Aetna Dental is a DMO (Dental Maintenance Organization) plan, requiring the member to go to an Aetna Dental provider. Preferred Provider Plans give you the freedom to go to any dentist you chose, however, you will have fewer costs and a greater benefit if you use a Delta Preferred Option Dentist.

You can change to another Aetna Dental Dentist mid-year, but you first must call Aetna and tell them who you would like as your new dentist. Aetna will give you the effective date of the change.
5. WHAT ARE THE ADVANTAGES OF USING A DELTA DENTAL PREFERRED OPTION DENTIST?

When you go to a Preferred Option Dentist you avoid the $25 annual deductible and your maximum calendar year benefit is $1,500 compared to $1,000 if you use a non-Preferred Provider.

6. HOW DO I FIND A DELTA PREFERRED OPTION DENTIST?

You can search for a Preferred Option Dentist on Delta’s web site at http://www.deltadentalca.org/cgi-bin/ProviderSearch.asp, or you can call Delta Dental at (888) 335-8227, or you can check with Risk Management (x5007) for availability of provider lists.

Dental coverage ends the end of the month following the month in which you terminate. Example: Employee terminates August 12; dental coverage ends September 30.

13. CAN I CONTINUE MY COVERAGE AFTER EMPLOYMENT?

Yes. You can continue coverage for yourself and dependents for a maximum of 18 months through a federal law called COBRA, unless you have comparable group coverage available to you through another employer. The cost of coverage will be the monthly cost of insurance plus 2%.

14. IS COBRA COVERAGE AVAILABLE TO MY DEPENDENT WHO LOST COVERAGE BECAUSE HE/SHE WAS NO LONGER ELIGIBLE?

Yes. COBRA coverage will normally be available for a maximum of 36 months. The cost for coverage is the monthly cost of insurance plus 2%.
