Bulletin 2025-03 – December 29th, 2025

URGENT

PLEASE POST

2026 Protocol, Formulary, Procedures and Policies

The San Luis Obispo County Emergency Medical Services Agency (SLOEMSA) would like to thank everyone for attending our Annual Update Class. We understand your time away from work is valuable.

Additionally, we appreciate everyone's input, thoughtful questions, and experience brought to the class so we can work together to produce meaningful changes for you all.

You will find three attachments – first will include the new policies, second will include the new protocols, formularies and procedures. The third attachment will outline new ePCR updates and some additional helpful documentation information.

Please be aware:

- Magnesium Sulfate administration in Protocol #616 will come **before** considering Epi administration – as this is in line with best practice.
- Magnesium Sulfate added for eclampsia in Hospital Base Order Section of Protocol #620
- Drowning has been updated to Protocol # 632 listed under Environmental

All live documents will be available on the SLOEMSA website on January 1st, 2026.
