a. Probation – (Tom Milder)

Tom Milder gave a brief update on the Coastal Academy Treatment Program. The program is up and running with 6 youth (ages 14 to 17) currently enrolled in the program. The Coastal Valley Academy is working in collaboration with Family Care Network. The youths participate in an intensive treatment regimen that includes individual family treatment as well as a group curriculum that has been coordinated with
the University of Cincinnati Corrections Institute. The program will be designated as a juvenile camp, thus allowing specific state revenue money that will be used to fund Probation camps throughout the state. The youths are allowed to participate in outings once they have reached a certain behavioral level to demonstrate that they can be safe in the community. The youths are participating in Miracle Miles for Kids Foster Care Fun Run this weekend.
