

Mandatory Organic Waste Disposal Reduction Program (SB 1383) SB 1383 Waiver Application Instructions

Effective January 1, 2022, all multi-family residential dwellings and commercial businesses in the County of San Luis Obispo must comply with the State's recycling and organic waste requirements (Senate Bill 1383 Short-Lived Climate Pollutants).

The County of San Luis Obispo may waive a Commercial Business' obligation (including Multi-Family Residential Dwellings) to comply with some or all of the Organic Waste requirements of SB 1383 regulations (San Luis Obispo County Code Title 8 Chapter 8.99.060) if the Commercial Business provides documentation of the following circumstances:

- **De Minimis Waiver** Commercial businesses that generate a limited amount of organic waste may apply for a de minimis waiver if they:
 - Generate 2 or more cubic yards of solid waste per week and less than 20 gallons of organic materials per week; or
 - Generate less than 2 cubic yards of solid waste per week and less than 10 gallons of organic material per week.
- **Physical Space Waiver** Commercial businesses that demonstrate that they lack space for separate or additional green waste or food waste collection containers may apply for a physical space waiver. Commercial businesses are not eligible if the space constraints may be resolved by downsizing containers or using split containers.

Please complete this application to obtain a waiver from compliance. Staff will review the application to determine if the location is indeed eligible for a waiver. Waivers must be recertified every five (5) years. The County may revoke a waiver upon a determination that circumstances justifying the waiver are no longer applicable.

Completed applications, with accompanying photographic support, can be emailed to <u>solidwaste@co.slo.ca.us</u> or delivered to:
