**Department Name:** Health Agency - Animal Services  
**Fund Center:** 137

Footnote #	Footnote Narrative
1	Surcharge based on a multiple of the initial fee. Set as a deterrent to discourage multiple violations and a means of achieving compliance of code.
2	Fee based on comparable rates with other entities. The division is sensitive to fee increases that would discourage pet redemptions/adoptions and result in overcrowding at the shelter.
3	Fee is set using a comparable fee survey using surrounding shelters.
5	In addition to the County approved fees, an additional State surcharge may be applicable and is subject to change after this publication.
9	Investigation costs and charges vary accordingly-and include payroll costs of staff involved (both ASD and other agencies), supplies associated with the investigation, any animal care associated (boarding, vet exams, medical, food), and any other administrative costs (copies, postage, etc.).
10	The standard commercial value of the animals for which this fee applies substantially exceeds the cost to perform the adoption service. Fee is set above full cost recovery to be consistent with market value and promote placement of these animals into homes willing and able to meet their special and extensive care requirements.
11	Provides for recovery of costs associated with impound of livestock, exotic, and non-traditional animals.
13	Service unit increase is attributed to an increase in low cost clinic opportunities, along with walk in hours at the shelter location.
14	In order to minimize unwanted or unexpected reproduction of certain standard animals, particularly female rabbits, Animal Services routinely has them surgically sterilized in advance of their adoption. This fee will partially offset the costs associated with the provision of that surgery.
15	Discount issued for any animal that is wearing a current ID or has a Microchip providing valid owner contact information on first impound event. (Not issued for sequential impounds).
16	Waived for dog wearing current license
17	501C3 designated non-profit operations will be exempt from commercial permit fee.
