Name of Public Agency Approving Project: County of San Luis Obispo

Description of Nature, Purpose and Beneficiaries of Project:

Submittal of a revised 2016-2018 Resource Summary Report that includes the District 2 sections that were previously extracted, with an updated assessment of the Los Osos water supply to reflect the most recent annual monitoring reports prepared for the Los Osos Basin Management Committee and clarification of agricultural and rural water supply and demand estimates.

Exempt Status/Findings: This revised Resource Summary Report is an informational update and not a policy document. Therefore, this project is covered by the General Rule exemption that CEQA applies only to projects which have the potential for causing a significant effect on the environment. It can be seen with certainty that there is no possibility that this project may have a significant effect on the environment; therefore, the activity is not subject to CEQA. [Reference: State CEQA Guidelines sec. 15061(b)(3), General Rule Exemption]

Reasons why project is exempt: 'Ctrl-Click' on General Rule Summary & Finding or latest CEQA Statute & Guidelines

Additional Information: Additional information pertaining to this notice of exemption may be obtained by reviewing the second page of this document and by contacting the Environmental Coordinator, 976 Osos St., Rm 200, San Luis Obispo, CA 93408 (805) 781-5600.

Note: Notice of General Rule Exemption form PLN-1124 requires completion of Notice of Exemption form PLN-1123.

## Notice of General Rule Exemption

---

### Project Title and No.: Revised 2016-2018 Resource Summary Report

Pursuant to section 15061 of the State California Environmental Quality Act (CEQA) Guidelines, the preliminary review of a project includes a determination as to whether a project is exempt from CEQA. This checklist represents a summary of this project's review for exemption.

	<u>YES</u>	<u>NO</u>
1. Does this project fall within any exempt class as listed in sections 15301 through 15329 of the State CEQA Guidelines?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2. Is there a reasonable possibility that the project could have a significant effect on the environment due to unusual circumstances?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3. Is the project inconsistent with any Federal, State, or local law or administrative requirement relating to the environment?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4. Will the project involve substantial public controversy regarding environmental issues?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5. Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or prehistory?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6. Does the project have the potential to achieve short-term environmental goals to the disadvantage of achieving long-term environmental goals? (A short-term impact on the environment is one which occurs in a relatively brief, definitive period of time while long-term impacts will endure well into the future.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7. Does the project have adverse impacts which are individually insignificant, but cumulatively significant? Cumulatively significant means that the incremental effects of an individual project are substantially adverse when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8. Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

On the basis of this initial evaluation, I find that the proposed project does not have the potential to cause a significant effect on the environment, and is therefore exempt from CEQA.
