RESOLUTION NO. 2021-001  

A RESOLUTION OF THE WORKFORCE DEVELOPMENT BOARD ACKNOWLEDGING GOVERNOR NEWSOM’S PROCLAMATION OF A STATE OF EMERGENCY AND AUTHORIZING MEETINGS BY TELECONFERENCE MEETINGS FOR A PERIOD OF THIRTY DAYS PURSUANT TO THE RALPH M. BROWN ACT  

The following resolution is now offered and read:  

WHEREAS, on March 4, 2020, Governor Newsom issued a Proclamation of State of Emergency in response to the COVID-19 pandemic; and  

WHEREAS, the proclaimed state of emergency remains in effect; and  

WHEREAS, on March 17, 2020, Governor Newsom issued Executive Order N-29-20 that suspended the teleconferencing rules set forth in the California Open Meeting law, Government Code section 54950 et seq. (the “Brown Act”), provided certain requirements were met and followed; and  

WHEREAS, on June 11, 2021, Governor Newsom issued Executive Order N-08-21 that clarified the suspension of the teleconferencing rules set forth in the Brown Act, and further provided that those provisions would remain suspended through September 30, 2021; and  

WHEREAS, on September 16, 2021, Governor Newsom signed AB 361, allowing legislative bodies subject to the Brown Act to continue meeting by teleconference if the legislative body determines that meeting in person would present imminent risks to the
health or safety of attendees, and further requires that certain findings be made by the legislative body every thirty (30) days; and

WHEREAS, California Department of Public Health and the federal Centers for Disease Control and Prevention (“CDC”) caution that the Delta variant of COVID-19, currently the dominant strain of COVID-19 in the country, is more transmissible than prior variants of the virus, may cause more severe illness, and that even fully vaccinated individuals can spread the virus to others resulting in rapid and alarming rates of COVID-19 cases and hospitalizations (https://www.cdc.gov/coronavirus/2019-ncov/variants/delta-variant.html); and

WHEREAS, the CDC has established a “Community Transmission” metric with 4 tiers designed to reflect a community’s COVID-19 case rate and percent positivity; and

WHEREAS, the County of San Luis Obispo currently has a Community Transmission metric of “high” which is the most serious of the tiers; and

WHEREAS, in the interest of public health and safety, as affected by the emergency caused by the spread of COVID-19, the Workforce Development Board deems it necessary to find holding in person meetings would present imminent risks to the health or safety of attendees, and thus intends to invoke the provisions of AB 361 related to teleconferencing.

AJCC Outreach –

**AJCC Outreach - Participant and Business**

Increased COVID rates reversed the return to in-person events/meetings with several Chamber events and community agency meetings being canceled this quarter. There remains a high demand from employers for recruit-screen-refer and subsidized employment support while Eckerd continues to see low job seeker participation rate. Eckerd’s outreach efforts to community partners have mixed outcomes. Staff will continue to outreach and attempt regular, routine co-location with partners and get agendized to share information to staff at referral agencies.

Corrective Action Plan
A corrective action plan is submitted when there is a 10% or more deviation between planned performance and actual performance, addressing how contracted goals will be achieved. Eckerd’s focus will be on Increasing Outreach Efforts, Local Oversight, and Increasing Work Experience Expenditures.
Eckerd has proposed the following areas to target client enrollments and enrollments in training.

1. Increase Outreach efforts
   - Staff and management will maintain a strategic outreach plan that identifies new partner engagement opportunities, marketing strategies and specific staff goals.
   - Eckerd management will provide feedback, support, recommendation to expand efforts of local team.

2. Local Oversight
   - Management will continue to meet weekly with program staff to discuss progress towards contract enrollment goals.
   - Interim Supervisor will conduct monthly supervision sessions with each staff to further identify strategy and training needs.
   - The Senior Operations Director will meet bi-weekly with Interim Supervisor to review recruitment activities and ensure contract goals and the CAP is being met as outlined in this document.

3. Develop strategies to increase system engagement (leading to increased client enrollment)
   - Include new partners in Quarterly Partner Meetings (beginning Q2 21-22)
   - Conduct follow-up with each partner attending the Quarterly Meetings to encourage further engagement
   - Identify referral processes with each partner

4. Increase Client Enrollments
   - Maintain and expand, as appropriate, strategic outreach plan targeting hard-to-serve individuals.
   - Case staffing with other grant funded programs to determine suitability for co-enrollment.
     - Follow up with individuals who don’t show for orientation/eligibility determination to determine cause and re-engage
     - Reminder call to clients before orientation/appointment

5. Performance Management
   - Review Quarterly Performance reports with entire program team
• Develop plan for increasing follow-up activity, including increased frequency, modes of contact, and strategies.
• Define re-engagement strategies for staff conducting follow-up

6. Increase Training Expenditures
• Conduct targeted training program outreach via social media and through distribution of information to partner agencies
• Increase OJT Opportunities through reverse referrals with employer partners and training providers
• Workforce development Specialist will engage with 100% of employers targeted on job-ready participants 8 Places list and identify outcomes/potential for OJT
• Target ITA and OJT expenditures to $38,000 per quarter (NOTE: Eckerd will review the current quarterly goal and align to meet what is listed in the contract)
Shane came into the Dislocated Worker program at America’s Job Center after the entertainment industry, where he worked as a stuntman, collapsed during the pandemic. He had concerns about what to do next but was enthusiastic to work with our team of coaches.

He had spent 29 years in the same highly specialized field, and he had concerns about where to go next, and what skills he had to bring to employers. We explored which fields might make sense for him to transition to, and what fields would be sustainable. Once he made some decisions, Shane was concerned about his limited resume and his ability to interview. After attending Eckerd workshops and mock interview, Shane found the confidence to build a cover letter and resume, apply and interview for multiple jobs.

After very few interviews Shane discovered that employers were very eager to work with him! He now works for a drivers’ training company that provides him with the pay and flexible schedule that he desired.

Shane says:

“I think I would have been lost and uneducated in the workforce that's out there… My Career Coach was so perfect for my not so normal job.”

Eckerd Youth Contract Performance Report

Youth Enrollment

A total contract goal of 80 new youth enrollments was planned for PY 2021-22.

Youth Outreach

Youth Outreach - Participant
Eckerd reports gaining traction with partner agencies with their outreach efforts. Career Coaches are dedicating a minimum of 15 hours per week to direct outreach through events, partner contacts, and co-location. Partner agencies serving similar demographics also indicate they are experiencing low numbers of youth enrollments. Staff are trying strategies such as attending Farmer’s Markets, Halloween Trick or Treat events, and any other event to get them in front of larger groups of individuals. Eckerd is utilizing social media, boosting posts, and offering various services to see what may engage youth.

Youth Outreach – Business
Eckerd business engagement has been very successful. The barrier lies in not having sufficient candidates to refer to open positions. Eckerd has partnerships but unfortunately did not have youth to place. Eckerd is hoping as enrollments increase that they will have some youth to fill positions as an ongoing employer site.

Corrective Action Plan

A corrective action plan is submitted when there is a 10% or more deviation between planned performance and actual performance, addressing how contracted goals will be achieved. Eckerd’s focus will be on Increasing Outreach Efforts, Local Oversight, and Increasing Work Experience Expenditures.

To address outreach efforts Eckerd intends to maintain, and expand as appropriate, existing outreach plan with Career Coaches participating in outreach/recruitment in the community at minimum 15 hours per week. Also, target ISY-serving agencies to promote services available through State waiver.

To address Local Oversight, the Sr. Ops Director and Interim Supervisor will continue to meet weekly to discuss progress towards contract enrollment goals and update Outreach Plan. Each staff will submit a Weekly Report detailing activities and progress.
