Subject: Inquiry Regarding Amended Approach to Supplemental Water Study

Dear Chairperson Arnold,

In October of last year, your Paso Basin Advisory Committee unanimously advised amending the approach to the Supplemental Water Study. A short-list of supplemental water options was advised, allowing time for your Basin Advisory Committee and Subcommittees to make use of the more immediate action list before proceeding further.

In the four months since that request, the recommended short-list has yet to appear.

We reiterate our advice that a summary of supplemental water options, in terms suitable for a broad audience, would be valuable. Sustaining water supplies in the North County remains our principal aim and supplemental water is likely to play a role in that sustainability. Describing just how that might be accomplished is foundational.

On behalf of the Paso Basin Advisory Committee, I reiterate our recommendation to prepare such a short-list and inquire as to the status of this request.

Sincerely,

John Neil  
Chairperson, Paso Basin Advisory Committee
