Schools Facilities Projects

Bond proceeds will be expended to modernize, replace, renovate, construct, acquire, equip, rebuild and furnish the District's classrooms, restrooms, and facilities including but not limited to those located at:

Atascadero High	Monterey Road Elementary
Atascadero Junior High	San Benito Elementary
Carrisa Plains Elementary	San Gabriel Elementary
Creston Elementary	Santa Margarita Elementary
Del Rio Continuation High School	Santa Rosa Road Academic Academy
Fine Arts Academy	West Mall Alternative

Whenever specific items are included in the following list, they are presented to provide examples and are not intended to limit the generality of the broader description of authorized projects. Some of the projects listed below may not be financed with bond proceeds depending upon actual project costs. The order in which particular projects are listed is not intended to indicate priority for funding or completion.

- Expand the District's vocational education programs and facilities, such as welding and automotive technology, culinary arts, medical and health technology, and construction trades
- Upgrade classrooms and educational facilities with up-to-date computers and technology
- Construct a Science, Technology, Engineering and Mathematics' facility at Atascadero High School
- Repair and replace roofs
- Meet handicap accessibility (ADA) requirements in restrooms and classrooms
- Upgrade and replace outdated heating, ventilation, and air-conditioning (HVAC) systems
- Repair, renovate and modernize outdated and aging classrooms and school facilities throughout the District
- Install solar and other energy cost saving systems
- Renovate restrooms throughout the District
- Upgrade playfields and athletic facilities throughout the District
- Construct and develop a Visual and Performing Arts Center at Atascadero High School
- Repurpose one of the existing high school buildings to accommodate a student and staff cafeteria including a staff development, meeting & classroom facility
- Renovate and reconstruct the downtown junior high campus
- Renovate or relocate and reconstruct the downtown Atascadero Fine Arts Academy

IMPARTIAL ANALYSIS OF MEASURE B-14

This measure will determine whether the Atascadero Unified School District (“the District”) will issue \$58 million in bonds for the purpose of improving school and education facilities within the District. The measure, placed on the ballot by the District’s Board of Trustees, will become effective only if 55% of the voters vote “Yes” on the measure.

On November 7, 2000, the voters of California passed “Proposition 39,” amending Article XIII A, section 1(b)(3) of the California Constitution. That amendment authorizes the District to incur bonded indebtedness for financing the construction, reconstruction, rehabilitation, or replacement of school facilities, in accordance with certain accountability requirements. To implement the requirements of Proposition 39, the Legislature enacted the “Strict Accountability in Local School Construction Bond Act of 2000” (Educ. Code, § 15264, et seq.; hereafter “the School Bond Act”).

In 2010, the voters of the District approved Measure I-10, authorizing the District to issue \$117,000,000 in general obligation bonds for the purpose of improving school and education facilities within the District. The District issued only \$25,500,000 in bonds under the authority of Measure I-10. Due to the decline in the housing market and reduction in the assessed value of property, the District is now prevented from issuing the additional \$91,500,000 of the unissued bonds because the tax rate projections required by Measure I-10 cannot be realized. Therefore, in order to carry out the purposes of Measure I-10, this measure will allow the District to issue up to \$58,000,000 in bonds to acquire, construct, rebuild, replace, renovate, and otherwise improve the District’s educational and support facilities. If this measure is approved, the District will petition the Board of Supervisors to cause to be canceled the unissued Measure I-10 bonds in a principal amount equal to the principal amount of such series of bonds as may be issued pursuant to this measure so that the \$117,000,000 in bonds approved by Measure I-10 in 2010 is not exceeded.

Pursuant to the requirements of Government Code section 53410 et seq. and Article XIII A, Section 1(b)(3) of the California Constitution, the measure includes the accountability requirements established by the School Bond Act, including the establishment of a citizens’ oversight committee and the filing of an annual report by the Board of Trustees of the District. Bond proceeds must be used solely to fund projects included in the school facilities list set forth in the full text of the measure.

If the measure passes, the bonds issued pursuant to this measure shall bear interest at a rate not to exceed the statutory annual limit permitted by law. The bonds and interest will be financed by ad valorem taxes levied annually on taxable real property within the District and will increase the tax rate on real property within the District above 1% of the full cash value for the period necessary to pay the principal and interest on the bonds, as permitted by Article XIII A, section 1(b)(3) of the California Constitution. The District’s Tax Rate Statement, which accompanies this analysis, reflects an estimate of the maximum property tax levies required to service the bonds.

Approval of Measure B-14 does not guarantee that the proposed project or projects in the Atascadero Unified School District that are the subject of bonds under Measure B-14 will be funded beyond the local revenues generated by Measure B-14. The school district’s proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

TAX RATE STATEMENT FOR MEASURE B-14

An election will be held in Atascadero Unified School District (the "District") on November 4, 2014 to reauthorize the sale of \$58,000,000 in general obligation bonds, previously approved by voters in November 2010 through the issuance of new bonds. The following information is submitted in compliance with Sections 9400-9404 of the California Elections Code.

1. The best estimate of the tax rate that would be required to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is \$.06000 per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2015-16.
2. The best estimate of the tax rate that would be required to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is \$.06000 per \$100 (\$60.00 per \$100,000) of assessed valuation in fiscal year 2021-2022.
3. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is \$.06000 per \$100 (\$60.00 per \$100,000) of assessed valuation.
4. The best estimate of the average tax rate required to fund this bond issue, based on a projection of assessed valuations available at the time of filing of this statement, is \$.04733 per \$100 (\$47.33 per \$100,000) of assessed valuation.

These estimates are based on projections derived from information obtained from official sources. The actual tax rates and the years in which they will apply may vary depending on the timing of bond sales, the amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the needs of the District. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined in the assessment and the equalization process.

ARGUMENT IN FAVOR OF MEASURE B-14

In 2010, Atascadero Unified School District voters overwhelmingly passed a general obligation bond to improve our community's schools. Since that time, tremendous improvements have been made in repairing and rehabilitating our children's schools and classrooms.

But much remains to be done. Measure B-14 will reauthorize \$58 million of the previously approved 2010 bonds. By voting YES on Measure B-14, we can continue to improve our local public schools while at the same time SAVING MILLIONS OF TAXPAYER DOLLARS. Here's how:

Measure B-14 will let Atascadero USD continue the job of fixing our schools by:

- Modernizing and expanding vocational education programs and facilities
- Repairing and modernizing aging school facilities throughout the District
- Improving student access to computers and technology
- Repairing and replacing roofs

Measure B-14 makes financial sense and has taxpayer protections in place:

- Reauthorizing the 2010 bonds will allow the District to borrow at a much lower interest rate, saving taxpayers millions of dollars in interest.
- Iron-clad restrictions that money can only be spent on improving Atascadero's schools. No funds can be spent on administrator salaries, pensions, or benefits.
- The reauthorized bonds will NOT cause any increase in total District debt.
- Required annual review of all expenditures by an independent citizens' oversight committee.
- Legally required annual audits.
- All Measure B-14 funds MUST be used to improve our children's schools and **CANNOT BE TAKEN AWAY BY THE STATE AND SPENT ELSEWHERE!**

Our local schools are our most important asset and should be our number one priority. Measure B-14 will improve our community's schools, help improve housing values, stimulate our local economy and save taxpayers millions of dollars in interest.

Please join us by voting YES on Measure B-14!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE B-14

The district promises to "fix" the schools with this additional tax. It is the same worn promise that was made to the taxpayers with the first override in 1990, and the recent tax in 2010. What the heck happened to all the money that was supposed to do precisely what is promised now - once again?

The district spends tens of millions every year. Supporters of this taxing measure point out that this money will be spent on infrastructure, not salaries and benefits. Think about it. Adding more money, even sequestered for special purposes, just enables those controlling those other millions to spend without restriction or, apparently, conscience.

Nowhere do the proponents point out that AUSD saving "millions" in lower interest happens because the average homeowner will suffer a huge increase immediately on his property tax. Somehow doubling the looting of taxpayers' pocket books now doesn't feel like saving.

It continues to amaze the average person how by spending more they can now "save". This ploy by commercial advertisers assure the spending public - not only that they need to replace something they already have, but by buying it, they are saving.

The time has come for those who control the enormous money gobbling machine that is the school district to handle those millions to perform necessary activities.

Consider this; however much AUSD appropriates and spends; it is never enough, so says the district.

Implore the district to begin to live within its means. Please vote NO.

ARGUMENT AGAINST MEASURE B-14

When the debt for the tax override AUSD imposed in 1990 had been satisfied by the homeowners; the district instantly sought, and obtained a new tax in 2010 that promised to do the very same things the first tax was promised to do. The projected costs of that tax was \$129, 538,711. 00. Now the district is seeking yet another bond issue ... again, for the same purpose.

As taxpayers we have become desensitized. We have heard numbers like million, hundreds of millions, billion and even trillion applied to dollars that the government spends to the point where we have become numb to how much money that is, and oblivious to how we are paying it.

Nobody is against the children, education, teachers, mom, PTA , or apple pie. But the tattered whine: "It's for the children" as the government appropriates more and more is getting long. And, now it appears it is becoming much too frequent.

Nobody is against providing an adequate education for the youth of California. But at some point a decision must be made that schools, like families, should live within reasonable limits.

Those in favor of levying more taxes on local property ignore the current burden for public education in California. The property tax distribution tables show that in excess of 60% of such revenue is already allocated to schools. The homeowner is being taxed enough. This current proposal will double the override tax now being collected. Please vote NO on Measure B-14.

REBUTTAL TO ARGUMENT AGAINST MEASURE B-14

Your YES vote on Measure B-14 will allow us to continue the job of improving our local schools while saving taxpayers millions of dollars in future interest payments. Here's how:

- Measure B-14 is a **bond reauthorization**. It will not increase **by one penny** the total amount of District debt **already approved by voters in 2010**.
- Measure B-14 will **SAVE** taxpayers **MILLIONS** of dollars in interest.
- Measure B-14 will let us **continue** the job of improving our local schools.
- Measure B-14 will create new construction jobs to help our community.
- Measure B-14 money can only be spent on our community's schools and can't be used to fund administrative salaries, benefits or pensions.
- Measure B-14 funds must, BY LAW, be used to improve our LOCAL SCHOOLS and cannot be taken by the State and spent elsewhere.

By reauthorizing \$58 million of bonds that WERE ALREADY APPROVED in 2010, we can ensure that we get the best deal possible at the lowest price.

These are OUR SCHOOLS and they benefit our entire community. These benefits go beyond just the education of our children. Strong schools help protect housing values, create a stronger local economy and lead to safer neighborhoods.

Join us. Vote YES on Measure B-14!
