ORDINANCE NO. 3557

ORDINANCE AMENDING COUNTY FEE SCHEDULE

The Board of Supervisors of the County of San Luis Obispo, State of California, ordains as follows:

SECTION 1: The Board finds and determines:

a. That it has the authority to revise fee charges for providing any product, service, or enforcement of various regulations under the general laws of the State of California, including Government Code Sections 54985 et seq. and 66010 et seq.

b. The Board has adopted a policy (Resolution No. 75-396) requiring the County Administrator and the Auditor-Controller to annually review changes in fees and charges for specific County products, services and costs of enforcement with the departments making those charges, and make recommendations to this Board as to whether said charges should remain the same, be increased or be decreased.

c. On November 12, 2024, Ordinance No. 3520 was adopted establishing or reaffirming all county fees. Said ordinance, and any other ordinances subsequently adopted amending the fee schedule, shall continue in effect unless modified by this ordinance. All fees to be charged in calendar year 2026 as set out in Schedule "A" or in Fiscal Year 2026-27 as set forth in Schedule "B" of this ordinance have been subject to review by the County Administrator and the County Auditor-Controller. All fees presented on Schedule "A" and Schedule "B" are attached and incorporated by reference herein.

d. The Auditor-Controller has certified to this Board that the overhead rates are calculated in accordance with accounting standards set by the Federal Government's Office of Management and Budget, in accordance with Title 2 in the Code of Federal Regulations (2 CFR), Subtitle A, Chapter II, part 225.

e. The fees and charges shown on Schedule "A" and Schedule "B" hereto reflect the Board approved charges for providing any product or service, or the cost of enforcing any regulations, which are limited to those items included in the Federal Office of Management and Budget 2 CFR, Subtitle A, Chapter II, part 225; provided, however, that fees for zoning and planning matters, including municipal and district organizational and re-organizational matters, as specified in Government Code Section 66016, do not exceed estimated reasonable costs of those services for which the fees are charged.

f. Capital facilities fees do not exceed actual construction costs as defined in Government Code Section 54999.1.

g. By definition, these charges are not a "tax" and are exempt from voter approval pursuant to California Constitution Code Article XIIC, section 1, paragraph (e)(1)[charge for specific benefit conferred]/(2)[charge for specific service provided]/(3)[charge for issuing license or performing inspection]/(4)[charge for use of government property]/(5)[fine or penalty imposed for violation of law] (Prop.26).

h. Public Notice has been given in accordance with Government Code Sections 66016 and 66018.

SECTION 2: The fee schedules are amended as follows:

a. That the fee changes attached and incorporated by reference herein shown on Schedule "A" as "proposed fees" are hereby approved, and shall be effective January 1, 2026.

b. That the fee changes attached and incorporated by reference herein shown on Schedule "B" as "proposed fees" are hereby approved, and shall be effective July 1, 2026.

SECTION 3: All departmental managers and divisional managers whose services are listed in said Schedule "A" and Schedule "B" are hereby directed to amend their fees for services to the rate shown in Schedule "A" and Schedule "B" as "proposed fees", including all additions or deletions.

SECTION 4: This ordinance shall take effect and be in full force and effect as set forth in Section 2 above; and before the expiration of fifteen (15) days after passage of this ordinance, it shall be published once with the names of the members of the Board of Supervisors voting for and against the ordinance in a newspaper of general circulation published in the County of San Luis Obispo, State of California.

INTRODUCED at a regular meeting of the Board of Supervisors held on 4th day of November 2025 and **PASSED** and **ADOPTED** by the Board of Supervisors of the County of San Luis Obispo, State of California, on the 18th day of November 2025.

Department Name: County Counsel

Fund Center: 111

Footnote #	Footnote Narrative
1	Hourly fee for legal services is calculated using the most current Indirect Cost Rate Proposal (ICRP) prepared by the Auditor's Office.
3	Fees for conservatorship matters involving an estate comply with Probate Code section 2942(b) that says in part: "Compensation for services of the public guardian and the attorney of the public guardian, and for the filing and processing services of the county clerk or the clerk of the superior court, in the amount the court determines is just and reasonable." The initial case set-up, preparation of pleadings and appearances by counsel for an uncontested case is a minimum of five hours. For a contested case that requires a court trial, witness preparation, etc., but is fairly uncomplicated a minimum of nine hours is required. These hours are charged at the hourly rate to determine the cost to an estate for the initial case set up, preparation of pleading and court appearances. These rates are used as guidelines in petitioning the court for what counsel feels is just and reasonable, but the court retains authority at any and all times in awarding fees. If a case becomes more complicated such that discovery ensues, extended discussion with counsel, medical personnel, and family members occurs and the time exceeds that which is identified above.

Footnote #	Footnote Narrative
1	The department reviewed the time studies, pertinent code sections, and reasonableness of the current fees. Direct costs have been added where applicable.
9	The timeshare separate bill fee is a composite fee between the Tax Collector and Assessor's offices. The fee reflects the additional cost required to split a single property into as many as a hundred separate timeshare segments. Due to many variable factors the Assessor's actual cost cannot be calculated until the work is completed, but is typically \$.30 to \$.40. This amount once calculated will be added to the Tax Collector's fee and the total applied to the timeshare property tax bills by the Auditor. The revenue from this fee is Non-Departmental General Fund revenue.
11	Actual charges will be based on time keeping in the County's accounting system
13	This fee recovers the costs of operating the County Cannabis Tax Compliance Program. The costs recovered include TTC Division and AC Division staff time, and the costs of conducting cannabis tax audits. Per Board direction, these costs are to be passed on to cannabis license holders.
14	This fee is intended to recover the full cost of administering the application for a Commercial Outdoor Entertainment License pursuant to Section 6.56 of the County Ordinance. The proposed fee is intended to be a deposit to be paid at the time of application. If the processing cost of an application, including departmental review and approval hearing before the Board of Supervisors will be substantially in excess of the fee, which is collected at time of application, the applicant will be notified before the notice of public hearing is scheduled that the total processing cost will be determined by full cost recovery techniques and that additional charges (invoices) may be forthcoming. Invoices not paid within 30 days of billing will have all processing of the event application stop until the invoice is paid in full. Billing for additional time required to obtain a fully completed application with the documentation required for departmental reviews will result in charges pursuant to the 6.56 Event Hourly fee of \$229 per hour.

Footnote #	Footnote Narrative
1	Surcharge based on a multiple of the initial fee. Set as a deterrent to discourage multiple violations and a means of achieving compliance of code.
2	Fee based on comparable rates with other entities. The division is sensitive to fee increases that would discourage pet redemptions/adoptions and result in overcrowding at the shelter.
3	Fee is set using a comparable fee survey using surrounding shelters.
5	In addition to the County approved fees, an additional State surcharge may be applicable and is subject to change after this publication.
9	Investigation costs and charges vary accordingly-and include payroll costs of staff involved (both ASD and other agencies), supplies associated with the investigation, any animal care associated (boarding, vet exams, medical, food), and any other administrative costs (copies, postage, etc.).
10	The standard commercial value of the animals for which this fee applies substantially exceeds the cost to perform the adoption service. Fee is set above full cost recovery to be consistent with market value and promote placement of these animals into homes willing and able to meet their special and extensive care requirements.
11	Provides for recovery of costs associated with impound of livestock, exotic, and non-traditional animals.
16	Waived for dog wearing current license
17	501C3 designated non-profit operations will be exempt from commercial permit fee.
18	Animal impound fees are assessed to cover vaccination, microchipping, and other processing costs incurred in association with the intake of animals found roaming at large. A discount is applied to first and second time impounds to promote reclaim of animals without a significant history of running at large. Conversely, FCR is assessed for third impounds, while all subsequent impounds are subject to an additional fine assessed to incentivize owners to exercise responsible management and confinement of their animals.

Footnote #	Footnote Narrative
1	An hourly rate is added for those that require more than the projected average number of staff hours. A minimum of 2 hours may be charged for plan check consultations and plan reviews for prepackaged incidental retail food sales or other incidental plan reviews that typically involve one field visit. It is also used when conducting CEQA related reviews for well construction permitting. The hourly rate can be added for mobile food commissaries and those facilities that require more than the projected average number of staff hours.
2	Move towards Board of Supervisors policy of full cost recovery.
3	Veterans with an honorable discharge operating a business in the incorporated and unincorporated areas of the county and subject to these fees will receive an exemption from health permits as authorized by the Business and Professions Code, Sections 16000 et seq.
4	Non-profit organizations with proof of non-profit status will receive an exemption from these Environmental Health Fees, for up to four events per year.
5	Non-profit organized camps are exempted from the fees in this program.
6	In addition to the County approved fee, an additional State surcharge is applicable and is subject to change after this publication.
7	A fee reduction equivalent to 1/2 hour of the BOS authorized hourly rate shall be applied when CUPA facilities are subject to two or more programs.
8	This fee will be charged at 1.5 times the hourly rate when work is performed during overtime conditions.
9	In addition to unscheduled reinspections, the hourly rate will be applied to facility/site inspections or other services where there is not an applicable health permit (i.e.: biosolids, unpermitted housing complaint site inspections, California Assembly Bill 1276 {2021-2022 session} enforcement, etc.). Planning and Building and/or Sheriff may collect the fee on behalf of Environmental Health Services for joint inspections/investigations or other unpermitted activities.
11	Environmental Health may authorize a consultant to review and oversee site remediation/clean up projects. Review and oversight consists of but is not limited to review site work and safety plans, oversee customer field work to verify compliance with site health and safety plans, review phase 1 and phase II site investigation reports and provide verbal and written reports to Environmental Health regarding additional work needed, provide draft recommendations regarding site closure and/or required mitigation. Actual cost of consultant is charged to the customer and passed through to the consultant.
12	In the case of a new business required to pay an annual fee pursuant to resolution of the Board of Supervisors, annual fees shall be prorated on a Quarterly basis for the remaining part of the year, however no fee shall be prorated to an amount less than the BOS approved hourly rate.
13	This fee will be charged for consultant services such as technical geology review for the well program. Actual consultant costs incurred by Environmental Health Services are charged to the permit applicant.

Footnote #	Footnote Narrative
14	<p>Consistent with the action taken by the Board of Supervisors on August 27, 2013, the Health Officer, by and through her environmental health officers or duly authorized representatives, is delegated the authority to waive well construction permit fees in connection with the replacement of a domestic well that has gone dry if she finds that all of the following conditions have been met: (1) the well owner submits a letter of explanation documenting the failure of the current domestic well to provide adequate water (dry well) (such letter could include a statement from a licensed and bonded well drilling contractor verifying the well failure, the well completion report or driller's log for the dry well, the original permit issued by the Health Officer for the dry well and receipts for hauled water to the subject property); (2) the well owner verifies that the dry well was drawing groundwater from an area that has been certified as Level of Severity III as part of the County's Resource Management System by locating said dry well accurately on a map and by providing the Assessor's Parcel Number, section/township/range, street address and GPS coordinates of the location of the dry well/property; and (3) a licensed and bonded well drilling contractor submits a well construction permit for a new domestic well to replace the dry well.</p>

Footnote #	Footnote Narrative
1	Sliding fee scale based on household income and number of dependents.
2	Under the authority of the Health Officer and mandate of the Department of Public Health to prevent the spread of communicable diseases or occurrence of additional cases (California Health and Safety Code section 120175), fees may be waived or reduced to an amount a patient is able to pay.
3	All significant supplies and medications are additional at a rate not to exceed direct and indirect costs.
4	The Nursing unit uses office visit procedure codes defined by Medi-Cal CPT codes established by the American Medical Association. These office visits include staff time associated with the procedure. Associated supplies are added to office visit based on a quarterly updated supply list as referenced in Footnote #3.
5	The charges do not include Public Health Laboratory fees. Please see Public Health Laboratory fee schedule for specific laboratory tests.
7	In high-risk cases/situations where the health and well being of a client or the public are deemed to be at public health risk, Public Health Nurse Case Managers/Public Health Nurse Supervisors are authorized to waive required fees.
8	Fees may be reduced to comply with state or federal mandates and funding available. Fees may also be reduced to comply with program requirements such as the California Vaccines for Children (VFC) Program reduced rate.

Footnote #	Footnote Narrative
1	Under the authority of the Health Officer and mandate of the Department of Public Health to prevent the spread of communicable diseases or occurrence of additional cases (California Health and Safety Code section 120175), fees may be waived or reduced to an amount a patient is able to pay.
2	Sliding fee scale based on household income and number of dependants.
3	Fees may be reduced to comply with state or federal mandates and funding available.
4	At the discretion of the laboratory director, a substitute test may be used in place of an ordered test if the substitute test has comparable or superior performance characteristics and minimally detects all targets of the ordered test. Circumstances that may prompt substitution include supply inventory and overall cost efficiency. The fee charged will be the lower fee between the substitute and ordered tests.
