## MEMBERS PRESENT

- Devin Drake
- Mariam Shah
- Janna Nichols
- Carlyn Christianson
- Marlys McPherson
- Jessica Thomas
- Ken Trigueiro for Rick Gulino
- Marcia Guthrie
- Grace McIntosh
- Mark Lamore for Joe Madsen
- Steve Martin
- Anne Robin
- Theresa Scott
- Tim Waag
- Elaine Archer for Scott Smith
- Shay Stewart
- Paul Worsham
- Caroline Hall
- Susan Funk

## MEMBERS ABSENT

- Adam Hill
- Kristen Barneich
- Deanna Cantrell
- Marianne Kennedy
- Charles Bourbeau
- Joe Madsen
- Scott Smith
- Amelia Grover

## STAFF & GUESTS

- Wade Horton
- Laurel Weir
- Cherise Day
- Allison Rustick
- Elaine Mansoor
- Elaine Watson
- Jeff Smith
- Jeff Wilshusen
- Brandy Graham
- Sue Warren
- Courtney Ward
- Lisa Howe

<tr>
<td>3.1 Discussion Item: U.S. Department of Housing and Urban Development (HUD) Continuum of Care Grant Program</td>
<td>Allison Rustick provided an overview of the Continuum of Care (CoC) program, and the local Request for Proposals process. Laurel Weir explained the application review and ranking process, including the scoring rubrics and how applications were ranked, including performance and severity of needs served. HUD requires that communities rank projects and place projects into Tier 1 and Tier 2. Tier 1 projects are considered “safe” and will receive funding if they meet eligibility criteria. At least one project must be placed into Tier 2 and projects in Tier 2 must compete against other projects nationally. Tier 2 is equivalent to 6% of the amount of funding it would take to renew all existing CoC projects in the County. A project that is partially located in Tier 2 and that has a budget of greater than 6% of the Annual Renewal Demand is considered to straddle Tier 1 and Tier 2 and the portion of the project funds in Tier 2 are subject to the national competition.</td>
</tr>
</tbody>
</table>
3.1.1 Action Item: Approve the Ad Hoc Grant Review Committee’s recommended prioritization of Continuum of Care Applications to be submitted to the U.S. Department of Housing and Urban Development.

There were four renewal applications received and one application for bonus funding. Based on the scoring rubrics, the committee ranked the applications as follows:

#1 Coordinated Entry Project
#2 Central Coast Permanent Supportive Housing Program
#3 SLO City Permanent Supportive Housing Program
#4 Bordeaux Expansion

The HMIS project was put into the Tier 1/Tier 2 straddle. HMIS projects receive full points in one of the major categories in the competition, making it more competitive.

Motion: Devin Drake moved to approve staff recommendation as submitted; Marlys McPherson: seconds the motion. All in favor; None opposed. Motion carried.

Those who abstained: Janna Nichols, Carlyn Christianson, Grace McIntosh and Mark Lamore.
| 3.2 Discussion Item: HUD Mainstream Voucher Program | Laurel Weir reported HUD had issued a Notice of Funding Availability for the Mainstream Voucher program that would provide incremental (i.e. new) vouchers. The Housing Authority of San Luis Obispo (HASLO) will be submitting an application for the vouchers. To be competitive for the vouchers, HASLO needs a Memorandum of Understanding with the CoC’s Coordinated Entry System (CES), stating the CES agrees to make referrals to the housing priority list for the vouchers. Elaine Archer noted that the vouchers are restricted to non-elderly, disabled, participants 18-62 yrs., who must meet the Federal definition of being disabled. HASLO is proposing to target the vouchers to persons experiencing homelessness and those at risk of homelessness. She also explained how incremental vouchers would increase the housing resources available to serve low-income persons in the County. |
| 3.2.1 Action Item: Authorize Continuum of Care Coordinated Entry System referrals to make prioritized client referrals and provide other assistance as appropriate to the Housing Authority of San Luis Obispo’s HUD Mainstream Voucher Program |
| 3.3 Discussion Item: Homeless Encampments |

**Motion:**

*Shay Stewart* moved to approve; *Anne Robin* seconds the motion. All in favor; no abstentions, none opposed. Motion carries.

<tr>
<th>3.3.1 Ad Hoc Homeless Encampment Committee</th>
<th>The previous full HSOC committee agreed to authorize the creation of an ad hoc homeless encampment committee. Laurel discussed how to begin soliciting interest via mailing list. The Chair thought wanted the committee to discuss whom to invite and who should Chair the committee. Laurel suggested the Committee could be divided into functional subcommittees, e.g. one group for Public Health issues, another for Law Enforcement issues, another for Trash and Water issues, etc.. Janna recommended convening a steering committee. Identify a working mission statement (purpose), create a work plan and timeline, then invite those with expertise to come. After further discussion of possible foci for the committee and partners, it was agreed that a Steering Committee should be formed. Laurel announced the Central Coast Water Board Water Quality Board was having a forum on homelessness in October. The forum will focus on the intersection of homelessness and</th>
