COMMENTS - Information from Agencies

a. Probation – (Robert Reyes)

The Juvenile Hall Expansion Project should be completed by mid-July, and take occupation a few months after. By early next year they hope to move youths placed in group homes into the program at Juvenile Hall. The program will accommodate 15 youths. They are focusing on case management. The State will conduct their bi-annual inspection soon. Juvenile Hall population is 23.

e. **SLO County Office of Education** – (No Representative)

f. **Law Enforcement** – (Tim Olivas)

Law Enforcement Week commemorations will be at Veteran’s Hall in Atascadero this Wednesday. Sheriff’s Youth Summer Camps: June 20\(^{th}\), June 27\(^{th}\), At Lillian Larson August 1\(^{st}\). The camp runs from 9:00 a.m to 4:00 p.m.

Active Shooters Program: They have mapped 98% of the schools. Next, they will put the map in a format for the cars. By September they will have the maps ready to be used.

Marijuana: California Valley has 40 verified grows. There is no ordinance prohibiting the grows. About 75% of the growers are from out of state. The concern is that with these grows comes increased gang activity. 37 of the 40 grows had code violations, which can be enforced and is a means of controlling the situation. At this time, there is no established medical standard to measure if a person is impaired while driving under the influence of marijuana. In order to have an impairment conviction, it may come down to just the testimony in court of the officer that cited the impaired person.

Custody: They are looking at providing tablets for the inmates for educational purposes.

California has raised the smoking age to 21.

g. **Behavioral Health** – (Jill Rietgens)

Mental Health: They are wrapping up their school based programs. They are preparing for summer programs. In San Luis Obispo they are piloting a tele-psychiatry program. They have a hard time retaining psychiatrist from San Luis Obispo County, so they are utilizing a psychiatrist in West Hollywood via the Internet.

They have piloted a program in South County, where they have bilingual volunteers from the Center for Family Strengthening to go into doctor’s appointments with Spanish speaking families to provide translation services. They are expanding this service to the rest of the county.

h. **Superior Court** – (Judge Hurst)

Dependency court numbers have increased. They have three additional new cases this afternoon. This impacts not only the court system but also the placement of the youths. As opposed to delinquency cases, dependency cases go on for a lot longer. The crossover youths come into the system and present a new challenge.
There will be an educational summit, August 16th, where the courts and schools meet, with a keynote speaker and breakout sessions. Stakeholders are trying to have Probation, Dependency, and Schools meet every quarter, to give them an opportunity for inter-agency contact.
