

Monthly Authorized Hours $\div 4=$ Maximum Weekly Hours
 hours*

## CALCULATION OF HOURS

When determining maximum weekly hours, the state recommends dividing monthly authorized hours by 4 weeks. This will give you the number of hours you can work per week AND determine your maximum allowable overtime hours. Be sure to look at the entire month when determining your schedule with your recipient. If you work your maximum allowable hours every week, you will use up the recipients monthly hours before the end of the month.

## One Provider $\rightarrow$ One Recipient

Recipient $=\underline{\mathbf{2 0 0}}$ Monthly Authorized Hours
$\mathbf{2 0 0}$ hours $\div \mathbf{4}$ workweeks $=\mathbf{5 0}$ hrs/week
This is equal to 40 hours Regular time $+\mathbf{1 0}$ hours Overtime
10 hours Overtime $\times 4$ weeks $=40$ Overtime hours per MONTH

## One Provider $\rightarrow$ Multiple Recipients

Recipient \#1 = $\underline{\mathbf{1 0 0}}$ Monthly Authorized Hours
Recipient \#2 = $\underline{\mathbf{1 7 5}}$ Monthly Authorized Hours
Recipient \#1 $=100 \div 4=\mathbf{2 5}$ hrs/week
Recipient \#2 = 175 $\div 4=\mathbf{4 3 . 7 5} \mathrm{hrs} /$ week $=\mathbf{4 3} \mathrm{hrs} \& 45$ minutes/week
This is equal to 68 hours \& 45 minutes per week
HOWEVER, when working for more than one recipient, your max hours/week $=66$
This is equal to 40 hours Regular time $\mathbf{+} \mathbf{2 6}$ hours Overtime
26 hours Overtime x 4 weeks $=104$ Overtime hours per MONTH
*These recipients will need more than one provider to cover their monthly authorized hours*

## Multiple Providers $\rightarrow$ One Recipient

Maximum weekly hours may be divided amongst providers in any manner the recipient sees fit. Total hours worked by all providers combined in a week may NOT exceed the recipient's maximum weekly hours.

Recipient $=283$ Monthly Authorized Hours
$\mathbf{2 8 3}$ hours $\div \mathbf{4}$ workweeks $=\mathbf{7 0 . 7 5} \mathbf{~ h r s} /$ week $=\mathbf{7 0} \mathbf{~ h r s ~ \& ~} \mathbf{4 5}$ minutes/week
All providers COMBINED hours may not exceed $70.75 \mathrm{hrs} /$ week
