

## Restaurant Meals Program & You

The Department of Social Services offers a program called the Restaurant Meals Program. It is only available if you are a CalFresh recipient and you are elderly (over age 60), disabled, or homeless. This program allows these CalFresh recipients to purchase hot & prepared meals from participating restaurants in San Luis Obispo County using an EBT card.

### **How the program works:**

- You will receive your same allotment of monthly CalFresh benefits & can use them at participating restaurants.
- If you are elderly, disabled, or homeless, you will be given access through your current EBT card in order to participate in the Restaurant Meals Program.
- Look for the sign stating “San Luis Obispo County Restaurant Meals Program (RMP)” for a participating restaurant.
- Use your EBT card just as you would at the grocery store: swipe & enter PIN number to pay.

Information about your CalFresh eligibility is discussed in a separate letter called a Notice of Action. The Notice of Action will have information about your hearing rights.

If you would like more information please speak with your worker.
