

WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW

The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that environmental considerations become a part of the decision-making process. The following is a summary of the most recent determinations made by the County's Environmental Coordinator. The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County.

You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be in writing and should be delivered to:

Ellen Carroll, Environmental Coordinator, Department of Planning and Building, 976 Osos Street, Room 300, San Luis Obispo, CA 93408-2040. For more information about the environmental review process, please write to the address above, call the Department of Planning and Building at (805) 781-5600, or review the environmental determination and other information on our website located at <http://www.slocounty.ca.gov/Departments/Planning-Building.aspx>

Proposed Negative Declarations

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

For the week of February 14th, 2018

Templeton Area

PMT2016-07218 (ED17-081)

Request by Niner Wine Estates LLC and Heart Hill Vineyard II LLC for a major grading permit to construct a 5 acre-foot agricultural reservoir to be used as water storage to irrigate 89 acres of wine grapes. The project would result in the disturbance of approximately 1.75 acres (76,253 square feet) including approximately 6,388 cubic yards of cut and 6,388 cubic yards of fill, on multiple parcels totaling 288 acres. The proposed project is within the Agriculture land use category and is located on 2680 Hwy 46 West, Paso Robles, CA 93422. Parcel number 040-111-029, 040-111-030, 040-111-031, 040-051-004, is located in the Templeton Advisory Committee, while the remaining three parcels are located east just outside of the community boundary line. The site is in the Adelaida sub area of the North County planning area.

Lopez Lake / Salinas Reservoir

300591.03 (ED17-144)

The County of San Luis Obispo Flood Control and Water Conservation District (District) is proposing a Winter Cloud Seeding Program for Lopez Lake and Salinas Reservoir (project). The project objective is to increase precipitation in the Lopez Lake and Salinas Reservoir watersheds during winter precipitation events. The seeding program would use a combination of approximately eight ground-seeding sites and aircraft. It has been estimated that precipitation increases would be between 9% and 17% in the reservoir watersheds. The ground seeding sites are located in the inland portions of the San Luis Obispo and South County planning areas. The reservoir watersheds are located primarily in the North County and South County Planning Areas and Supervisorial Districts 3, 4, and 5. Copies of the proposed Mitigated Negative Declaration and the documents referenced in the Mitigated Negative Declaration are available for review at the County of San Luis Obispo Department of Public Works, 976 Osos Street, County Government Center Room 206, San Luis Obispo, CA 93408. The documents are also available online at:
