

CAFETERIA CONTRIBUTIONS

The County contributes a fixed dollar amount toward employee medical, dental and vision premiums monthly which is called a cafeteria contribution. The monthly cafeteria amount is determined by your bargaining unit.

Benefit premiums and the associated Cafeteria contributions are accounted for on a semi-monthly basis or 24 times a year. The per pay period amount is the amount applied to and deducted from each paycheck.

If the cafeteria amount is greater than your selected premiums the remainder of the cafeteria is paid out in employee's paychecks. If the cafeteria amount is less than your monthly premiums the balance is the employee's responsibility.

Employees may waive medical insurance by providing proof of other group coverage which could be an insurance ID card or a proof of other coverage statement from the insurance carrier. Employees that opt out of medical insurance are not eligible for the monthly cafeteria contribution unless their MOU states otherwise. Please see the information regarding those grandfathered into the former cash-in-lieu policy below.

To determine your out-of-pocket costs, complete the calculation on the next page. Add the total cost of your medical, dental and vision premiums and subtract the cafeteria contribution. Review your specific Bargaining Unit's Cafeteria Contribution, as well as the medical, dental and vision rates on the last two pages of this packet.

Please note: this calculation is solely for medical, dental and vision premiums. You may be enrolled in other benefits that will increase your out-of-pocket costs, including ancillary insurance, flexible spending accounts and health savings accounts. To review your out-of-pocket costs for these additional benefits, please refer to your [confirmation statement](#) through [Benxcel](#).

CALCULATE YOUR MEDICAL, DENTAL AND VISION COSTS

Medical, Dental and Vision premiums and the associated Cafeteria contributions are accounted for on a semi-monthly basis or 24 times a year. Please review page 1 of this packet for further information regarding Cafeteria Contributions.

To determine your costs, follow the steps and complete the table below.

1. Identify your **specific Bargaining Unit's Cafeteria Contribution** with your plan type (pg. 3).
2. Identify the **medical, dental and vision plans** you are electing this year (pg. 3). Write the plan names in the first column of the table below.
3. Write the **monthly cost of your medical, dental and vision premiums** in the second column based on your dependent tier enrollment by plan, then add together to find your total cost.
4. **Subtract the cafeteria contribution** from the total cost of your medical coverage. This will calculate your out of pocket cost or cashout for the month.
5. **Divide your monthly out pocket cost** in half to calculate your costs coming out of your paycheck every two weeks.

*If the cafeteria amount is greater than your selected premiums the remainder of the cafeteria is paid out in your paycheck on a post tax basis. If the cafeteria amount is less than your monthly premiums the balance is what will be deducted from your paycheck.

EXAMPLE	
Elected Plan Name	Monthly Premium
Medical+ Plan EPO, PPO, and HDHP Plans	
<i>Anthem Care PPO Employee +1</i>	\$1,482.00
Dental+ Plan Aetna DMO, Delta PPO Plans	
<i>Delta Dental PPO Employee +1</i>	\$80.67
Vision+ Plan VSP Vision Plan	
<i>VSP Vision Employee +1</i>	\$14.54
= SUBTOTAL	\$1,577.21
SUBTRACT - BU Cafeteria Contribution	
<i>BU 06 DAIA Employee +1</i>	\$1,085.00
= TOTAL out of pocket cost	\$492.21
DIVIDE BY TWO- For Per Pay Period Cost	
= TOTAL Per Pay Period Cost	\$246.11
