SLO County Daily New Cases

22.6
Case rate per 100,000 (adjusted)

41.0
Case rate per 100,000 (unadjusted)

This case rate is adjusted higher or lower based on the number of tests done in our county, relative to the state. Testing is higher than the state median, our case rate is adjusted lower to compensate, giving us the adjusted.

5.9%
Positivity rate

6.6%
Positivity rate in lowest Healthy Places Index (HPI) census tracts (health equity indicator)

SLO County Rate of Death by Age

SLO County Vaccine Task Force

To ensure vaccine is prioritized fairly, the task force:

• Provides feedback on planning efforts
• Ensures vaccine is distributed and allocated equitably
• Considers barriers for vaccine distribution, especially for vulnerable members of the community
