<b>4. ACTION/INFORMATION/DISCUSSION</b>			
4.1 Discussion Item: Update on FY2018 and FY2019 Continuum of Care Grants	Laurel shared with the group the update on the FY2018 and FY2019 Continuum of Care Grants. Laurel explained to the group that we have heard from Housing and Urban Development (HUD) that all projects from previous years will be funded for the FY2018 round. Our area did not receive the bonus funding to serve victims of domestic violence, however, there will be an opportunity to compete for similar funding in the next		

<p>4.2 Discussion Item: State Grants to Address Homelessness</p>	<p>round. We expect to see the 2019 Notice of Funding Availability in May or June, with the County's application will be due in summer or fall.</p> <p>Laurel informed the group that Homeless Emergency Aid Program (HEAP) staff report was released, and it is posted on the Homeless Services Oversight Council (HSOC) website. There are different options to use the funding recommended by the Ad Hoc grant review committee. The HSOC will vote at tomorrow's meeting. Laurel also shared with the group that the State has released the request for proposal for 2019 funding for California Emergency Solutions and Housing Grant (CESH), which is about \$400,000. The application needs to be submitted to the state in June 2019. It is a formula allocation, not a competitive grant, and this is the last round of that funding. Laurel explained a notice of funding availability for the Emergency Solutions Grant (ESG) application has also been published. That application is due May 31 and it is a renewable grant.</p>

In addition to operating the Home Share program, they are working to create a yard share program called Tiny Home Consulting. If anyone would like to see an example of a tiny home, there is currently one at the Grange.</p> <p>Mike Hopkins provided an update on the recent Board of Supervisors hearing. The Board discussed a tiered funding system to help fill the funding gap to assist with creation of affordable housing. The board voted that this will be a pilot/trial. CEQA guidelines are now set up for more transparency for applicants. More updates to come.</p>
