

WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW (“Courtesy Notice”)

The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that these considerations become a part of the decision-making process. The following is a summary of the most recent determinations made by the County’s Environmental Coordinator; these weekly Courtesy Notices can be viewed online at slocounty.ca.gov/CourtesyNotice. The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County. You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be addressed to the Environmental Coordinator (address at end of document). For more information about the environmental review process, please visit: slocounty.ca.gov/EnvironmentalReview

Proposed Negative Declarations

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

For the period of August 23 – August 27, 2021

[GreenView, LLC, ED 21-112, DRC2018-00010](#)

SCH Number: [2021080418](#)

A request by GreenView, LLC for a Minor Use Permit (DRC2018-00010) for the phased development of up to three acres of outdoor cannabis cultivation canopy within hoop structures, ancillary processing activities, ancillary transport, and other related site improvements. Phase I includes the installation of 129,600 square feet of hoop structures, security fencing and surveillance equipment, a 5,000-gallon galvanized steel water tank, three 2,500-gallon tanks, a 120 square foot pesticide storage shed, and improvements for parking and access roads. Phase II includes the installation of a 10,000 square foot processing facility. The project would result in approximately 4.02 acres of site disturbance, including 182 cubic yards of cut and 122 cubic yards of fill. A modification from County parking standards is requested to allow a total of seven parking spaces where 10 spaces are required. The project site is in the Agriculture land use category, and located at 8770 Carrisa Highway, in the Carrizo Planning Area, approximately 4 miles northwest of the village of California Valley.
