Goals/Objectives

- This is a somewhat informal meeting with all attendees welcome to comment, ask questions, make suggestions, etc.
- MHPA planning requires stakeholder involvement to guide and advise plans.
- Today's meeting will update the MHPA oversight group (including original and new members) as to the implementation of the most current work plan.
- We will also provide information on work plan changes, and introduce new funding initiatives, for discussion and approval.
- We will use consensus-based decision making.

MHSA Revenue and Expenses FY 15/16 – Projected FY 18/19

- FY 2016-17 Recommended Budget is \$14.3M (MHSA \$11.3M/Other Revenue \$3M) and includes AOT and Innovation budget augmentation requests:
 - CSS – \$10.7M
 - PEI – \$2.2M
 - INN – \$591K
 - WET – \$185K
 - CFTN (Electronic Health Record Support) - \$614K
- Board approved the Crisis Stabilization Unit, as well as contributing \$207K in General Fund for operating expenses beginning in FY 2017-18

- MHPA Revenue forecast is positive for the next few years; however, the proposed No Place Like Home initiative could potentially reduce future year's available revenue by 7%
- Potential revenue available for new or expanded programs beginning in FY 16/17:
 - CSS: Potential to add \$300K in expenses (less AOT cost)
 - PEI: Potential to add \$150K in expenses
- Governor's May Budget Revise update by next meeting

Co-Occurring Services for Youth

- Current CSS Plan includes a COD-specific Mental Health Therapist and Drug & Alcohol Specialist for adult services
- Current adult program consumers benefit from having services in one location
- In the past year, 22 youth in Substance Use Treatment also had an open MH case.
 - These youth and their families struggled in multiple areas of their lives and as a result had multiple appointments with different providers weekly.
 - This has caused youth and their families to feel overwhelmed by the schedule they were asked to keep and they did not benefit as fully from the services provided.
- “Many families do not have the resources/willingness needed to consistently get their teen to multiple different treatment providers”

Co-Occurring Services for Youth

- Currently when a youth is a client at Drug and Alcohol and Mental Health they receive some services that are different
- What DAS offers that MH does not
 - Substance abuse focused group sessions
 - Random drug testing
 - Parent groups
- What MH offers that DAS does not
 - Individual therapy
 - Medication services
- A Therapist specializing in Youth Co-Occurring will be able to provide or facilitate interventions across the two systems
- This Therapist would also be able to offer critical information to both systems in a more timely manner
- 1.0 FTE MH Therapist would be integrated into both agencies and maintain a caseload of 20 youth

Service Enhancement – Martha's Place

- Long gaps between referral and contact
- Delays caused by difficult paperwork
- Lack of follow through leaves some families without Medi-Cal
- Difficulty navigating the children's system of care
- Some families decline services
- MP has no way of knowing if families have followed up with referred services

Service Enhancement – Martha's Place

- Using successful MESA model in O/P clinics
- 1.0 FTE Navigator/Advocate
- Home visits and phone calls for warm welcome, resource binders, follow up calls
- 170 referrals engaged annually
- Help families understand MP services and answer questions about services
- Assist with paperwork, resource access, Medi-Cal, transportation, etc.

Proposed Plan Additions

- Expansion of Homeless Outreach Team
 - TMHA to absorb Medication Manager and Therapist positions. Cost \$249K (minimal change by transfer from County)
 - Increase Outreach Worker staff by .50 FTE (requested amount - \$38,200)
 - Increase Outreach Worker capacity from 150 annual contacts to 200 total contacts.
 - Provide funding to develop Homeless Outreach FSP Housing (requested amount - \$31,500)
 - Funds would be used to operate a 4 bed housing program in San Luis Obispo city for clients on the team; providing more permanent supportive housing for our clients.
- Addition of Service Enhancement project at Martha's Place
 - Contract for 1.0 FTE Family Advocate (or like position), materials, and some space alterations, to serve 170. Cost: \$70K
- Addition of Co-Occurring Youth Treatment within Client & Family Wellness Supports Work Plan
 - Add 1.0 FTE MH Therapist and curricula costs to serve 20. Cost: \$112,000
- Total annual increase to CSS budget: \$252K

Proposed Plan Changes

- Increase contractor funding to reflect 2.2% COLA
 - Applies to contracts that are fully expended
 - COLAs to be considered in annual budget process based on Consumer Price Index for Los Angeles
 - Impact to FY 2016-17 budget for increases:
 - CSS: Increase of \$47K
 - PEI: Increase of \$16K
