COUNTY OF SAN LUIS OBISPO
DEPARTMENT OF PLANNING & BUILDING

Courtesy Notice

WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW ("Courtesy Notice")
The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that these considerations become a part of the decision-making process. The following is a summary of the most recent determinations made by the County's Environmental Coordinator; these weekly Courtesy Notices can be viewed online at Courtesy Notices, Weekly -- Summary Listing of Environmental Documents Available for Review - County of San Luis Obispo. The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County. You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be addressed to the Environmental Coordinator (address at end of document). For more information about the environmental review process, please visit: Environmental Review - County of San Luis Obispo .

For the week of October 11, 2026 to October 18, 2026 *(click each individual project title to view the documents on PermitSLO)*

1. Mitigated Negative Declaration
DRC2019-00132 Rocky Canyon Quarry Expansion CUP

SCH Number: 2026100587

Request by CalPortland for a Conditional Use Permit ("CUP") to expand quarry operations at their Rocky Canyon Quarry to include Phases 3, 4 and 5 as set forth in the 2002 Rocky Canyon Quarry Specific Plan ("Specific Plan"). The proposed expansion will result in an area of disturbance of about 82 acres and would enable the extraction and processing of an additional 30,843,000 cubic yards (67,854,600 tons) of aggregate which would extend the 'life' of the quarried products by about 57 years. The project also includes a request to amend condition No.37 of the Development Plan/Reclamation Plan to alter the design standard for interim graded slopes to reduce the bench width from 15 feet to 12.5 feet. The site consists of three lots of record with a combined area of 286.5 acres located about one mile southeast of the City of Atascadero on Rocky Canyon Road within the El Pomar/Estrella Sub-Area of the North County Planning Area. The project site is within the Agriculture and Rural Lands land use categories and is subject to the Extractive Resource Area combining designation.
