COMMENDS - Information from Agencies

a. Probation – (Jim Salio)

They are all moved in to the new wing at the Juvenile Hall. The renovations to the East Wing are underway. The program is scheduled to start March 1st; some kids have already been identified to participate. The numbers in the hall are staying low.

Passage of Prop 57, which requires judicial review before juveniles can be tried as adults, is in place. The California DAs have decided to send previous cases still underway back for fitness hearings.
The transition of group homes to CCR (Continuum of Care Reform (AB 403 2015)) facilities is in process.

b. DSS/CWS – *(Elise Roberts)*
The new Director, Devin Drake started January 3rd. He has a juvenile / child welfare background.

The Juvenile Homeless Coordinator, Lauren, would be happy to come do a presentation to the JJJC. With the cold weather, the warming centers have been open for about 20 nights – they have housed 496 people, 9 of which are under 25 years old.

c. District Attorney - (No Representative)

d. County Counsel – (No Representative)

e. SLO County Office of Education – (No Representative)

f. Law Enforcement – (No Representative)

g. Behavioral Health – (Kim Mott)
(under presentation, below)

h. Superior Court – (Judge Hurst)
We were prepared for the judicial review process for minors to be tried as adults, so we are ahead of the curve. Our seven kids that had petitions in are currently with an adult judge – our first ones are now pending.

The numbers are up in dependency court.

**PRESENTATION** – Behavior Health South Street Offices & California Healthy Kids Survey results (Kim Mott)

Kim gave us a tour of treatment rooms, conference room, and the “salsa room”.

California Healthy Kids Survey was done for 7th grade, 9th grade, 11th grade, and Non-Traditional students in public schools in November. The survey gathers information on safety, connectedness, and substance abuse.

- Academic motivation was up 2%-8%
- Students considering suicide is down from ... 22 to 18
- 30-day alcohol use went down from ............ 31% to 16%  NT 52% to 40%
- Binge alcohol use went down from ............ 18% to 7%
- Marijuana use went down from ................. 23% to 10%  NT 42% to 27%
- Prescription drug (Vicodin, Oxycodone, Percodan, Ritalin, Adderall, Xanax) use .......................................................... NT 20% to 13%
- Other drug use ........................................... NT 19% to 8%
- E-Cigarette use ............................................. NT 67 have used
The perception of harm from drug (particularly marijuana) use has improved; likely due to school districts being more pro-active and the integrated county services.
