The County of San Luis Obispo Department of Social Services is pleased to announce the availability of funds for the Homeless Housing, Assistance and Prevention (HHAP) program. HHAP is a \$650 million block grant program administered by the California Homeless Coordinating and Financing Council (HCFC) designed to support regional coordination and expand or develop local capacity to address immediate homelessness challenges throughout the state. Spending must be informed by a best practices framework focused on moving homeless individuals and families into permanent housing and ensuring those individuals and families to maintain their permanent housing. HHAP is authorized by AB 101 (Committee on Budget, Chapter 159, Statutes of 2019), which was signed into law by Governor Gavin Newsom on July 31, 2019.

People with disabilities are offered clear opportunities to request reasonable accommodations within applications and screening processes and during tenancy and building and apartment units include special physical features that accommodate disabilities.

Programs or projects that cannot serve someone work through the coordinated entry process to ensure that those individuals or families have access to housing and services elsewhere.

Housing and service goals and plans are highly client centered and driven.

Supportive services emphasize engagement and problem-solving over therapeutic goals.

Participation in services or compliance with service plans are not conditions of tenancy but are reviewed with clients and regularly offered as a resource to clients.

Services are informed by a harm-reduction philosophy that recognizes that drug and alcohol use and addiction are a part of some clients' lives. Clients are engaged in non-judgmental communication regarding drug and alcohol use and are offered education regarding how to avoid risky behaviors and engage in safer practices.

Substance use in and of itself, without other lease violations, is not considered a reason for eviction.

Clients are given reasonable flexibility in paying their share of rent on time and offered special payment arrangements for rent arrears and/or assistance with financial management, including representative payee arrangements as needed.

Every effort is made to provide a client the opportunity to transfer from one housing situation, program, or project to another if a tenancy is in jeopardy. Whenever possible, eviction back into homelessness is avoided.

24. Describe how the organization and project adheres to Housing First practices, particularly low-barrier access to services:
