Notes:

Thank you for licensing your dog with Animal Services. Licensing your dog has many benefits to you, your pet, and the San Luis Obispo community. Licensing fees help San Luis Obispo's Animal Services provide food and shelter for lost, unwanted, injured, abandoned, and mistreated animals, while also supporting our efforts to assist the community with animal related safety and nuisance concerns and complaints. Maintaining a current license also helps us to reunite you with your pet if they become lost or run away from home, and if your dog's license is current and all of your contact information is up to date, the first impound fee will be waived.

A current rabies vaccination is required for the issuance or renewal of a license. Regardless of the type of license purchased (1 or 3 year), the duration of a license cannot extend beyond the expiration of the vaccine.

The only requirement to license your dog is that they are current with their rabies vaccination. A license is only as good as long as the rabies vaccine is current. The day that the rabies vaccine expires is also the license expiration date, even if it is before the end of the 12 or 36 month licensing period your dog is in.
