What:
The California Department of Mental Health (DMH) is making available an additional $934,100 annually to San Luis Obispo County to support the implementation of the Community Services and Supports component of its Mental Health Services Act programming (MHSA).
This funding will be used to expand, enhance or fill gaps in the existing Community Services and Supports (CSS) Plan, beginning FY 2007-08.
The original CSS Plan and programs were created based on extensive local needs assessment and public input during 2005-06 and approved by the Board of Supervisors in June 2006.
The MHSA Community Planning Team has reviewed current CSS programming and determined best use of the new funding.
The proposed program expansions follow on pages 2-3.

What's Next:
The public is invited to review and comment on the proposed uses of the new funding from April 13 – May 12, 2007.
At the close of that period, the proposed program amendments will be forwarded to the Department of Mental Health for approval.
Expanded programming is expected to begin July 1, 2007.

To Comment on the Proposed Amendments:
Please contact Luise Cannoles, (805) 781-1104 or email to MHSA-SLO@charter.net
